<tr>
<td>Aloe Vera Gel (See Nutriance Aloe Vera Gel)</td>
<td>We live in a taxing and pressurised world and seek relief from a variety of symptoms related to this lifestyle. Our bodies become physically taxed and depleted of energy and necessary nutrients. Our metabolism is also affected. Many people are turning to pure, wholesome products in an effort to deal with some of the negative elements associated with our modern lifestyle.</td>
<td></td>
</tr>
<tr>
<td>Aloe Vera Plus (Code 2783 1 litre)</td>
<td>Made with 100% pure filtered Aloe Vera.</td>
<td>NutriLife’s Herbal Tea Blend enhances Aloe Vera’s beneficial properties.</td>
</tr>
<tr>
<td>Amino Acid Supplements (See Ami-Tone)</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Ami-Tone (Code 2770 90 tablets)</td>
<td>The body requires the amino acids L-arginine and L-ornithine to produce HGH (human growth hormone). HGH supports the utilisation of fat for energy and the production of lean body tissue.</td>
<td>Supports muscle protein retention, fat mobilisation, lean tissue development and overall body toning.</td>
</tr>
<tr>
<td>Dosage: 3 tablets daily. Note: To be taken approximately 3 hours after the evening meal or at bedtime.</td>
<td>Rapid absorption and utilisation from free form amino acids, (containing L-arginine and L-ornithine).</td>
<td>Works in sync with body’s natural cycles having a timed dose or being taken at bedtime, it utilises regular nightly fluctuations of amino acid blood levels.</td>
</tr>
<tr>
<td>Beta Guard (Code 2788 100 tablets)</td>
<td>Beta Guard provides an accurate use.</td>
<td>Many of the negative factors that influence the optimal functioning of our bodies can be attributed to harmful agents in our food, water and air. Scientific investigation has found that certain nutrients may offer a measure of protection.</td>
</tr>
<tr>
<td>Dosage: 2 tablets daily.</td>
<td>Dosage recommendations for easy and accurate use.</td>
<td>Formulated by the late Dr. Arthur Furst, world renowned cancer researcher and toxicologist. Unique synergistic formula includes antioxidants, beta-carotene (and other carotenoids from carrots), vitamin C and vitamin E, to trap free radical oxygen and keep cells healthy.</td>
</tr>
<tr>
<td>Body Care</td>
<td>See Nutriance Aloe Vera Gel, Nutriance Nourishing Hand &amp; Body Lotion, Nutriance Refreshing Bath &amp; Shower Gel, Body Luv &amp; PCC.</td>
<td>Body Care is a practical solution. Recommendations makes for an easy and effective use.</td>
</tr>
<tr>
<td>Body Luv (Code 2313 250 ml)</td>
<td>Bathing is a necessary, daily ritual that not only cleans us, but relaxes too. Harsh environmental conditions, ranging from cold weather to air pollution, damage our skin and cause dryness and cracking. The addition of a high quality bath oil can combat dryness and induce relaxation.</td>
<td>Delicately light and non greasy formulation. Self dispersing, spreading easily on contact with water.</td>
</tr>
<tr>
<td>Care (Code 2411 1 litre Code 2412 5 litre)</td>
<td>Whether at home, school, hospital, hotel or gymnasium, cleaning can be a tough job, but adequate hygiene is an even greater challenge. A vast range of germs can happily multiply if not constantly checked and disposed of. An ineffective, untested disinfectant will have no impact on hygiene and may do more harm than good. Since each environment has its own particular needs, adherence to proven product recommendations makes for an easy and practical solution.</td>
<td>Efficacy proven, according to SABS 636. Comprehensively tested against a variety of micro-organisms.</td>
</tr>
<tr>
<td>Dosage recommendations for easy and accurate use.</td>
<td>Dosage recommendations for easy and accurate use.</td>
<td>Safe to use, containing no abrasive or hazardous ingredients.</td>
</tr>
<tr>
<td>Directions for use: Spray surface and allow at least a 5 minute disinfecting time before wiping.</td>
<td>Directions for use: Spray surface and allow at least a 5 minute disinfecting time before wiping.</td>
<td>Widely used in a variety of applications.</td>

Carotenoid Complex
Code 2564
30 capsules
Code 2565
90 capsules
Dosage: 1 - 3 capsules daily.
Fulfills what needs?
Carotenoids refer to the naturally occurring colourful family of red, yellow and orange pigments found in the fruit and vegetables we eat. They also exist in many green plants but are masked by the presence of chlorophyll. Carotenoids contribute to antioxidant activity in cellular lipids, support normal cellular growth and renewal, and promote immune cell activity. Carotenoids also assist in supporting the function of the cardiovascular system.
The NeoLife Difference
Whole-food ingredients in an exclusive blend of concentrates derived from whole tomatoes, carrots, spinach, red bell peppers, strawberries, apricots and peaches, plus pure olive oil in a lipido-soluble formula. Significant immune supporting benefits verified by three separate, independent studies by USDA researchers. The most complete carotenoid supplement on the market. With every capsule, you get the power of an optimal serving of fruits and vegetables including these 15 different carotenoids: Alpha-, Beta-, cis-Beta, Gamma- and Zeta-Carotene, Canthaxanthin, Capsaxanthin, Cryptoxanthin, Alpha- and Beta-Cryptoxanthin, Lutein, Lycopene, cis-Lycopene, Violaxanthin and Zeaxanthin. More antioxidant power than vitamins E and C. One Carotenoid Complex capsule has the antioxidant power of 800 IU of vitamin E or 400 mg of vitamin C. Kilograms of carotenoid power. Each bottle contains the carotenoid equivalent of 115 kilograms of the raw fruits and vegetables it’s made from. Exclusive NutriMax ProcessTM preserves nutrient integrity and insures maximum bioavailability for these key phytonutrients.

Carpet Glo
Code 2034
1 litre
Code 2035
5 litre
Directions for use: Mix 1 part Carpet Glo to 40 parts water (hand cleaning). Observe instructions (machine cleaning).
Fulfills what needs?
Carpets and furnishings say a lot about your house and that is why it is so important to keep them clean. Having them professionally cleaned can be expensive. Most consumers agree that a carpet cleaner should be powerful, yet gentle so that it not only removes dirt but enhances the carpet’s colour and general appearance.
The NeoLife Difference
Cleans carpets and upholstery. Excellent features include repelling dirt, being antistatic and quick drying. Highly concentrated and therefore very economical. Voluminous foam makes for efficient dry method cleaning. Versatile, it also leaves window panes sparkling.

Chelated Cal-Mag (with Vitamin D)
Code 2722
90 tablets
Dosage: 3 tablets daily.
Fulfills what needs?
Calcium and magnesium, necessary for strong bones and teeth are also critical for cardiovascular health, nerve and muscle function and many enzyme functions. Vitamin D promotes calcium absorption and maintenance to enable normal bone mineralisation and growth.
The NeoLife Difference
Exclusive double amino acid chelation (with glycine) to promote higher calcium and magnesium absorption.Preferred 2:1 ratio of calcium to magnesium to meet the body’s needs. Readily absorbable and highly bioavailable vitamin D3. Pharmacologically pure – seashell sourced calcium.

Chelated Iron
Code 2766
100 tablets
Dosage: 1 tablet daily.
Fulfills what needs?
Iron is essential for overall well-being. It is present in every living cell of the human body. Iron helps maintain healthy red blood cells which play a role in oxygen transportation.
The NeoLife Difference
Enhanced absorption from unique NeoLife amino acid chelation (with glycine). Pharmaceutical grade iron is the base that provides high purity and quality.

PRODUCT | FULFILLS WHAT NEEDS? | THE NEOLIFE DIFFERENCE
--- | --- | ---
Disinfectant  
See Care | | 

**Fantastik**  
Code 2051  
1 litre  
Code 2052  
5 litre | Probably the hardest surface to keep clean in any environment is the floor. Everyday a new layer of dirt, a new set of scuff marks and new water stains all combine to make the floor surfaces dirty. Some surfaces have a tendency to absorb dirt, so a smooth, even finish would make for easy cleaning. | Modern polymer chemistry with millions of molecules, together forming a strong, resilient material with a high sheen.  
Spreads evenly with the help of an innbult leveling agent.  
Concentrated and economical product, just one thin coat at a time.  
Resists scuff marks and water stains.  

**Feminine Herbal Complex**  
Code 2896  
60 tablets | Women everywhere know that even though you might be healthy in all other respects, monthly complaints and mood swings can be challenges to your feelings of wellness. For centuries, master herbalists have known that women have unique cyclical needs and that certain herbs work to balance the feminine cycle. Because a woman's menstrual cycle places her body in a constant state of flux, specific formulations have evolved over the centuries to assist women in achieving balance and wellness by addressing needs that are specific to the female system. | Comprehensive formula. Our unique "complete family" approach to the formula provides broad, synergistic effects of the herbal constituents, which optimise their ability to support a woman's cyclical needs.  
Herbs are selected from many global traditions, bringing you the best herbal knowledge from around the world.  
Contains St. John's Wort, which has been shown to help support calmness, relieve low mood and support positive mental attitude.  
Contains Wild Yam, which has been shown to support normal female physiology and function.  
Guaranteed purity, potency and consistency.  
100% pure herbal ingredients.  
Herbal formula contains no chemical or animal products.  

**Fibre Tablets**  
Code 2789  
120 tablets | Fibre in the diet assists elimination, very important to dieters and non-dieters alike.  
Fibre can also provide a "feeling of fullness" that helps to reduce the desire for large portions of food. In addition to assistance with dieting, a high fibre diet, full of whole grains and fruit and vegetables, has also been associated with a well functioning body. Despite its importance, people on average consume less than half the daily fibre scientists recommend for optimal well-being. | Safe and wholesome alternative to appetite suppressant drugs. Non-habit forming. No harmful side effects.  
Fibre from eight sources is a unique blend of whole grains, fruits and vegetables: 4 tablets provide two grams of dietary fibre.  
Makes it easier to choose smaller meals. Unique blend of ingredients helps create a sensation of fullness.  
Less than 6 kilojoules per serving. Sugar free!  
Completely sodium free is an important consideration for dieters who don’t wish to retain excess water which adds unwanted weight.  

**Flavonoid Complex**  
Code 2780  
60 tablets | Research suggests that diets with high levels of flavonoids, one of the natural sources of the brighter colours in many fruits and vegetables, may offer several benefits for optimal well-being; they may also be immunosupporting. Antioxidant flavonoids work with vitamin C to provide increased protection from oxidative damage for the water-based portion of the cell. Although a few bioflavonoids have become relatively well-known, there are over 4000 unique flavonoids and it appears they may be most effective when several types are consumed together. It seems that only a minority of people eat an adequate amount of the fruits and vegetables in their daily diet that would provide the flavonoids they need. | Vitamins and minerals, though very important, are not the complete answer to optimal human nutrition. Dietary fats known as lipids and sterols influence nutrition at the cellular level. Imbalances among these may interfere with efficient functioning of the cells and contribute to feelings of undue fatigue.  
Other food factors such as enzymes are also important contributors to improved well-being.  

**Formula IV Food Supplement**  
Code 2577  
60 capsules  
Code 2576  
120 capsules | Exclusive blend of whole food extracts and concentrates derived from whole cranberries, kale, green tea (without caffeine), beets, berries, red and black grapes, oranges, lemons and grapefruits.  
Added benefit of elagic acid, closely related to flavonoids (found in strawberries and cranberries for example), which has been associated with reduced risk of some aggressive threats to our well-being.  
Convenient serving: each tablet provides the full water soluble antioxidant profile of an optimal serving of flavonoid-rich fruits and vegetables.  

**Formula IV Plus**  
Code 2556  
30 sachets  
Code 2557  
60 sachets | Exclusive Tre-en-en Grain Concentrates form the basis for this complete, whole food supplement.  
More than a multi-vitamin it is a unique multi-factor whole food supplement with vitamins, minerals, lipids and sterols and selected enzyme.  
Supported by research which shows that adequate amounts of lipids and sterols promote better nutrient utilisation.  
No artificial colouring and preservative free.  

**Formula IV-En-Grain Concentrates**  
Code 2575  
675 mg of wheat, rice and soya extracts forming the basis for this whole food supplement.  
More than a multi-vitamin, this unique multi-factor supplement with vitamins, minerals, selected enzyme and lipids/sterols all working together to bridge dietary gaps.  
Replaces important trace minerals, stripped away during food processing.  
**IRON FREE**  
No artificial colouring and preservative free.  
Convenient individual sachets you can easily take with you anywhere.

<td>Full Motion</td>
<td>Cartilage is the slippery tissue that covers the ends of bones in joints, and healthy cartilage allows the bones to smoothly glide over one another without joint pain or discomfort. Osteoarthritis is a breakdown of the joint’s cartilage, and commonly causes joint pain in people of all ages. Glucosamine is the primary building block of joint cartilage. It is naturally produced in the body from glucose and the amino acid glutamine. Scientists believe that as the body ages, its capacity for producing glucosamine, and ultimately cartilage, declines. The loss of glucosamine production combined with an increase in demand due to physical activity and age, can result in pain, stiffness, and loss of mobility. Supplementing the diet with glucosamine, specific minerals, and herbs can provide what the body needs to maintain and even improve joint health.</td>
<td>Pharmaceutically pure, it contains biologically functional glucosamine from Glucosamine Hydrochloride and is easy to digest and sulphite-free - minimising digestive discomfort and allergic reactions. Herbal Comfort Complex is an exclusive blend of Bromelain, White Willow, and Boswellia, ingredients strongly associated with the body’s natural mechanisms for minimising joint pain and inflammation. Regenerative Mineral Complex is an exclusive blend of synergistically critical Zinc, Boron, and Silica, key minerals for joint health. 3D Advantage, which provides optimal bioavailability through maximum Disintegration, Dissolution, and Dispersion. Formulated under the direction of NeoLife’s Scientific Advisory Board using leading-edge science.</td>
</tr>
<tr>
<td>Dosage: Take 1 tablet three times a day with a glass of water. For best results, take each tablet just before mealtime.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>G1 Laundry Compound</td>
<td>There’s sure to be an enormous variety of fabric styles, colour, weight and blends of natural and synthetic fibres in most people’s wardrobes. These all need to be cleaned without resorting to a cupboard full of specialised laundry products. In addition to neutral environmental consequences of using a laundry compound, it must also leave clothes clean, bright and free of residue, as well as washing machines free of damaging corrosion and build up.</td>
<td>Safe for use on all washable fabrics. Accelerated cleaning power from special enzymes that attack and remove protein and fatty stains. Colour safe oxygen bleach removes severe spots. Helps prevent corrosion and protects valuable washing machine parts and plumbing. G1 Laundry Compound will not cause build up and scum on tubs or in pumps. Earth-friendly as it returns to its original components after use.</td>

<td>Herbal Alternatives</td>
<td>Allium vegetables, such as garlic, onions, leeks, scallions and chives, have been used throughout history as folk remedies. Population and clinical studies show that regular consumption of a variety of Allium vegetables has beneficial effects especially as we grow older. Research suggests the amount of alliin contained in one clove of fresh garlic offers extensive benefits and support to our bodies. Scientists have found that many of the Allium compounds, in addition to alliin, help promote optimal well-being. Despite the benefits, people are still sometimes discouraged from ingesting Allium vegetables for fear of repeating and/or unpleasant breath odour. This has contributed to the popularity of garlic supplements even though some have the same problem. However, for a garlic supplement to be effective, it must contain both allin and alliinase, in order for the body to obtain alliin in the intestinal tract to facilitate garlic’s many benefits to the body;</td>
<td>Broad spectrum, whole-food supplementation features extracts and concentrates from the Allium vegetables garlic, onion, chive and leek. No other product boasts as complete a selection of Allium vegetables. Nutrient family approach which includes not only alliin, but also other bioactive compounds that exist naturally in Allium vegetables to maximise overall well-being. Guaranteed high alliin yield as each dose delivers 4,200 µg of alliin, the amount found in a fresh clove of garlic. Contains both allin and alliinase, the components needed to produce allicin. Targeted Delivery Technology uses enteric coating to maximise stability and absorption and assure the formation of active allicin in the intestines. No repeating or garlic breath!</td>
</tr>

<tr>
<td>Herbal Digestive Complex</td>
<td>Digestion, the second stage of the Six Stages of Nutrition, is the process by which complex foods are broken down into simpler substances which the body uses for energy and tissue building. For centuries, master herbalists have known that a calm, relaxed digestive system is essential to optimal wellness. It is also known that certain herbs work to calm and relax the digestive tract and support and promote the function of the digestive system.</td>
<td>Comprehensive formula. Our unique “complete family” approach to the formula provides broad, synergistic effects of the herbal constituents, which optimise their ability to support digestive wellness. Herbs are selected from many global traditions, bringing you the best herbal knowledge from around the world. Contains German Chamomile, which has been shown to help improve appetite and digestion and reduce inflammation. It also helps to relieve flatulence and relax gastrointestinal spasms. Contains Dandelion root, which has been shown to help support normal digestive function, lazy bowels and relieve constipation. Contains Aloe Vera extract, which has been shown to help soothe gastric mucous membranes. Guaranteed purity, potency and consistency. 100% pure herbal ingredients. Herbal formula contains no chemical or animal products.</td>

Herbal Respiratory Formula

Herbalists have long known that a healthy and unrestricted respiratory system, free from allergic reactions, is critical to optimal wellness. It is also known that certain herbs work to support the respiratory system helping to prevent periods of imbalance.

Dosage: 1 tablet morning and evening.

Comprehensive formula. Our unique “complete family” approach to the formula provides broad, synergistic effects of the herbal constituents, which optimise their ability to support the function of the respiratory system.

Herbs are selected from many global traditions, bringing you the best herbal knowledge from around the world.

Contains Elecampane root, which has been shown to assist in promoting and supporting the function of the respiratory system, help relieve coughing and protect against recurrent respiratory infections.

Contains Nettle leaf and Elder flower, which have been shown to help relieve minor symptoms of allergies and hay fever and soothe respiratory mucosa.

Guaranteed purity, potency and consistency, 100% pure herbal ingredients. Herbal formula contains no chemical or animal products.

PRODUCT FULFILLS WHAT NEEDS? THE NEOLIFE DIFFERENCE

Herbal Respiratory Formula

Code 2900
60 tablets

Dosage: 1 tablet morning and evening.

Comprehensive formula. Our unique “complete family” approach to the formula provides broad, synergistic effects of the herbal constituents, which optimise their ability to support the function of the respiratory system.

Herbs are selected from many global traditions, bringing you the best herbal knowledge from around the world.

Contains Elecampane root, which has been shown to assist in promoting and supporting the function of the respiratory system, help relieve coughing and protect against recurrent respiratory infections.

Contains Nettle leaf and Elder flower, which have been shown to help relieve minor symptoms of allergies and hay fever and soothe respiratory mucosa.

Guaranteed purity, potency and consistency, 100% pure herbal ingredients. Herbal formula contains no chemical or animal products.

Herbal Rest & Relax Formula

Code 2901
60 tablets

Dosage: 1 tablet morning and evening.

To help relax the body, master herbalists have long believed that you must first “calm the mind”. It is also known that certain herbs work to balance and quiet the mind - essential before true relaxation or a good night’s sleep can be experienced.

Comprehensive formula. Our unique “complete family” approach to the formula provides broad, synergistic effects of the herbal constituents, which optimise their ability to support a relaxed body and quiet mind essential for normal sleep function.

Herbs are selected from many global traditions, bringing you the best herbal knowledge from around the world.

Contains St. John’s Wort, which has been shown to help support calmness, relieve low mood and support positive mental attitude.

Contains Lemon Balm and Passion Flower which have been shown to help calm and relax the body, assist in overcoming sleeplessness and mild depression.

Guaranteed purity, potency and consistency, 100% pure herbal ingredients. Herbal formula contains no chemical or animal products.

Lipotropic Adjunct

Code 2509
90 tablets

Dosage: 2 to 4 tablets daily.

Research indicates that moderate homocysteine levels are important for the long-term health of your blood vessels, arteries, heart and brain.

Lipotropic Adjunct was developed specifically to address the regulation of homocysteine levels and to assist lipid metabolism.

Concentrated lipotropic factors (choline and inositol) assist the mobilisation and utilisation of dietary fats.

Contains folic acid, vitamin B6 and vitamin B12 - nutrients known to lower blood levels of homocysteine, a metabolic by-product that can accumulate to dangerous levels and damage blood vessels.

Betaine hydrochloride helps create an environment conducive to vitamin B12 absorption. Betaine is itself involved in homocysteine metabolism.

Citrus bioflavonoids, including hesperidin, support the health of the circulatory system.

--- | --- | ---
Liquid-Vite | Young children and others who are unable to chew or take capsules need an alternate form of nutritional supplementation. Not only are important vitamins needed for growth and development, but lipids and sterols are especially important for the production of healthy new cells. Lipids and sterols provide critical support for healthy cellular uptake of nutrients, and cellular export of waste and metabolites. Because lipids and sterols help enhance cellular nutrition, they can play an important role in healthy development of organ systems. Like adults, toddlers and children are exposed to oxidative stress. A diet rich in carotenoids, flavonoids, and vitamins C and E help keep blood and cellular antioxidant levels high and support healthy immune activity. Additionally, the amount of energy expended by toddlers and children requires efficient utilisation of fat. L-carnitine, an amino acid, is directly involved in fat utilisation and cellular energy metabolism. | Convenient, easy-to-take formula, suitable for toddlers, children and adults, who want or need a fluid supplement. NeoLife’s exclusive Tre-en-on® Grain Concentrates, provide lipids and sterols to support complete nutrition at the cellular level. Broad-spectrum antioxidant protection and immune support from whole-food carotenoids and flavonoids, plus vitamins C and E. L-carnitine to support fat utilisation and energy metabolism. 12 important vitamins in just one serving can assist in meeting daily micronutrient needs for vitamins A, B1, B2, B6, B12, C, D and E, folate acid, niacin, biotin, and pantothentic acid for children under four years of age. Delicious citrus flavour appeals to people of all ages.

Masculine Herbal Complex | Though you may be healthy in all other respects, imbalances or disruptions of natural male functions can occur and undermine feelings of wellness and male vitality. For centuries, master herbalists have known that men have unique needs, and that certain herbs work to balance and support normal masculine function and improve wellness and vitality. | Comprehensive formula. Our unique “complete family” approach to the formula provides broad, synergistic effects of the herbal constituents, which optimise their ability to promote vital male balance. Herbs are selected from many global traditions, bringing you the best herbal knowledge from around the world. Contains St. John’s Wort and Skullcap which help support calmness, release low mood and support positive mental attitude. Contains Damiana for boosting vitality. Guaranteed purity, potency and consistency. 100% pure herbal ingredients. Herbal formula contains no chemical or animal products.

Mind Enhancement | Our mental functioning tends to weaken when we are faced with various forms of stress and can include anything from simple fatigue to degeneration linked to ageing. Master herbalists have long known that our capacity for focused concentration, clear thinking and accurate recall can be supported and even enhanced with an appropriate mix of herbs. These herbs help to optimise critical blood circulation to the brain and protect it from free radical damage associated with mental decline. | Comprehensive formula. Herbs are selected from many global traditions. Contains Ginkgo biloba (leaf) which has been shown to promote blood vessel flexibility and improve blood flow. Contains Gotu kola which has been associated with mental clarity and enhanced memory function. Contains Red sage which helps to increase alertness and ability to concentrate and provides strong antioxidant properties which help minimise and protect against age related mental decline. Guaranteed purity, potency and consistency. 100% pure herbal ingredients. Herbal formula contains no chemical or animal products.

**PRODUCT** | **FULFILLS WHAT NEEDS?** | **THE NEOLIFE DIFFERENCE**
--- | --- | ---
Multi | Obtaining the diversity and density of nutrients needed for the human body to function properly has become a recognised challenge, given our modern lifestyles and in many cases the quality of the food available. The inevitable dietary gaps that result and their definite health consequences, support the fact that virtually everyone can benefit from nutritional supplementation. It is therefore important to ensure that everyone has the opportunity to reduce the likelihood of dietary gaps. Daily supplementation of key vitamins, important minerals and trace minerals can be particularly beneficial. However, not everyone may require the same mix of nutrients. Iron, for example, is an essential mineral that many people adequately obtain from their normal diet. | Entry level product helping to prevent the start of dietary gaps. Comprehensive formula containing key vitamins, minerals and trace minerals. IRON FREE. No artificial colouring and preservative free.

Multi-Fibre Blend | High-fibre diets have been linked to reduced risk of disease, improved health and weight maintenance. Unfortunately most of us eat only 10-15 grams of fibre daily - about half the amount recommended by the National Cancer Institute. Multi-Fibre blend provides a convenient way to boost dietary intake of fibre from 16 different whole food sources. | Fibre from 16 whole-food sources. Contains oat fibre, soya fibre, citrus fibre, pea fibre, oat bran, beet fibre, soya bran, lemon pectin, fig powder, apple powder, banana powder, almond meal, prune powder, orange fibre, apple fibre, acerola fibre, peanut flour, carrot fibre, and sun choke (Jerusalem artichoke) flour. All 5 types of fibre that includes insoluble fibre (cellulose, hemicellulose, and lignin) and soluble fibre (gums and pectin), in the natural balance of whole foods, to provide a broad range of benefits. Concentrated, with each serving containing 7 grams of dietary fibre - one quarter of the daily requirement. What’s more, Multi-Fibre Blend is low in fat, sodium and kilojoules, and contains no cholesterol. Convenient, as it mixes easily with your favourite beverages and foods. It can be used to boost the fibre content of milk, juice or yoghurt, hot and cold cereals, breads and other baked goods, meatloaf, pasta, casseroles, sauces, etc. 100% vegetarian, containing no animal products. Only 42 kilojoules per serving.

### FULFILLS WHAT NEEDS?

- Diet is the only source of minerals for the body. Although only relatively small amounts of minerals are required they are absolutely essential to normal mental and physical functioning. Many mineral functions are intertwined with those of vitamins although mineral deficiencies appear to be more common than vitamin deficiencies. A blend of macro, micro and trace minerals with Alfalfa, a particularly nutrient-rich plant and one of the most complete in our food chain, provides broad spectrum mineral content in forms drawn directly from nature.

- NeoLifeBar is a delicious snack that satisfies your hunger between meals. Great for the whole family!

### THE NEOLIFE DIFFERENCE

- Broad spectrum formulation containing macro, micro and trace minerals.

- Custom Trace Mineral Blend containing Atlantic kelp, watercress, parsley, chlorophyll and Irish moss for broad spectrum mineral availability.

- Alfalfa is grown without pesticides and is field ripened.

- Alfalfa is air-dried as low temperature natural drying protects nutrient value.

- NeoLifeBar is a delicious snack that satisfies your hunger between meals. Great for the whole family!

- Based on Glycemic Response Control Technology to help minimise fat storage and promote fat burning.

- Rich source of protein and fibre from the NeoLife proprietary protein and fibre blend to help you feel fuller for longer.

- Whole grain goodness from soya crisps blended with rolled oats.

- Provides omega-3s from flaxseed, with ALA which is an essential fatty acid that may play a role in managing normal inflammatory processes our bodies experience on a day-to-day basis. Also a good source of dietary fibre and beneficial lignans.

- Antioxidants abound with mixed berries.

- Chunks of nuts and seeds provide a boost of protein, fibre, and delicious flavour.

- 17 essential vitamins and minerals.

- Makes the perfect snack in the AM and PM as part of the NeoLife Weight Management Programme.

- Gluten free

- Dairy free

### FULFILLS WHAT NEEDS?

- Traditional snack foods such as potato chips, cheese curls, and chocolate cookies have lined the shelves of our neighbourhood supermarkets and grocery stores for decades. Although they are convenient, many snack products sold today are far from wholesome; they contain empty kilojoules and unhealthy ingredients such as high fructose corn syrup and trans fats. Such foods can be consumed as a small part of an overall nutritious and balanced diet, but may contribute to the obesity epidemic when not consumed in moderation. That’s why it’s important to have a healthy choice in snacks especially when striving to achieve or maintain a healthy weight.

- NeoLifeTea offers a quick and safe pick-me-up. An exclusive Energy Blend of ingredients help the body to feel more energetic and work more efficiently, while Herbal Blend Ingredients enhance alertness and well-being.

### THE NEOLIFE DIFFERENCE

- Exclusive Energy Blend of green, black, and white tea.

- Exclusive Herbal Blend of Ginseng, Codonopsis, and Rhodiola.

- Packed with antioxidants.

- Pleasantly flavoured and sweetened with lemon, fructose and honey.

- Mixes instantly in water.

- Enjoy hot or cold.

- Convenient on-the-go sticks.

- No artificial colours, flavours, sweeteners, or preservatives added.

- Only 21 kilojoules per serving.
Nutriance Aloe Vera Gel
Code 2316
100 ml

People have recognised the beneficial effects of Aloe Vera throughout virtually all of recorded history and it remains a favourite choice for use in promoting healthy skin. Aloe Vera works with the skin’s natural moisture barrier to help soothe and soften skin that has undergone rough treatment. Also, Aloe Vera helps counter the effects of overexposure to the outdoor elements and promotes youthful smoothness and elasticity. Certain botanicals work synergistically with Aloe Vera to offer extra soothing relief, to support healthy skin and cellular renewal.

Directions for use: Apply skin as needed.

250 ml

Item #2316

Exceptionally effective soothing relief from over exposure to sun, wind and cold is provided by the finest grade of Aloe Vera Gel, enhanced by the addition of the botanicals, Calendula, Chamomile, Cornflower and St. John’s Wort.

Clinically proven to calm the skin’s surface and alleviate minor skin discomforts. Helps revive skin suffering from overexposure and related effects to glowing, beautiful health.

Includes Allantoin and Calendula to support normal cellular renewal.

Nutriance Nourishing Hand & Body Lotion
Code 2315
250 ml

Skin on hands and body is exposed to a variety of stresses. Sun, wind, environmental pollutants, frequent exposure to dishwashing detergents and other cleaners, and extended contact with clothing can deplete moisture and irritate skin. Summer exposure to chlorine, salt water, and sunscreen can rob skin of its natural protective oils and alter skin’s normal pH balance. Cold weather can chap, chafe, and dry skin, especially the hands, which are prone to becoming rough and reddened. To be healthy, smooth, and supple year round, skin from head-to-toe needs moisture, nourishment, and protection every day. Certain botanicals can soothe, nourish, and revitalise skin, to restore a healthy glow. Oil-based formulae can leave an unwanted and unsightly oily residue on skin.

Directions for use: Apply to the hands and body regularly and liberally.

Unique blend of conditioners that bond with hair shaft to restore dry and damaged hair back to its youthful appearance and feel.

Gentle, thorough cleansing of hair without stripping essential moisture, provided by a synergistic, extra-mild, multi-cleaner system.

Gentle, thorough cleansing of hair without stripping essential moisture, provided by a synergistic, extra-mild, multi-cleaner system.

Clinically proven to add extra moisture and support the skin’s moisture barrier with Aloe Vera, Linden Extract and Pro-Vitamin B5 (Panthenol).

Helps to soften skin and promote elasticity with a unique botanical blend.

Helps maintain a normal skin surface pH with a water soluble formula.

Clinically tested in Europe’s most prestigious dermatological research facility.

Helps provide protection from subsequent heat styling, the environment and other stresses.

Helps maintain hair’s natural protective lipid balance and give hair added body and lustre with Sweet Almond Extract and Pro-Vitamin B5 (Panthenol).

The perfect complement to Nutriance Rich Revitalizing Shampoo & Mild Revitalizing Shampoo.

Gentle, free-rinsing formula leaves hair vibrant and easy to manage; tangle-free.

Gentle, free-rinsing formula leaves hair vibrant and easy to manage.

Helps maintain a normal skin surface pH with a water soluble formula.

<td>Nutriance Organic Cleansing Gel</td>
<td>Clean skin is an important part of every skin care regimen and is a vital step to preparing the skin surface for subsequent steps in your daily skin care. Regular cleansing washes away harmful impurities like environmental pollutants and grime, and keeps skin looking youthful and fresh by eliminating stale surface oils that are no longer working to moisturize your skin. Cleansing allows the opportunity to gently exfoliate surface layers of skin that can give your complexion a dull appearance. However, it’s important to use cleansers that aren’t harsh, drying, or upsetting to the pH balance of your skin.</td>
<td></td>
</tr>
<tr>
<td>Item #2332 150 ml</td>
<td>The First Step of the 3 Step System: Cleanse &amp; Detoxify. Recommended for Combination/Oily skin to cleanse perfectly and revitalise and rebalance the skin. Has a detoxifying, and purifying action that reduces the appearance of pores and leaves the skin smooth. Its unique isotonic formula contains a high concentration of pure seawater with a rich natural diversity of minerals and trace elements which are delivered effectively to the skin outer layer. Proven to naturally cleanse &amp; refine pores without drying out the skin with nourishing and skin comforting essential oils. Pure seawater provides vital minerals, and trace elements to the epidermis to revitalise the cells. Hydrolysed wheat proteins (wheat peptides) are rich in essential amino acids which reinforce the skin’s natural barrier, nourishing, softening and soothing the skin. The red seaweed extract Dulse (Palmaria palmata) contains essential amino acids, and other skin nutrients which reinforce the skin’s natural barrier. Clinically tested and proven safe and well tolerated in Europe’s most prestigious dermatological research facility.</td>
<td></td>

However, it’s important to use cleansers that aren’t harsh, drying, or upsetting to the pH balance of your skin.</td>
<td></td>
</tr>
<tr>
<td>Item #2333 150 ml</td>
<td>The First Step of the 3 Step System: Cleanse &amp; Detoxify. Recommended for Normal/Dry skin to cleanse perfectly and smoothly and detoxify, leaving the skin soft and hydrated. A silky emulsion enriched with marine and botanical ingredients clinically proven to gently removes impurities, dirt, stale surface oils, makeup residue and to exfoliate surface layers of skin that can give your complexion a dull appearance. Effectively utilises the skins nourishing and comforting essential oils to naturally cleanse &amp; refine pores without drying out the skin’s surface. Gently cleanses while soothing the skin with Chamomile (Anthemis nobilis) flower water. Includes Sweet Almond (Prunus amygdalus dulcis) and English Lavender (Lavandula angustifolia) to soothe and comfort the skin. Enriched with the protective brown seaweed extracts (Fucus vesiculosus and Fucus spiralis) and wheat peptides which nourish, protect and reinforce the skin’s natural barrier. Hydrolysed wheat proteins (phyto peptides) are known for moisturising and nourishing the skin to leave it soft. Clinically proven performance, verified by Europe’s most prestigious dermatological research facility to be non-dehydrating. A single application of Nutriance Organic Cleansing Milk was found to increase skin hydration after 30 minutes and up to 4 hours after use.</td>
<td></td>
</tr>
<tr>
<td>Nutriance Organic Gentle Makeup Remover</td>
<td>Using the right makeup remover is vital to keeping skin looking youthful and flawless. Successfully removing makeup from the skin is a crucial step towards younger looking skin. Excess makeup can interfere with the skin’s natural process of renewal, allowing dead skin cells to build up. This may cause skin to look dull and feel rough and dry. Clearing away this dulling debris on the skin surface supports the natural process of growth of healthy new skin cells and can avoid the pores becoming clogged.</td>
<td>Contains organically sourced botanical ingredients to condition the skin. A 2-in-1 skin care product formulated to gently remove makeup while also energising, and reinforcing the natural film of protection. Suitable for all skin types, even sensitive skin. Rich in natural essential oils to create a lasting feeling of freshness. Lime and lemon oils in synergy with Sea Fennel help gently soothe and exfoliate the skin while the oils of the Papaya and Apricot kernel energise and soften the skin. Exclusive Cornflower water rehydrates, increases moisture, softens and decongests. Alcohol-free, with a 5.3 pH, close to that of human tears (lachrymal fluid) to help alleviate eye irritation. Clinically tested and proven safe, well tolerated and non-irritating under dermatological control in a leading European skin care clinic.</td>

*Some products may not be available in every market.*
**Nutriance Organic Ultra Hydrating Serum**  
Item #2335  
75 ml  

Moisture is critical to healthy skin. When deprived of moisture, skin may begin to look and feel dry. The purpose of including a moisturizer in your daily skin care regimen is to bring more than water to the skin’s surface. As we age, the skin’s natural oil producing glands tend to slow down, reducing the skin’s ability to retain moisture. Cellular renewal also slows down, causing skin closer to the surface to become drier. Excessive dryness may be caused by environmental, genetic or many various factors, even cold and harsh skin care products can affect the skin’s moisture levels. The longer skin remains “thirsty,” the sooner it will begin to show lines and wrinkles.

**The truth is that your skin care routine should contain a skin-loving array of antioxidants, replenishing, and skin-restoring ingredients but sometimes depending on an individual’s situation additional assistance may be warranted. Serums are special: Serums are more advanced, concentrated formulations designed to address specific needs in a more focused, enriching manner. Serums can assist skin with hydration, conditioning and nourishment, and contain a higher concentrated amount of valuable active ingredients.**

Some products may not be available in every market.

**Nutriance Organic Ultra Moisturizing Cream**  
Item #2338  
75 ml  

The first part of the third step of the 3 Step System: Activate & Nourish. Recommended for Normal/Dry skin. This serum delivers vital nutrients to protect the skin while preparing it for further nourishment. A triple acting formula that nourishes and moisturizes the skin giving it a youthful glow. Formulated with pure seawater, this innovative isotonic formula delivers essential trace elements and minerals to the skin’s outer layers helping to protect and strengthen the skin. The cells are energized, conditioned and ready for further nourishment. Rich in a unique combination of botanical extracts: Sea Fennel (Crithmum maritimum), rich in polyphenols and essential oils and brown seaweed (Fucus spiralis), betaglucans for soothing and protective effects. Rich in Hyaluronic acid, a powerful moisturizing agent, works in synergy with the plant botanical extract from Gugul (Commiphora mukul) to plump the skin to provide smoothing qualities. Delivers essential oils (Avocado, Almond, Apricot, Tamanu and Jojoba) provides vitamins and essential fatty acids to nourish the skin. Helps maintain a normal acidic skin surface pH. Proven to be safe and well tolerated under dermatological control in a leading European skin care clinic. A single application of Nutriance Ultra Hydrating Serum was found to boost skin hydration in a highly significant manner after just 30 minutes, an effect which lasted beyond 18 hours. It was also proven to increase skin radiance.

The final step of the 3 Step System: Activate & Nourish. Recommended for Normal/Dry skin. Leaves skin soft and radiant. Contains marine botanicals from brown, green and red seaweeds. These marine ingredients have excellent nutritive and protective properties and are biocompatible. With the “Wrinkle-Fighting Complex”, a unique combination of marine pentasaccharides (MPS) from green seaweed (Enteromorpha compressa) and the galactomannan from Tara (Cassapila spinosa) to protect and strengthen skin. Red seaweed extract—Dulse (Palmaria palmata) delivering a wealth of minerals and trace elements and nutritive amino acids. Cranberry (Vaccinium macrocarpon) and Sunflower (Helianthus annuus) seed oils nourish the skin and provide extra support for the skin’s protective lipid barrier. Proven to nourish, soften and revitalize the skin. Helps maintain a normal acidic skin surface pH. A single application of Nutriance Ultra Moisturising Cream was found to increase skin hydration in a highly significant manner after just 30 minutes. This effect continued for a full 24 hours, demonstrating that the product had a long-lasting moisturizing effect.

**Nutriance Refreshing Bath & Shower Gel**  
Code 2214  
250 ml  

Directions for use: Apply directly to moistened skin or onto a wet sponge. Bathing is a necessary daily ritual that not only cleanses, but refreshes, too. Today’s body cleansers are expected to wash away dirt, surface oils and perspiration, while leaving the skin soft and supple without a soapy residue that can cause flaky, scaly skin. Hanah provides extra assistance by helping to maintain skin’s natural pH balance, causing even more harm. Certain botanicals calm, soothe and protect skin’s suppleness, while others support the skin’s natural moisture barrier.

**Nutriance Rich Revitalizing Shampoo**  
Code 2310  
250 ml  

Directions for use: Massage into hair and scalp. Rinse well. Suitable for daily use. Hair and scalp need regular, gentle cleansing to remove dust, perspiration, environmental pollutants, hairpray and other styling products that cause buildup. Hair looks and feels its best when it retains sufficient moisture; with too little moisture, hair becomes more difficult to manage. Many products on the market are only effective on limited types of hair. Some shampoos are hard to rinse out, leaving a soapy residue that can cause flakes, and others can upset the natural pH balance of hair and scalp. Certain botanicals can assist in the removal of buildup, and others can help maintain natural moisture balance.

**NutriShake**  
Contains; 500 g/25 servings  
Code 2582, Vanilla  
Code 2583, Strawberry  
Code 2584, Chocolate  
Dosage: Mix 2 slightly heaped scoops with milk or fruit juice. (Scoop provided).

An energy filled day begins with the right combination of high quality protein, plus carbohydrates. Proteins build and replace body cells. Protein itself is made up of amino acids. Amino acids must all be present and in balance, for protein to function properly in the body. There are 22 amino acids, and nine of them are considered “dietary essentials”. Children and other picky eaters need nutrient-dense foods but the tasty foods they may prefer are often loaded with excessive sucrose and/or fat.

**NutriTonic**  
Contains; 250 ml  
Directions for use:  
Dosage: Once a day.  
Directions for use: Mix 2 slightly heaped scoops with milk or fruit juice.  
Dosage: Once a day.

Omega-3 Salmon Oil
Code 2670
30 capsules
Code 2671
100 capsules
Dosage: Dosage 1 or more capsules daily.

Research shows that a diet which regularly includes fish rich in omega-3 fatty acids, EPA (eicosapentaenoic acid) and DHA (docosahexaenoic acid), derived from cold-water fish, has been associated with a variety of excellent and important benefits to the proper functioning and overall well-being of our bodies.

Derived from pure salmon oil, one of nature’s richest sources of omega-3 fatty acids, cold-press processed.

Only the finest, top quality, health-screened salmon, chosen from fish selected for human consumption and certified disease-free.

Laboratory certified potency. Three capsules provide 165 mg EPA and 135 mg DHA.

Balanced ratios of EPA & DHA as found in nature.

Extremely low in cholesterol with just 1 mg per capsule.

Low-kilojoules. Only 21 kilojoules per capsule.

Soft gelatin capsules are easy to swallow.

Omega-3 Salmon Oil Plus
Code 2672
90 capsules
Dosage: 3 capsules daily with meals.

Research shows diets that regularly include fish rich in all 8 members of the omega-3 fatty acids, including EPA (Eicosapentaenoic acid) and DHA (Docosahexaenoic acid), provide a variety of health benefits. EPA and DHA have been shown to support healthy cardiovascular function. Omega-3 fatty acids, in particular DHA, are important for visual and neuronal development. Derived from oils from cold-water fish, omega-3s may support healthy blood levels of cholesterol, triglycerides and very low-density lipoproteins; normal levels of each of these have been associated with cardiovascular health. Plus, omega-3 fatty acids may offer other health benefits, such as easing the inflammation associated with the overuse of joints.

Completeness. Provides all eight members of the omega-3 family, including EPA, DHA, DPA, ETA and ALA.

Each 3 capsule serving provides 1 070 mg of omega-3 fatty acids including 460mg EPA and 480mg DHA.

Purity. Derived from pure natural Salmon Oil, one of nature’s richest sources of omega-3 fatty acids.

Potency. Contains UHP03, a NeoLife exclusive, derived by a process called “molecular differentiation” that delivers ultra-high potency and purity of all the natural Omega-3 fatty acids, including DHA and EPA.

Safety. Only the finest, top quality, health-screened omega-3 sources from salmon, tuna, anchovies and sardines. Tested for more than 200 potential contaminants with an allowable detection level of ZERO! No risk of accumulated toxins common to some forms of fish; no hidden vitamins A or D.

Leading-edge technology. Boosts specific, health-promoting omega-3 fatty acid levels while maintaining the whole food goodness of salmon oil.

Proven. Clinically proven to support heart and cardiovascular health.

Omega-3 Salmon Oil Plus Mini
Code 2673
60 capsules
Dosage: 2 capsules daily with meals.

Research shows diets that regularly include fish rich in all 8 members of the omega-3 fatty acids, including EPA (Eicosapentaenoic acid) and DHA (Docosahexaenoic acid) provide a variety of health benefits. Derived from the oils of cold-water fish, omega-3s help support cognitive health and brain function in general, and in children up to the age of 12, help support development of the brain, eyes and nerves.

Completeness. Provides all eight members of the omega-3 family, including EPA, DHA, DPA, ETA and ALA.

Each 2 capsule serving provides 356mg of omega-3 fatty acids including 153mg EPA and 160mg DHA.

Purity. Derived from pure natural Salmon Oil, one of nature’s richest sources of omega-3 fatty acids.

Potency. Contains UHP03, a NeoLife exclusive, derived by a process called “molecular differentiation” that delivers ultra-high potency and purity of all the natural Omega-3 fatty acids, including DHA and EPA.

Safety. Only the finest, top quality, health-screened omega-3 sources from salmon, tuna, anchovies and sardines. Tested for more than 200 potential contaminants with an allowable detection level of ZERO! No risk of accumulated toxins common to some forms of fish; no hidden vitamins A or D.

Leading-edge technology. Boosts specific, health-promoting omega-3 fatty acid levels while maintaining the whole food goodness of salmon oil.

Easy to Swallow. Small, soft gelatin capsules.

Oxygen Bleach
Code 2431
1 kg

Bleachable soils encountered in household and institutional laundry consists of a wide variety of substances. So it is important that a bleaching agent is effective at removing stubborn spots while being colour-safe and even brightening whites and coloured fabrics. It should be easy to use by simply adding a bleach to the laundry compound or directly to the wash cycle.

Optimal effectiveness at 60°C.

Earth-friendly by returning to its original components after use.

PhytoDefence
Daily Phyto-nutrient Protection Pack
Code 2503
30 sachets

Research suggests that diets with high levels of carotenoids, flavonoids and the active constituents from the recommended amount of cruciferous vegetables will help to combat oxidative damage to cells and offer significant benefits to our general well-being. It appears that these nutrients, termed phytonutrients, are most effective when several types are consumed together. Only a minority of people eat adequate amounts of the fruits and vegetables that would provide these carotenoids, flavonoids and cruciferous constituents. It is also apparent that some consumers are not aware of how many of each nutrient to consume on a daily basis.

First product of its kind to offer scientifically proven phytonutrient protection.

Convenient individual sachets deliver optimal daily supply of recommended phytonutrients.

A balanced mix of the equivalent of 6 optimal servings of whole food phytonutrient fruit and vegetables.

Each sachet contains: 3 brown, soft-gel capsules providing a broad spectrum of nature’s oil soluble carotenoids; 2 purple tablets providing water soluble antioxidant diversity from a broad flavonoid spectrum of fruit and vegetable extracts and concentrates and 1 light green tablet providing the phytonutrient profile of an optimal serving of cruciferous vegetables containing a broad spectrum of bioactive ingredients.

Some of the most crucial factors in the nutritional foundation children are building for a lifetime of optimal well-being, are the protective antioxidant nutrients. They receive some of their greatest threats during childhood yet their defence systems are still immature. Antioxidant phytonutrients such as carotenoids and flavonoids from fruits and vegetables have been shown to be immunosupporting. Antioxidant protection is doubly important for children as they burn more energy in a day than many adults twice their size. This high energy output for growth, development and general activity produces unwanted free radicals. Despite this need, studies show that children’s diets are often lacking the recommended daily servings of fruits and vegetables and thus are deficient in such antioxidant nutrients as vitamins A, C & E, the carotenoids, flavonoids and zinc.

Complete antioxidant protection, specially designed to meet the needs of children from the time they can comfortably chew a tablet - with the antioxidant nutrients they’re most likely to be missing.

Includes Carotenoid and Flavonoid Blends, exclusive to NeoLife. These broad spectrum antioxidants from whole foods protect both lipid regions and watery portions of cells.

Convenient dose contains phytonutrients equivalent to one serving of fruits and vegetables.

Chewable tablets, with a great tasting flavour derived from fruit essences. Contains no artificial flavours, no artificial colours and no preservatives.

Sweetened with fructose and fruit juice concentrates. Contains no sucrose and no synthetic sweeteners.

Vita Guard

Dosage: 2 tablets daily.

Incorporates Octacosanol

Complete vitamin and mineral support, specially designed to meet the needs of children from the time they can comfortably chew a tablet.

Includes Tre-en-en Grain Concentrates, exclusive to NeoLife, providing important lipids and sterols.

Chewable tablets, with a great tasting flavour derived from fruit essences. Contains no artificial flavours, no artificial colours and no preservatives.

Sweetened with fructose and fruit juice concentrates. Contains no sucrose and no synthetic sweeteners.

Vita Squares

Dosage: 3 tablets daily.

Includes Carotenoid and Flavonoid Blends

A solid nutritional foundation is important for children to build upon for a lifetime of optimal well-being. Yet surveys indicate the diets of children and adolescents are lacking in several essential nutrients, such as iron, vitamins A, E & C, zinc, niacin, vitamin B6 and folic acid. Dietary fats, known as lipids and sterols, which influence nutrition at the cellular level are also important. As children grow, their bodies are building new cells, which make up tissue, bones, blood, muscles and nerves. This multiplies their needs for complete nutrition. With such a demand by the body for high level nutrition, even a healthy diet may have nutritional gaps.

Complete vitamin and mineral support, specially designed to meet the needs of children from the time they can comfortably chew a tablet.

Includes Tre-en-en Grain Concentrates, exclusive to NeoLife, providing important lipids and sterols.

Chewable tablets, with a great tasting flavour derived from fruit essences. Contains no artificial flavours, no artificial colours and no preservatives.

Sweetened with fructose and fruit juice concentrates. Contains no sucrose and no synthetic sweeteners.

Vitamin A & D

Dosage: 1 capsule daily.

Vitamin A is well known for the maintenance of good vision and healthy skin, hair and nails while Vitamin D helps the body utilise calcium necessary for the normal development and maintenance of strong bones and teeth.

100% premium cod liver oil from fish of the glacial fed Northern Atlantic waters.

No unpleasant taste or odour, soft gelatin capsule protects potency and makes product easy to swallow.

Vitamin B Co.

Sustained Release

Dosage: 1 tablet daily.

Reg. T1138 (Act 101/1965)

The various B vitamins are important for general well-being and are essential for many body functions. Vitamins of the B complex group are important co-factors in the metabolism of the food we eat, help maintain healthy nerve function, are involved in the manufacture of red blood cells and contribute to healthy skin and hair. B vitamins are water soluble and are not stored, so the body needs a daily supply. Processed food that has been refined, canned or overcooked will have some or most of it’s B vitamins destroyed.

Complete Formula contains all members of the essential vitamin B family and in addition supplies all nutritional factors found in vitamin B rich foods.

Biologically bound yeast source for overall completeness.

Balanced natural ratios help to avoid a high intake of one which may induce a deficiency in others.

Formula provides availability of high potency B vitamins.

Sustained release technology ensures a slow monitored release into the system for up to 6 hours.

100 tablets  
Dosage: 1 tablet daily.  
Reg. T1135 (Act 101/1965) | Vitamin C is an essential nutrient that cannot be stored in the body; it must be consumed every day. Current research verifies the importance of vitamin C as a water soluble antioxidant assisting in keeping cells healthy. It also plays a role in maintaining healthy gums, skin, connective tissue and improved iron absorption. | Potency dosage of 500 mg per tablet.  
Sustained Release technology maintains release of nutrients for up to 6 hours.  
Includes bioflavonoids to enhance absorption and utilisation of vitamin C. |
**Vitamin E 200 I.U.**  
Code: 2774  
60 capsules  
Dosage: 1 capsule daily.  
Reg. T1139 (Act 101/1965) | Vitamin E and the vitamin E family of nutrients (alpha, beta, delta & gamma tocopherols and tocotrienols) are an important group of antioxidants. While vitamin E supplements are easy to find in the marketplace, many are inferior in that many important nutrients are lost during the manufacturing process. New research keeps reinforcing the importance of having sufficient vitamin E nutrients in the diet. | Rich complex of food based vitamin E.  
Contains mixed tocopherols.  
Protects unsaturated fatty acids and vitamin A against oxidation in the body.  
Functions as a tissue antioxidant thereby keeping cells healthy. |
**Wash 'n Wax**  
Code: 2061  
500 ml  
Directions for use: Pour 5 ml into a bucket and add 6 litres of water at full pressure. | Second to a home, a car is probably the biggest investment a person will ever make. The two worst enemies for the finish on a car, or any painted metal surface, are abrasion and oxidation. Constant use of an abrasive polish can lead to thinning and wearing of the painted surface. The painted surface being porous results in molecules of air entering the surface and causing oxidation (similar to rust). Road film, environmental salt spray, sun and other factors all add to further breakdown on the surface. The process of wear and oxidation are continuous, so steps need to be taken to prevent them from occurring. | Dual surfactant system, specially formulated for maximum non-abrasive cleaning and protection.  
Protective silicone film displays excellent water barrier properties by promoting increased run-off due to beading.  
Reduced oxidation due to this silicone protection.  
Concentrated and economical with just a small dose in cold water displaying excellent foaming properties.  
Useful household applications since the same mixture is effective for cleaning surfaces of fixtures and appliances found in kitchens and bathrooms. |
**Weight Loss Programme**  
See Ami-Tone, GR2 Control, NeoLifeBar, NeoLifeShake and NeoLifeTea | |  
**Wheat Germ Oil**  
Code: 2561  
60 capsules  
Dosage: 1 capsule daily.  
Reg. T1142 (Act 101/1965) | Wheat germ oil is the richest source of essential vitamin E. It functions as a tissue antioxidant helping to maintain healthy cells. Vitamin E also protects unsaturated fatty acids against oxidation in the body. | Pure wheat germ oil with vitamin E.  
Cold-pressed extraction method preserves more vitamin E than heat extraction method used by many manufacturers. |
**Zinc**  
See Chelated Zinc | |  
**GILD Vitamin B Co. Sustained Release.** Ref. T1138 (Act 101/1965). Each tablet contains: Vitamin B1 50mg, Vitamin B2 50mg, Vitamin B6 50mcg, Vitamin B12 200mcg, Pantothenic Acid 200mcg, Nicinamidene 200mcg, Folic Acid 400mcg, Biotin 300mcg, Choline 100mcg, Inositol 100mg, PABA 50mg.  
**GILD Vitamin C Sustained Release.** Ref. T1135 (Act 101/1965). Each tablet contains: Vitamin C 500mg, Acerola Cherry 15mg, Rose Hips 10mg, Rutin 10mg, Lamon Bio-flavonoid 10mg, Haserinad Complex 10mg.  
**GILD Daily Vitality Pack.** Ref. T1140 (Act 101/1965). Composition: 1 GILD Multi Mineral plus Alfalfa tablet contains: Calcium 325mg, Phosphorus 125mg, Magnesium 75mg, Potassium 30mg, Zinc 10mg, Iron 9mg, Copper 1mg, Alfalfa 25mg, Iron Moos 25mg, Waterross 10mg, Parsley 5mg, Chlorophyll 5mg, Iodine 100mcg. 2 GILD Formula IV capsules, composition per capsule: Vitamin A 2 500 I.U., Vitamin D 100 I.U., Vitamin B1 5mg, Vitamin B2 5 mg, Vitamin B6 5mg, Vitamin B12 5mcg, Vitamin C 75mg, Vitamin E 15 I.U., Pantothenic Acid 7,5mg, Nicinamidene 12,5mg, Folic Acid 50mcg, Calcium 50mcg, Potassium 39mg, Magnesium 5mg, Magnesium 15mg, Iron 2mg, Copper 1mg, Zinc 7,5mg, Iodine 50mcg, Rose Hips 25mg, Malt Diastase 20mg, Lezithin 50mg, Safflower Oil 132 mg, Wheatgerm Oil 50mg, Rice Bran Oil 100mg, Soya Bean Oil 75mg, Soya Protein 50mg, Yeast 50mg. 1 GILD Vitamin C Sustained Release tablet (See Ref. T1135 Act 101/1965). 1 GILD Vitamin E 200 I.U. capsule (See Ref. T1135 Act 101/1965).
