Welcome to Mantis

Mantis curated hotels, eco-lodges and waterways are travel experiences located all over the world. Sustainable travellers have been enjoying eco-tourism, safaris and adventure travel with Mantis since 2000. Rooted in conservation, Mantis pursues sustainable business practices and develops tourism products that are respectful of the environment and communities in which they operate.

Mantis consistently curates, collects and discovers destinations and experiences that stir the soul, defy expectation and live in the heart forever. Where extraordinary experiences nurture conservation and enrich communities. At Mantis we recognise that every interaction with our guests, our environment and our local communities is an opportunity to make a positive impact.

We achieve our sustainability goals through Mantis Impact and the Community Conservation Fund Africa (CCFA), the Official NGO Partner of Accor and the Fairmont and Mantis Brands.
