

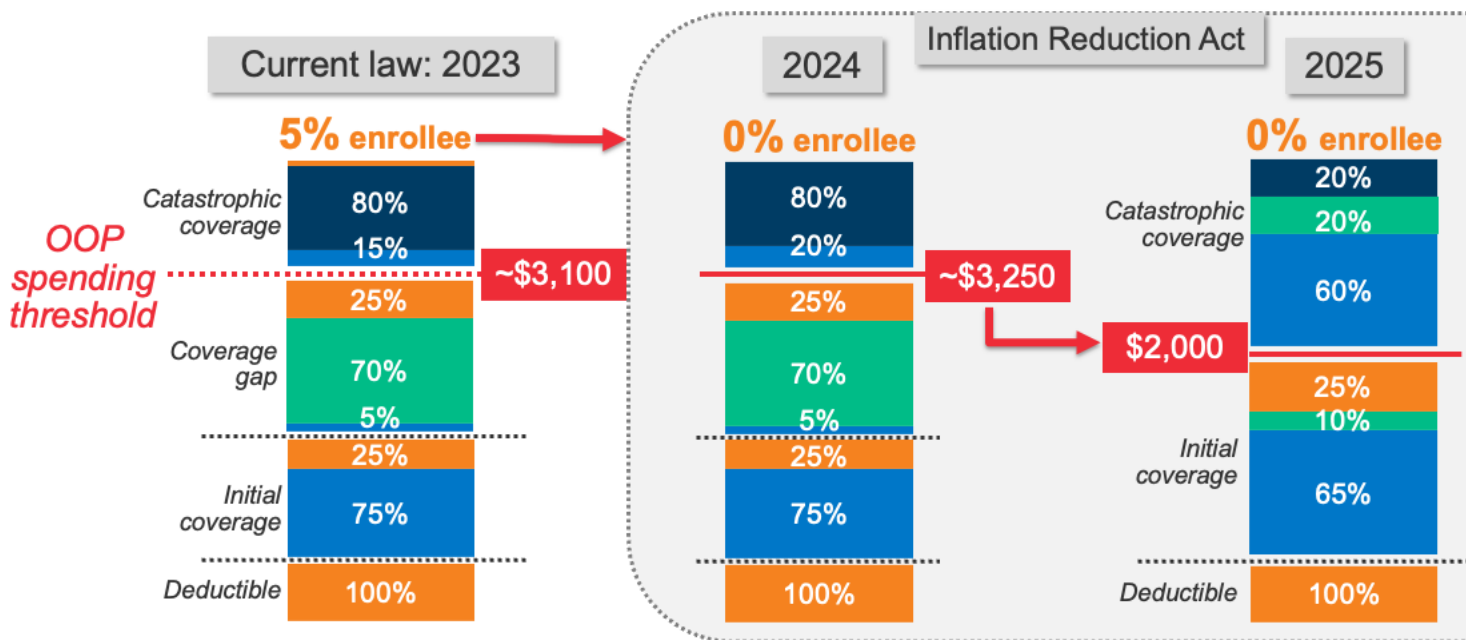

Figure 2

Changes to Medicare Part D for Brand-Name Drug Costs

Share of **brand-name drug** costs paid by: ● Enrollees ● Part D Plans ● Drug manufacturers ● Catastrophic coverage

NOTE: OOP is out-of-pocket. The out-of-pocket spending threshold will be \$7,400 in 2023 and is projected to be \$7,750 in 2024 and \$8,100 in 2025, including what beneficiaries pay directly out of pocket and the value of the manufacturer discount on brand-name drugs in the coverage gap phase. These amounts translate to out-of-pocket spending of approximately \$3,100, \$3,250, and \$3,400 (based on brand-name drug use only).
