

THE VALUE OF INDEPENDENCE

Your life and circumstances are unique and with each stage of life comes the opportunity to carve your own path. Maybe you're thinking about planning for an exciting retirement, preparing to pay for your children's or grandchildren's education, opening or selling a business, or saving for a second home. With the right independent financial professional by your side, you won't have to go it alone. You need a partner to create an actionable financial plan that aligns with your unique goals. A big bank or financial institution might seem like the safe bet, but independent financial professionals have the tool kit and the flexibility to protect their clients, while acting in your best interest with the appropriate checks and balances to help keep you on track.

FAQS:

What is the difference between a large bank or financial institution and an independent wealth management firm?

At a large bank or institution, the functions of all three players are done in-house. As independent financial professionals, we have the ability to find the best solution available for each of the three functions, and our fiduciary standard ensures that we always act in your best interest. Your independent financial professional is working side-by-side with you to help you reach your financial and investment goals, while Fidelity Institutional® is safeguarding the assets, and Kestra Financial provides a wealth management platform that associated financial professionals choose investments in each client's best interest.

Who is Fidelity Institutional®?

About Fidelity Institutional®

Every broker/dealer needs a clearinghouse to provide trade execution, clearing and other related services for your brokerage accounts. Another important reason I choose to work with Kestra Investment Services is because their brokerage accounts are carried by National Financial Services, LLC, Member NYSE/SIPC. Securities in accounts carried by National Financial Services LLC, a Fidelity broker-dealer, are protected in accordance with the Securities Investor Protection Corporation (SIPC) up to \$500,000. The \$500,000 total amount of SIPC protection is inclusive of up to \$250,000 protection for claims for cash, subject to periodic adjustments for inflation in accordance with terms of the SIPC statute and approval by SIPC's Board of Directors. National Financial Services has also arranged for coverage above these limits. Neither coverage protects against a decline in the market value of securities, nor does either coverage extend to certain securities that are ineligible for coverage.

Kestra Financial, Inc. is the parent company of Kestra Investment Services, LLC (Kestra IS) member FINRA/SIPC, Kestra Advisory Services, LLC (Kestra AS) and Kestra Private Wealth Services, LLC (Kestra PWS). Investment Advisory Services offered through Investment Advisor Representatives of Kestra AS or Kestra PWS, an affiliate of Kestra IS.

Fidelity Institutional® and National Financial Services LLC (together "Fidelity") is an independent company, unaffiliated with Kestra Financial, Inc. and its subsidiaries.
