Generally, such financial planning services will involve preparing a financial plan or providing a financial consultation. This planning may encompass one or more areas of need, including, but not limited to, investment planning, retirement planning, personal savings, education savings and other areas of a Client’s financial situation.

A financial plan developed for the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may include that the Client start or revise their investment programs, commence or alter retirement savings, and/or establish education savings and/or charitable giving programs. Barker Financial Group, Inc. may also refer Clients to an accountant, attorney or other

specialist, as appropriate for their unique situation. For certain financial planning engagements, Barker Financial Group, Inc. will provide a written summary of a Client's financial situation, observations, and recommendations.

Investment Consulting – Barker Financial Group, Inc. typically provides its Clients with a broad range of investment consulting services, including, but not limited to, investment advice and/or portfolio management services for ERISA plan trustees, personal trusts, non-profit organizations, municipalities, and individuals, comparing the results of the Client's portfolio performance against various indices pursuant to a Consulting Agreement.

Non-Investment Related Consulting – Barker Financial Group, Inc. may provide its Clients with a broad range of non-investment related consulting services, including, but not limited to, estate administration assistance, asset transfers, administration of routine gifting programs, tracking employer stock option grants, retirement transition services, and others as requested by the Client, pursuant to a Consulting Agreement.

Investment Management Services – Barker Financial Group, Inc. typically provides its Clients with investment management services that include:

Cash Management Services – Barker Financial Group, Inc. offers investment management services for short-term fixed income accounts generally investing in cash or other liquid instruments.

Financial planning and consulting recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the

Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations, the Client is under no obligation to affect the transaction through the Advisor.

Barker Financial Group, Inc. may only implement its investment recommendations after the Client has arranged for and furnished the Advisor with all information and authorization(s) regarding account(s) with their Custodian(s).

Barker Financial Group, Inc. does not manage or place Client assets into wrap fee programs. Investment management services are provided directly by Barker Financial Group, Inc.

Tailored Relationships

Barker Financial Group, Inc. tailors advisory services to the individual needs of the Client. Clients are allowed to impose restrictions on the investments in their account(s). Barker Financial Group, Inc. may accept any reasonable limitation or restriction to discretionary authority on the account placed by the Client. All limitations and restrictions placed on accounts must be presented to Barker Financial Group, Inc. in writing.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Prior to engaging Barker Financial Group, Inc. to provide advisory services, each Client is required to enter into an advisory agreement with Barker Financial Group, Inc. that defines the terms, conditions, authority, and responsibilities of Barker Financial Group, Inc. and the Client.

Financial Planning – Financial planning services are charged on a fixed fee or an hourly rate basis. Fixed fee engagements are typically charged between \$1,000 and \$3,000. For engagement on an hourly rate basis, fees are charged ranging from \$200 to \$350 per hour. Hourly and fixed fee rates may be negotiable depending on the nature and complexity of each Client's circumstances. For hourly rate engagements, an estimate of the total hours will be determined prior to establishing the advisory relationship and incorporated into the Financial Planning Agreement. The fees will be due and payable upon completion of the engagement deliverable[s].

Investment Consulting – Investment consulting services where actual account management is not required are charged on a fixed fee or an hourly rate basis. For engagements on an hourly rate basis, fees are charged ranging from \$200 to \$350 per hour depending on the nature and complexity of the Client's circumstances. For fixed fee engagements, the total fee is negotiable, but generally ranges from \$1,000 to \$10,000, based upon the scope of work involved. An estimate of the total hours and the applicable rate or total costs will be determined prior to establishing the consulting relationship and will be incorporated into the Consulting Agreement. The Consulting Agreement may specify an amount of the fee to be paid in advance of the engagement, subject to the limitations below.

Non-Investment Related Consulting – Non-investment related consulting services are charged on a fixed fee or an hourly rate basis. For engagements on an hourly rate basis, fees are charged ranging from \$200 to \$350 per hour depending on the nature and complexity of each Client's circumstances. For fixed fee engagements, the total fee is negotiable, but generally ranges from \$1,000 to \$10,000, based upon the scope of work involved. An estimate of the total hours and the applicable rate or total costs will be determined prior to establishing the consulting relationship and will be incorporated into the Consulting Agreement. The Consulting Agreement may specify an amount of the fee to be paid in advance of the engagement, subject to the limitations below.

Investment Management Services – The annual fee for investment management services shall be pro-rated and paid quarterly, in arrears, based upon the market value of the assets on the last business day of the quarter, to include accrued interest. Cash flows in and out of the account in excess of \$2,000 are pro-rated beginning after the 10th day of each quarter. Investment management fees generally range from 1.00% to 0.40% annually based on the following schedule:

Assets Under Management	Annual Rate
\$500,000 to \$1,000,000	1.00%
\$1,000,001 to \$2,000,000	1.00% to 0.85%
\$2,000,001 to \$5,000,000	0.85% to 0.60%
\$5,000,001 to \$7,000,000	0.60% to 0.40%
Above \$7,000,001	Negotiable

The investment management fee in the first quarter of service is prorated from the inception date of the account[s] to the last business day of the first quarter.

Investment management fees may be negotiable at the sole discretion of Barker Financial Group, Inc. per the schedule above and in instances of family or other relationships where multiple accounts may be aggregated to achieve a lower fee rate.

The Client's fees will take into consideration the aggregate assets under management with Barker Financial Group, Inc. All securities held in accounts managed by Barker Financial Group, Inc. will be priced by the designated Custodian. Barker Financial Group, Inc. will not have the authority or responsibility to establish the value of portfolio securities.

Investment management fees are automatically deducted from the Client's account[s] by the Custodian. Clients provide written authorization permitting Barker Financial Group, Inc. to be paid directly from their accounts held by the Custodian as part of the Investment Management Agreement and separate account forms provided by the Custodian. Barker Financial Group, Inc. shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective quarter-end date. The amount due is calculated by applying

the quarterly fee rate (annual fee rate divided by 4) to the market value of the Client's total assets under management, to include accrued interest, on the last business day of each calendar quarter. Cash flows in and out of the account in excess of \$2,000 are pro-rated beginning after the 10th day of each quarter.

Advisor fee arrangements for employer sponsored retirement plans may vary from the above schedule based upon negotiation.

Clients will be provided with a statement, at least quarterly, from the Custodian reflecting the deduction of the investment management fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's statement as the Custodian does not assume this responsibility.

Barker Financial Group, Inc. generally requires a minimum relationship size of \$500,000 to effectively implement its investment process. Barker Financial Group, Inc. may waive this minimum relationship size based on the size of the overall relationship or at the discretion of Barker Financial Group, Inc.

Defined Contribution Plans – Defined Contribution Plan services are charged on an hourly rate basis ranging from \$250 to \$300 per hour. Alternatively, an asset-based charge may be substituted based upon the needs or requirements of the Client company.

Cash Management Services – Cash management services for short-term fixed income accounts are generally charged at a reduced fee due to the nature of lower yields typical of the securities and holding periods involved. These accounts would generally include cash or other liquid instruments and the fee is negotiated based upon the size of the account, Client needs, duration, etc. Cash management services fees will generally start at 0.10% annually pursuant to the terms of the advisory agreement and shall be pro-rated and paid quarterly, in arrears, based upon the market value of the assets on the last business day of the quarter, to include accrued interest. Cash flows in and out of the account in excess of \$2,000 are pro-rated beginning after the 10th day of each quarter.

Barker Financial Group, Inc.'s fees for advisory services are exclusive of, and in addition to, brokerage commissions, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, Barker Financial Group, Inc. shall not receive any portion of these commissions, fees, and costs. The hourly rate fees and fixed fees are determined after considering many factors, such as the level and scope of the services. The Advisor will not require payment, more than or equal to 6 months in advance, of \$1,200 or more, for services to be performed where financial planning and consulting services are provided. Further, most financial planning and consulting assignments are completed within 2 to 3 weeks.

Other Fees and Expenses

Clients may incur certain fees or charges imposed by third-parties, other than Barker Financial Group, Inc., in connection with investments made on behalf of the Clients' account[s]. The Client is responsible for all custodial and securities execution fees charged by the Custodian and executing Broker-Dealer. The advisory fee charged by Barker Financial Group, Inc. is separate and distinct from these Custodian and execution fees.

In addition, all fees paid to Barker Financial Group, Inc. for advisory services are separate and distinct from the fees and expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's

prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of Barker Financial Group, Inc., but would not receive the services provided by Barker Financial Group, Inc. which are designed, among other things, to assist the Client in determining which products or services are most appropriate to each Client's financial condition and objectives. Accordingly, the Client should review both the fees and expenses charged by the fund[s] and the fees charged by Barker Financial Group, Inc. to fully understand the total fees to be paid.

Advance Payment of Fees and Termination

Financial Planning, Investment Consulting, and Non-Investment Related Consulting –

Barker Financial Group, Inc. may be partially compensated for its planning, consulting, or non-investment related services in advance. Either party may terminate a financial planning or consulting agreement at any time by providing written notice to the other party. In addition, the Client may terminate the agreement within five (5) days of signing the Advisor's Financial Planning or Consulting Agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for actual hours of labor spent on the engagement multiplied by the agreed upon hourly rate or based on a percentage of the engagement completed. Upon termination, the Advisor will refund any unearned, prepaid financial planning or consulting fees.

Investment Management Services and Cash Management Services – Barker Financial Group, Inc. is compensated for its investment management services and cash management services at the end of the quarter after investment management services and cash management services are rendered (i.e., in arrears). Either party may terminate the Investment Management Agreement or Cash Management Agreement with Barker Financial Group, Inc., at any time, by providing advance written notice to the other party. The Client shall be responsible for investment management services and cash management service fees up to and including the effective date of termination. The Client's Investment Management Agreement or Cash Management Agreement with Barker Financial Group, Inc. is non-transferable without the Client's written approval.

The only fees charged by Barker Financial Group, Inc. are as described in *Item 5 – Fees and Compensation* and **are not** based upon the capital appreciation of the funds or securities held by any Client.

Barker Financial Group, Inc. may waive this minimum account size based on the size of the overall relationship or at the discretion of Barker Financial Group, Inc.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Barker Financial Group, Inc. employs fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from Barker Financial Group, Inc. is derived from numerous sources, including financial media companies, third-party research materials, internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Investment Strategies

As noted above, Barker Financial Group, Inc. generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Barker Financial Group, Inc. will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of its Clients. At times, Barker Financial Group, Inc. may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. Barker

Financial Group, Inc. shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform Barker Financial Group, Inc. of any changes in financial condition, goals or other factors that may affect this analysis.

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Barker Financial Group, Inc. will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Barker Financial Group, Inc. primarily employs investment strategies that do not involve any significant or unusual risk other than domestic equity and international market risks. The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. Barker Financial Group, Inc. will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

Barker Financial Group, Inc. may use margin in Client accounts to manage the timing of purchases and sales, as appropriate. Barker Financial Group, Inc. may employ options strategies to hedge or gain additional exposure to a particular asset class or sector. Barker Financial Group, Inc.'s investment strategy encompasses active trading in concentrated portfolios. Following are some of the risks associated with certain transactions.

Options Contracts – Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses. Options trading risk includes the possibility of a complete loss of principal.

Margin Borrowings – The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to Broker-Dealers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call" pursuant to which it must either deposit additional funds with the Broker-Dealer or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Alternative Investments (Limited Partnerships) – The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Clients should only have a portion of their assets in these investments.

Past performance is not a guarantee of future returns. Investing in securities and other investments involves a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with Barker Financial Group, Inc., or any professional advisor of their choosing.

Item 9 – Disciplinary Information

There are no legal, regulatory, or disciplinary events involving Barker Financial Group, Inc. Barker Financial Group, Inc., and its advisory personnel value the trust you place in Barker Financial Group, Inc.

Item 12 – Custodian and Brokerage Practices

Recommendation of Custodian[s]

Barker Financial Group, Inc. does not have discretionary authority to select the Custodian for custodial services or the Administrator for defined contribution plans. The Client will select the Custodian to safeguard Client assets and authorize Barker Financial Group, Inc. to direct trades to this Custodian as agreed in the advisory agreement.

Although Barker Financial Group, Inc. does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custodial services. Clients are not obligated to use the recommended Custodian and will not incur any extra fee or cost associated with using a Custodian not recommended by Barker Financial Group, Inc.

Barker Financial Group, Inc. typically recommends to Clients that they establish their account[s] at Charles Schwab & Co., Inc. (Schwab), and/or RBC Advisor Services, a division of RBC Capital Markets, LLC (RBC) (collectively the “Institutional Platforms”).

The Institutional Platforms offer independent Investment Advisors with services, which include custody of securities, trade execution, clearance and settlement of transactions. Barker Financial Group, Inc. receives some benefits from the Institutional Platforms through its participation in their programs. Barker Financial Group, Inc. considers a number of factors in recommending a Custodian for its Clients' accounts, including, but not limited to, execution capability, experience and financial stability, reputation and the quality of services provided.

Once the Client has selected a Custodian, Barker Financial Group, Inc. will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated Custodian. Barker Financial Group, Inc. is not affiliated with, or related to, any Custodian. Please see *Item 14 – Client Referral and Other Compensation*.

Brokerage Practices

Barker Financial Group, Inc. does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Soft Dollars - Soft dollars are revenue programs offered by Broker-Dealers whereby an advisor enters into an agreement to place security trades with the Broker-Dealer in exchange for research and other services. Barker Financial Group, Inc. does not participate in soft dollar programs sponsored or offered by any Broker-Dealer.

Referrals - Barker Financial Group, Inc. does not receive any compensation from any third party in connection with the recommendation for establishing an account.

Directed Brokerage - Barker Financial Group, Inc.'s Clients are not serviced on a "directed brokerage" basis. Barker Financial Group, Inc. will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s].

Principal Transactions/Cross Transactions - Barker Financial Group, Inc. will not engage in any principal transactions (i.e., trade of any security from or to Barker Financial Group, Inc.'s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]).

Aggregating and Allocating Trades - The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into consideration such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Broker-Dealer. Barker Financial Group, Inc. will execute its transactions through an unaffiliated Broker-Dealer selected by the Client. Barker Financial Group, Inc. may aggregate orders in a block trade or trades when securities are purchased or sold through the same Broker-Dealer for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day will be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This is done in a way that does not consistently advantage or disadvantage particular Client accounts.

Trade Errors - From time to time, our firm may make an error in submitting a trade order on a client's behalf. When this occurs, we may place a correcting trade with the broker-dealer which has custody of the client's account. In the event a trading error occurs in your account, our policy is to restore your account to the position it should have been in had the trading error not

occurred. Neither Clients nor Barker Financial Group, Inc. will share in any profit or loss associated with any error.

Best Execution - Barker Financial Group, Inc. will arrange for securities transactions to be executed for your account through Broker-Dealers that we reasonably believe will provide “best execution,” which generally will be through the Broker-Dealer chosen by the Client as the Custodian of the account. However, if Barker Financial Group, Inc. can obtain more favorable execution services through other Broker-Dealers, Barker Financial Group, Inc., may, with Client approval, arrange to transact specific securities through these other Broker-Dealers. In seeking best execution, the determinative factor is not the lowest possible commission cost charged by a Broker-Dealer, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a Broker-Dealer’s services including the value of research provided, execution capability, Broker-Dealer commission rates, total Broker-Dealer transaction expenses, and responsiveness. Accordingly, although Barker Financial Group, Inc. will seek competitive Broker-Dealer commission rates, it may not necessarily obtain the lowest possible Broker-Dealer commission rates for Client transactions.

Client Directed Brokerage - A Client may choose to direct Barker Financial Group, Inc. to use a particular Broker-Dealer to execute some or all securities transactions for their account (Client Directed Brokerage). In the case of Client Directed Brokerage, the Client will negotiate terms and arrangements for those transactions with that Broker-Dealer, and Barker Financial Group, Inc. will not seek better execution services or prices from other Broker-Dealers or be able to aggregate orders to “block trade.”

Class Action Lawsuits - We do not determine if securities held by you are the subject of a class action lawsuit or whether you are eligible to participate in class action settlements or litigation nor do we initiate or participate in litigation to recover damages on your behalf for injuries as a result of actions, misconduct, or negligence by issuers of securities held by you.

Item 13 – Review of Accounts

Frequency of Reviews

Investments in Client accounts are monitored on a regular and continuous basis by Mr. Barker, President and Chief Compliance Officer, and certain other Supervised Persons of the Advisor. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client, or as market conditions may dictate.

Causes for Reviews

In addition to the investment monitoring noted above, each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account. The Client is encouraged to notify Barker Financial Group, Inc. if changes occur in his/her personal financial situation that might adversely affect his/her investment plan. Additional reviews may be triggered by material market, economic or political events.

Review Reports

The Client will receive statements no less than quarterly from the account Custodian. These statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these statements and their account activity. Client statements will include all positions, transactions and fees relating to the Client's account[s], including Advisor fees drawn against the account. Barker Financial Group, Inc. may, at its discretion, also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referral and Other Compensation

Participation in Schwab Institutional Advisor Platform

Barker Financial Group, Inc. has established an institutional relationship with Schwab to assist Barker Financial Group, Inc. in managing Client account[s]. Access to the Schwab Institutional platform is provided at no charge to Barker Financial Group, Inc. Barker Financial Group, Inc. receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. The software and related systems support may benefit Barker Financial Group, Inc., but not its Clients directly. In fulfilling its duties to its Clients, Barker Financial Group, Inc. endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence Barker Financial Group, Inc.'s recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

Participation in RBC Institutional Advisor Platform

Barker Financial Group, Inc. has established an institutional relationship with RBC to assist Barker Financial Group, Inc. in managing Client account[s]. As a registered investment advisor participating in the RBC Advisor Services platform, Barker Financial Group, Inc. receives access to software and related support without cost because Barker Financial Group, Inc. renders investment management services to Clients that maintain assets at RBC. Services provided by RBC Advisor Connect benefit Barker Financial Group, Inc. and many, but not all, services provided by RBC will benefit Clients. In fulfilling its duties to its Clients, Barker Financial Group, Inc. endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence Barker Financial Group, Inc.'s recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's and RBC's institutional brokerage services include access to a broad range of investment products, execution of securities transactions,

and custody of Client's funds and securities. Through Schwab and RBC, Barker Financial Group, Inc. may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, Barker Financial Group, Inc. may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab and RBC provide participating advisors with access to technology, research, discounts and other services. In addition, Barker Financial Group, Inc. receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab and RBC. These services are intended to assist Barker Financial Group, Inc. in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit Barker Financial Group, Inc. – Schwab and RBC also offer other services and administrative support to Barker Financial Group, Inc. that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for Barker Financial Group, Inc. to recommend Schwab and RBC which results in a potential conflict of interest. Barker Financial Group, Inc. believes, however, that the selection of Schwab or RBC as Custodian is in the best interests of its Clients.

Additionally, Barker Financial Group, Inc. may receive the following benefits from Schwab and RBC: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

Client Referrals from Solicitors

Barker Financial Group, Inc. does not engage paid solicitors for Client referrals.

Item 15 – Custody

Custody – Fee Debiting

Barker Financial Group, Inc. does not accept or maintain custody of any Client assets, except for the authorized deduction of Barker Financial Group, Inc.'s fee. All Clients must place their assets with a qualified Custodian. Clients are required to select their own Custodian to retain their funds and securities and direct Barker Financial Group, Inc. to utilize that Custodian for the Client's security transactions. For more information about Custodians and Brokerage practices, see *Item 12 – Custody and Brokerage Practices*.

Custody – Account Statements

As described above and in *Item 13 – Review of Accounts*, Clients receive at least quarterly statements from the qualified Custodian that holds and maintains Client's investment assets. Clients are urged to carefully review such statements and compare such official custodial records to the reports that Barker Financial Group, Inc. may provide. Barker Financial

Group, Inc. reports may vary from custodial statements based on accounting procedures, reporting dates, or valuation methodologies of certain securities.

Item 16 – Investment Discretion

Barker Financial Group, Inc. generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales are generally subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Barker Financial Group, Inc. in writing. Discretionary authority will only be authorized upon full disclosure to the Client. The discretionary authority will be documented with the Custodian by executing a limited power of attorney to allow Barker Financial Group, Inc. limited access for trading and account administration purposes. The granting of such authority will be evidenced by the Client's execution of an Investment Management Agreement containing all applicable limitations to such authority. All discretionary trades made by Barker Financial Group, Inc. will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Barker Financial Group, Inc. does not accept proxy-voting responsibility for any Client.

Item 18 – Financial Information

Barker Financial Group, Inc. is not required to deliver a balance sheet along with this Disclosure Brochure as Barker Financial Group, Inc. will not require pre-payment of more than \$1,200, more than or equal to 6 months in advance, under any circumstances, for services to be performed.
