

To whom it may concern

Derek Miceli has done a great job working with our men's basketball program. He's been a great resource for us not just in doing live broadcasts for games, but has been extremely pleasurable to work with. The weekly coaches show we have had are always done in a first class manor and provides not just the coaches but our student athletes with a great experience. On the road Derek has been very easy to work with, and while being part of our trips he's been very professional and added a tremendous resource to our travel party. Throughout my coaching career I've worked with numerous different radio guys, and Derek has been great in every way. Our players and myself really appreciate his hard work and the expertise he brings to his job. We'd love to continue working with Derek.
