PROJECTS

[AmidstTheMountains](#) | Personal

React | Redux | Rest API | ES6 | Node | PostgreSQL | Auth0 | Stripe

This site is designed to display my photographs that I have taken over the years and allow others to purchase them on Canvas or Metal Prints

- <https://amidstthemountains.com>
- First Full Stack Application
- Custom Auth0 and Stripe Checkout

[Roominder](#) | Group

React | Node | PostgreSQL | Auth0 | Flight Stats Api | Twilio | Nodemailer | 4 Google Apis

This site is designed to allow users to enter in a flight number, date, and location, and it will give them the directions to the airport and notifications on when to leave

- <https://roomind.me>
- 1 Cohesive interaction
- 8 different Api calls

EXPERIENCE

[Server Professional](#) | Bluehost
