"Planning with a purpose," said Karasow. "We serve each client, one and at a time, with truth and integrity".

The NSSA certificate program includes one day of training and prepares professional advisors for the myriad of questions that their clients are asking. Also, with this training, advisors can guide their clients through the many Social Security options that are available. NSSA advisors are uniquely qualified to help the growing numbers of baby boomers. The program is the gold standard in Social Security certification and training in the nation.

The National Social Security Advisor certificate program was created by CPA, Marc Kiner and Jim Blair, a 35 year veteran of the Social Security Association. With 10,000 Baby Boomers turning 65 each day in the U.S., Kiner and Blair, believe that advisors must be educated regarding Social Security. There are 76 million Baby Boomers nationwide. Boomers are folks born between 1946 and 1964.

“For more and more people, Social Security is going to provide an important part of their retirement income,” said Blair. “NSSA advisors are passionate about helping retirees optimize their benefits over the rest of their lives.”
