TORMEY SOCCER SCHOLARSHIP  
*for*  
Student Athletes  
*participating in*  
Soccer  
*at the*  
University of Northern Colorado

---

**M**ichael Tormey was born on January 18, 1950 in Greeley, Colorado. He attended the University Lab School and received his B.S. ('72) and M.S. ('77) in Business from UNC. In 1995 Mike was awarded the Presidential Service Award from the UNC Alumni Association. He is currently the President of Advantage Networks Systems, Inc., Northern Colorado Credit Bureau Service, Inc. and Northern Colorado Process Servers, Inc.

Judy Lynn (Best) Tormey was born in 1950 in Albion, Nebraska. She is the oldest of three children born to Warren (Bud) Best and Yvonne Best. They moved to Greeley in 1957 and have resided here since. Judy graduated from Greeley Central High School in 1968. In 1973 she received a Bachelor of Science in Nursing from UNC. Judy worked as a registered nurse at North Colorado Medical Center from 1973-1996.

Judy's family has a long history with UNC. Her father received his master's degree from Colorado State College (now UNC) in 1950. He served UNC from 1957-1986 as a coach in football, baseball and swimming, then later as Placement Director. Judy spent many hours as a youngster following her Dad to athletic events in the days of Pete Butler, John Hancock, Joe Lindahl, Jules Doubenmeier and Jack LaBonde. Her mother worked in the UNC Bookstore from 1978-1999. Judy and her sister, Sue McCarroll (Honored Alumna 1999) are both UNC graduates.

Mike and Judy were married in 1970 and are blessed with three wonderful children: Sarah, Adam and John. It is through their children that their passion for soccer began. Sarah started in the fall of 1982, Adam continued and John finished the Tormey soccer participation in 2000. For eighteen years they were typical soccer parents, living and breathing the game with countless hours on the road to and from matches. It is a time in their lives they look back on fondly. One of their last family vacations before their children started college was to attend the World Cup matches in Boston in 1992.

The Tormey family has resided in Weld County for five generations. They have a great affection for the roots of education, culture and community service represented by the university. Mike and Judy worked their way through college and appreciated the fruits of their hard work. They recognize that student athletes who work equally as hard as they did will benefit from the financial assistance they can now provide. Women's sports may not always attract all the support needed, while the needs of the athletes are no less. Mike and Judy are honored to sponsor a scholarship for UNC Women's Soccer. GO BEARS SOCCER!

---

The Michael C. and Judy L. Tormey Athletic Scholarship is awarded to student athletes participating in soccer.

The University of Northern Colorado Foundation is pleased to recognize the generosity of Mike and Judy Tormey, who provided the gifts to create this fund to perpetuate excellence in collegiate sports.
