"Third Party Asset Manager - TAM"

A Targeted Approach

A "TAM" has the expertise that many investors and retirees count on when they have targeted goals, and expect their invested assets to be matched with these goals. When selecting the appropriate managers unique situation, time frame, income requirements and risk tolerance is key.

Adapting to you Changing Needs

As the world around us changes, so do our goals. Your portfolio must be able to adapt to any event that may arise. Your portfolio must be nimble enough to weather any storm, while keeping your interests, risk tolerance, time frames and other important objectives in focus. This active approach and communication provides results that can fall within expectations and give 'peace of mind'.
