To Whom It May Concern:

This is a letter of recommendation for Michael Gualtieri. Michael has worked for four years as student manager for the Boston College men's basketball program.

As a student manager, his responsibilities included assisting in the day to day operations while also overseeing all of the other managers. He attended daily practices, helped coaches conduct drills, and made sure all the basketball equipment was in place before, during, and after practice.

He was also present at all home games and traveled frequently with the team on the road. At home games, his duties included setting up the visitors and referees locker rooms as well as tending to the needs of coaches and players during the games. When traveling, Michael was responsible for all team equipment and assisted our travel coordinator with all travel related details.

He is an incredibly hard working, focused, and mature person who was an absolute pleasure to have around for four years. If you have any questions, please don't hesitate to call me in the Boston College basketball office at #(617) 552-3006.

Sincerely,

Patrick J. Duquette
