Year-End Checklist

- ▶ Evaluate the effect of this year's market volatility.

- ▶ Consider qualified charitable distributions.
- ▶ Check that inherited IRAs with multiple beneficiaries are split by the end of the year following the year of the IRA owner's death.
- ▶ Check to see if enough money is withheld and/or paid in through estimated tax payments to avoid penalties. If you are short, consider withholding taxes from IRA distributions and replacing those funds within 60 days. (Watch out for the once-per-year rollover rule!)
- ▶ Roll over IRA funds to company plans where the still-working exception applies before year's end to avoid taking RMDs on those funds next year.
- ▶ Estate planning – take advantage of annual exclusion gifts.
