

# Summary of Premier Balance PPO \$750 IP A a Community Blue Flex Plan Benefits

On the chart below, you'll see what your plan pays for specific services. There are two levels of network benefits coverage for certain services: Enhanced Value and Standard Value\*. When you receive services from providers who offer enhanced benefits coverage, you will pay less out of pocket. You may be responsible for a facility fee, clinic charge or similar fee or charge (in addition to any professional fees) if your office visit or service is provided at a location that qualifies as a hospital department or a satellite building of a hospital.

- (1) Your group's benefit period is based on a Contract Year. The Contract Year is a consecutive 12-month period beginning on your employer's effective date. Contact your employer to determine the effective date applicable to your program.
- (2) Services must be performed by a Highmark approved telemedicine provider.
- (3) Services are limited to those listed on the Preventive Schedule (Women's Health Preventive Schedule may apply). Gender, age and frequency limits may apply.
- (4) Pediatric vision and dental benefits are only available to dependent children or health plan members under age 19.
- (5) A Medically Necessary orthodontic service is an orthodontic procedure that occurs as part of an approved orthodontic plan that is intended to treat a severe dentofacial abnormality. Prior approval is required. 12 month waiting period required. See your benefit booklet for more details.
- (6) Treatment includes coverage for the correction of a physical or medical problem associated with infertility. Infertility drug therapy may or may not be covered depending on your group's prescription drug program.
- (7) Medical Management & Policy (MM&P) must be contacted prior to a planned inpatient admission or within 48 hours of an emergency or maternity-related inpatient admission. Be sure to verify that your provider is contacting MM&P for precertification. If this does not occur and it is later determined that all or part of the inpatient stay was not medically necessary or appropriate, you will be responsible for payment of any costs not covered.
- (8) The formulary is an extensive list of Food and Drug Administration (FDA) approved prescription drugs selected for their quality, safety and effectiveness. It includes products in every major therapeutic category. The formulary was developed by the Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians. Your program includes coverage for both formulary and non-formulary drugs at the specific copayment or coinsurance amounts listed above. Under the soft mandatory generic provision, you are responsible for the payment differential when a generic drug is authorized by your provider and you purchase a brand name drug. Your payment is the price difference between the brand name drug and generic drug in addition to the brand name drug copayment or coinsurance amounts, which may apply.
