

Top-rated defense for your savings, identity, and credit

Carefull is a financial protection service that defends you and your family's money, credit, and identity from thieves, scammers, and simple money mistakes. All backed by \$1 million of identity theft insurance in case bad things do happen.

What Carefull does

Carefull watches bank, investment, credit, passwords and documents, and even the Dark Web to catch small issues before they become big ones. With new and sophisticated scams and fraud on the rise, Carefull is there to provide a “second set of eyes” on your finances and personal information to give you and your loved ones peace of mind.

-
- 24/7 AI-account monitoring and alerts for fraud, scams, and everyday money mistakes
 - \$1 million of identity theft insurance to recover lost funds & legal costs, supported by white glove assistance
 - Credit monitoring and internet-wide defense address, passport, phone, license and other leakage of personal information
 - A military-grade Vault – your proprietary digital safety deposit box – to secure passwords, organize critical documents, and share them safely
 - A simple and smart trusted contacts system that allows view-only sharing of need-to-know financial information for safe group coordination
 - A curated library of content to help you navigate scams, taxes, estate planning, and more

How it works

Set up in 5 minutes or less

Choose the protections you wish to activate, then create a profile with a few basic details & securely link the accounts you choose to protect.

Carefull works in the background

Our advanced technology learns what is typical for you, so we can immediately spot anything out of the ordinary. We stay one step ahead of the latest scams, always building new protections.

We help you take action

If Carefull detects any suspicious activity, we will notify you immediately and help you with next steps.

Everything you need to Live Carefully, all in one place.
