

MEMBER CASE STUDY

MEMBER COMPANY DESCRIPTION

General Warehousing and Storage company in the Mid East region.

GROUP CAPTIVE EXPERIENCE

The company's 75-life medical plan was becoming increasingly expensive due to rising premiums, placing significant financial pressure on the company and its employees. The company joined a medical stop loss group captive in 2021 achieving an \$8K employee savings and \$231K employer savings in the first 9 months.

HIGHLIGHTS

\$239K

Total Rx savings compared to fully insured projections.

\$231K

The company's savings \$340 per employee per month.

20%

Total program savings compared to fully insured renewal.

Member Case Study

Joining a group captive was an excellent decision for us; I can't imagine managing healthcare any other way. Reducing our prescription spend was one of our goals, and the program exceeded its annual savings projection in nine months.
