\* Chartered Retirement Planning Counselor is a professional designation awarded by the College of Financial Planning to persons who complete a course of studies focused on retirement, both pre- and post- retirement needs and planning, asset management, and estate planning. The course employs real client situations in its models. The candidate must pass a three-hour end-of-course examination (with 70% or better) that tests the student's ability to use and apply the complex, theoretical concepts to real-life scenarios. The persons who attain the designation must also agree to comply with a "Standards of Professional Conduct" and are subject to renewing the designation every two years with 16 hours of continuing education and to a disciplinary process for any transgressions of ethical standards.
