

THE ROBINSON PETRONIS GROUP

WOMEN AND WEALTH

While men and women often share the same financial goals, that's not always the whole story. If you've ever left the workforce to raise a family or care for a sick or aging family member, or if you've suddenly found yourself single following a divorce or the death of a spouse, you know how a life event people experience every day can have a profound – and often disproportionate – impact on your financial health.

The Robinson Petronis Group understands the unique advantages and challenges women face with their financial needs. That's why we provide personalized financial planning that is right for you and your needs.

Below are just a few of the financial topics that The Robinson Petronis Group can address:

- Caring for aging parents
- Leaving or re-entering the workforce
- Coping with a divorce or death of a spouse
- Planning for your child's future

We believe that expertise, integrity and a deep understanding of your needs and priorities are the foundation to a successful long-term relationship. We strive to provide the level of advice, professionalism and service that you'd expect from a trusted financial partner.
