An NBC Universal
Owned and Operated
Television Station

September 3, 2006

To whom it may concern:

This is a letter of recommendation for Michael Gualtieri. It was my pleasure working with Michael at NBC 30. During his internship, he displayed many of the qualities needed for success in television or any other business.

As an intern, Michael's main responsibilities were logging tapes, producing shots sheets and assisting in the sports department.

Michael takes the initiative and looks forward to new challenges. He is very outgoing and gets along well with people. He is a team player. He's very knowledgeable about sports and cares deeply about the finished product. He's smart and driven. With continued hard work, an ethic he's already shown, I think he can reach his goals and help your company reach its goals.

If you have any questions about Michael's internship, I would be happy to answer any questions. I can be reached at (860) 313-4263 or Kevin.Nathan@nbcuni.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin Nathan", written over a light-colored background.

Kevin Nathan
Sports Director
NBC 30
