

# 2025 Medicare costs

## Medicare Part A (Hospital Insurance) costs

### Part A monthly premium

Most people don't pay a Part A premium because they paid Medicare taxes while working. If you don't get premium-free Part A, you pay up to \$518 each month. If you don't buy Part A when you're first eligible for Medicare (usually when you turn 65), you might pay a penalty.

### Hospital inpatient stay

In 2025, you pay:

- \$1,676 deductible per benefit period
- \$0 for the first 60 days of each benefit period (after you pay the deductible)
- \$419 per day for days 61-90 of each benefit period
- \$838 per "lifetime reserve day" after day 90 of each benefit period (up to a maximum of 60 days over your lifetime)
- All costs for each day after day 150

### Skilled Nursing Facility stay

In 2025, you pay:

- \$0 for the first 20 days of each benefit period
- \$209.50 per day for days 21-100 of each benefit period
- All costs for each day after day 100 of the benefit period

## Medicare Part B (Medical Insurance) costs

### Part B monthly premium

Most people pay the standard Part B monthly premium amount (\$185 in 2025). Social Security will tell you the exact amount you'll pay for Part B in 2025.

You pay the standard premium amount if you:

- Enroll in Part B for the first time in 2025.
- Don't get Social Security benefits.
- Are directly billed for your Part B premiums.
- Have Medicare and Medicaid, and Medicaid pays your premiums. (Your state will pay the standard premium amount of \$185 in 2025.)

If your modified adjusted gross income as reported on your IRS tax return from 2 years ago is above a certain amount, you'll pay the standard Part B premium and an income-related monthly adjustment amount.

<b>If your yearly income in 2023 was:</b>			
<b>File individual tax return</b>	<b>File joint tax return</b>	<b>File married &amp; separate tax return</b>	<b>You pay each month (in 2025):</b>
