**Qualified Director can be achieved in your first full month if you start with a Manager or Senior Manager Business Kit. Normally, you must attain at least Senior Manager level (1,000 QPV) in a prior month and then achieve a month of 4,000 QPV

OVERVIEW OF SALES VOLUME BONUS (SVB)

Your network of downline Promoters all contribute to your QPV. You earn an SVB on the BV volume of your downline Promoter's network at a rate that is the difference between your SVB % and the downline Promoter's SVB %. When a downline Promoter achieves Qualified Director, their volume is independent of your QPV in their Qualified Director months and you begin to earn a Leadership Development Bonus.
