

## THE DENVER BRONCOS ATHLETIC SCHOLARSHIP

*for*  
Outstanding Senior Varsity  
Intercollegiate Athletes  
*at the*  
University of Northern Colorado

---

**F**or 40 years the Denver Broncos Football Club, in cooperation with many community development partners, has committed both financial support and the time of players, coaches and staff to the communities in which they live and work. The Denver Broncos Football Club has been a prominent fixture at the University of Northern Colorado since 1982, when they first came to Greeley for summer training camp. From funding assistance to their annual training camp visit, the Broncos have been an important asset. In the past the Broncos organization has aided in the funding of the lights on the Butler Hancock fields, the expansion of the athletic training room and the construction of the weight training facility. The sponsorship of the "Broncos/UNC Centennial Scholarship Rally," held on May 13, 1989 is an example of the support of the University of Northern Colorado by the Denver Broncos Football Club.

The Denver Broncos Athletic Scholarship was established in 1991 and is awarded to one male and one female senior varsity intercollegiate athlete selected from nominations by the head coach of each respective sport. The purpose of this endowment is to provide outstanding athletes the opportunity to pursue sports at the Division II level at UNC and to obtain a quality education. This endowment also signifies the strong relationship between the Denver Broncos Football Club, the Greeley community, and the University of Northern Colorado.

The University of Northern Colorado Foundation is pleased to recognize the generosity of the Denver Broncos Football Club, which provided the gift to create this permanent fund to perpetuate excellence in Athletics.
