Summer 23 ✿ Seasonal Prints

Clouds*

Grass*

Pool*

*NOTE on fabric content: These three prints (Clouds, Grass, and Pool) use a different printing technique than other BAGGU ripstop nylon designs for SU23. They have more than seven ink colors, and are printed on 100% recycled ripstop polyester, a new fabric in the BAGGU line. The hand feel and durability of the recycled ripstop polyester is very similar to our recycled ripstop nylon.
