This Reference Guide is intended to quickly and concisely put the most important and relevant facts at your fingertips for every product we offer.

This guide explains why each product is important and why NeoLife is your best choice. For your convenience, all products and categories are listed alphabetically from A-to-Z.

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Acidophilus Plus™ Code 2791 60 capsules Dosage: 1 capsule daily.	<p>Many different species of naturally-occurring microorganisms, called lactobacilli, live within the gastrointestinal tract, and perform beneficial functions for gastrointestinal health. Historically, these important organisms have been supplied by dairy foods that many people today don't regularly consume. Intestinal lactobacilli aid normal digestive functions and help produce vitamins (especially B-vitamins and vitamin K). Normal levels of these lactobacilli can be upset by poor diet, illness, diarrhoea, antibiotics, drugs, alcohol, and harmful micro-organisms. Sufficient friendly lactobacilli must survive transit through an acidic stomach environment to flourish and promote a healthy balance of micro-organisms in the intestines.</p>	<p>Whole-food-derived, each capsule contains beneficial bacteria isolated from cultured dairy foods to support a healthy balance of micro-organisms in the gastrointestinal tract.</p> <p>Broad-spectrum delivery of five types of beneficial, lactic acid-producing bacteria: <i>Lactobacillus acidophilus</i>, <i>Lactobacillus bulgaricus</i>, <i>Lactobacillus casei</i>, <i>Bifidobacterium bifidum</i>, and <i>Streptococcus thermophilus</i>.</p> <p>Concentrated, with as many beneficial bacteria as 10 servings of yoghurt or 5 servings of acidophilus milk!</p> <p>Potency guaranteed for each capsule filled with 5 billion live organisms and protected for delivery to the intestines.</p> <p>Active cultures are protected by an exclusive Gel-Guard protection system assuring that the maximum number of live bacteria survive the stomach acid and reach the site of action, the intestines.</p>
Aloe Vera Gel See <i>Nutriance Aloe Vera Gel</i>		
Aloe Vera Plus Code 2783 1 litre Dosage: Drink 50-100 ml daily. (Keep refrigerated)	<p>We live in a taxing and pressurised world and seek relief from a variety of symptoms related to this lifestyle. Our bodies become physically taxed and depleted of energy and necessary nutrients. Our metabolism is also affected. Many people are turning to pure, wholesome products in an effort to deal with some of the negative elements associated with our modern lifestyle.</p>	<p>Made with 100% pure filtered Aloe Vera.</p> <p>NeoLife's Herbal Tea Blend enhances Aloe Vera's beneficial properties.</p> <p>Fructose included for sustained energy does not cause the blood sugar surge that table sugar can.</p>
Amino Acid Supplements See <i>Ami-Tone</i>		
Ami-Tone Code 2770 90 tablets Dosage: 3 tablets daily. Note: To be taken approximately 3 hours after the evening meal or at bedtime.	<p>The body requires the amino acids L-arginine and L-ornithine to produce hGH (human growth hormone). hGH supports the utilisation of fat for energy and the production of lean body tissue.</p>	<p>Supports muscle protein retention, fat mobilisation, lean tissue development and overall body toning.</p> <p>Rapid absorption and utilisation from free form amino acids, (containing L-arginine and L-ornithine).</p> <p>Works in sync with body's natural cycles having a timed dose or being taken at bedtime, it utilises regular nightly fluctuations of amino acid blood levels.</p>

Some products may not be available in every market.

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Antioxidants See <i>Betaguard®</i> , <i>Carotenoid Complex™</i> ; <i>Chelated</i> ; <i>Zinc</i> , <i>Chewable All-C</i> , <i>Flavonoid Complex™</i> , <i>Vitamin A & D</i> , <i>Vitamin C</i> , & <i>Vitamin E 200 I.U</i>		
Beta Guard Code 2788 100 tablets Dosage: 2 tablets daily.	Many of the negative factors that influence the optimal functioning of our bodies can be attributed to harmful agents in our food, water and air. Scientific investigation has found that certain nutrients may offer a measure of protection.	Formulated by the late Dr. Arthur Furst , world renowned cancer researcher and toxicologist. Unique synergistic formula includes antioxidants, beta-carotene (and other carotenoids from carrots), vitamin C and vitamin E, to trap free radical oxygen and keep cells healthy. B vitamins assist in detoxifying environmental pollutants. Zinc, GTF Chromium and Selenium have been shown to be important in the body's ability to combat very negative effects due to the presence of heavy metals.
Body Care See <i>Nutriance Aloe Vera Gel</i> , <i>Nutriance Nourishing Hand & Body Lotion</i> , <i>Nutriance Refreshing Bath & Shower Gel</i> , <i>Body Luv & PCC</i> .		
Body Luv Code 2313 250ml Directions for use: Add two squirts under running bath water. Can be applied directly to dry skin areas.	Bathing is a necessary, daily ritual that not only cleans us, but relaxes too. Harsh environmental conditions, ranging from cold weather to air pollution, damage our skin and cause dryness and cracking. The addition of a high quality bath oil can combat dryness and induce relaxation.	Delicately light and non greasy formulation. Self dispersing, spreading easily on contact with water. Pleasantly fragranced , lingering, but will not conflict with colognes or perfumes.

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Botanical Balance Item #2514 120 tablets	Balancing the uptake and utilisation of glucose is one of the most important physiological processes of the body as glucose is a key fuel. If too little glucose is available at any given time it undermines health and vitality by compromising cellular energy production; thus the function of critical tissue, organs and systems within it. Too much glucose on the other hand can react with and harm body tissues and disturb the body's natural fat storage systems; inducing unhealthy weight gain, increasing risk of cardiovascular and other chronic diseases, and ultimately disrupting or even destroying portions of the circulatory system, putting the entire body at risk.	<p>NeoLife's exclusive formula combines ancient wisdom drawn from Indian (Ayurvedic) and traditional Chinese herbal medicine, backed by leading-edge modern clinical science. Promotes a safe, broad spectrum, holistic approach to glucose balance.</p> <p>Shown to help support glucose balance in three primary ways:</p> <ol style="list-style-type: none"> 1. Manage Glucose Uptake 2. Optimise Insulin Sensitivity 3. Maximise Insulin Receptor Function <p>Proprietary Botanical Blend:</p> <p>Cinnamon (Cassia) - the most studied and proven effective form for supporting healthy glucose metabolism and healthy blood glucose levels. In addition, cinnamon has been shown to support normal insulin production and sensitivity.</p> <p>Curcumin (Curcuma long L.) - the most bioactive phytonutrient component of turmeric; curcumin provides antioxidants and is used to help relieve inflammation.</p> <p>Turmeric (Curcuma longa L.) - an antioxidant phytonutrient that provides a broad spectrum of curcuminoids and helps to balance inflammation.</p> <p>Chromium From yeast, the most bioactive form. Chromium helps the body metabolise carbohydrates and fats and provides support for healthy glucose metabolism. It is a critical co-factor with insulin and helps maintain normal cellular responsiveness.</p> <p>Alpha-Lipoic Acid Helps protect against damage caused by free radicals. It also helps support normal blood sugar levels and the cells' ability to utilise insulin.</p> <p>100% Vegan</p>
Calcium See <i>Chelated Cal-Mag</i> (with Vitamin D)		
Car Care See <i>Carpet Glo, Super 10 and Wash 'n Wax</i>		
Care Code 2411 1 litre Code 2412 5 litre Directions for use: Spray surface and allow at least a 5 minute disinfecting time before wiping.	Whether at home, school, hospital, hotel or gymnasium, cleaning can be a tough job, but adequate hygiene is an even greater challenge. A vast range of germs can happily multiply if not constantly checked and disposed of. An ineffective, untested disinfectant will have no impact on hygiene and may do more harm than good. Since each environment has its own particular needs, adherence to proven product recommendations makes for an easy and practical solution.	<p>Efficacy proven, according to SABS 636.</p> <p>Comprehensively tested against a variety of micro-organisms.</p> <p>Dosage recommendations for easy and accurate use.</p> <p>Safe to use, containing no abrasive or hazardous ingredients.</p> <p>Widely used in a variety of applications.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Carotenoid Complex Code 2564 30 capsules Code 2565 90 capsules Dosage: 1 - 3 capsules daily.	Carotenoids refer to the naturally occurring colourful family of red, yellow and orange pigments found in the fruit and vegetables we eat. They also exist in many green plants but are masked by the presence of chlorophyll. Carotenoids contribute to antioxidant activity in cellular lipids, support normal cellular growth and renewal, and promote immune cell activity. Carotenoids also assist in supporting the function of the cardiovascular system.	<p>Whole-food ingredients in an exclusive blend of concentrates derived from whole tomatoes, carrots, spinach, red bell peppers, strawberries, apricots and peaches, plus pure olive oil in a lipid-soluble formula.</p> <p>Significant immuno supporting benefits verified by three separate, independent studies by USDA researchers.</p> <p>The most complete carotenoid supplement on the market. With every capsule, you get the power of an optimal serving of fruits and vegetables including these 15 different carotenoids: Alpha-, Beta-, cis-Beta, Gamma- and Zeta-Carotene, Canthaxanthin, Capsanthin, Cryptocapsin, Alpha- and Beta-Cryptoxanthin, Lutein, Lycopene, cis-Lycopene, Violaxanthin and Zeaxanthin.</p> <p>More antioxidant power than vitamins E and C. One Carotenoid Complex capsule has the antioxidant power of 800 IU of vitamin E or 400mg of vitamin C.</p> <p>Kilograms of carotenoid power. Each bottle contains the carotenoid equivalent of 115 kilograms of the raw fruits and vegetables it's made from.</p> <p>Exclusive NutriMax Process™ preserves nutrient integrity and insures maximum bioavailability for these key phytonutrients.</p>
Carpet Glo Code 2034 1 litre Code 2035 5 litre Directions for use: Mix 1 part Carpet Glo to 40 parts water (hand cleaning). Observe instructions (machine cleaning).	Carpets and furnishings say a lot about your house and that is why it is so important to keep them clean. Having them professionally cleaned can be expensive. Most consumers agree that a carpet cleaner should be powerful, yet gentle so that it not only removes dirt but enhances the carpet's colour and general appearance.	<p>Cleans carpets and upholstery.</p> <p>Excellent features include repelling dirt, being antistatic and quick drying.</p> <p>Highly concentrated and therefore very economical.</p> <p>Voluminous foam makes for efficient dry method cleaning.</p> <p>Versatile, it also leaves window panes sparkling.</p>
Chelated Cal-Mag (with Vitamin D) Code 2722 90 tablets Dosage: 3 tablets daily.	Calcium and magnesium, necessary for strong bones and teeth are also critical for cardiovascular health, nerve and muscle function and many enzyme functions. Vitamin D promotes calcium absorption and maintenance to enable normal bone mineralisation and growth.	<p>Exclusive double amino acid chelation (with glycine) to promote higher calcium and magnesium absorption.</p> <p>Preferred 2:1 ratio of calcium to magnesium to meet the body's needs.</p> <p>Readily absorbable and highly bioavailable vitamin D3.</p> <p>Pharmaceutically pure – seashell sourced calcium.</p>
Chelated Iron Code 2786 100 tablets Dosage: 1 tablet daily.	Iron is essential for overall well-being; it is present in every living cell of the human body. Iron helps maintain healthy red blood cells which play a role in oxygen transportation.	<p>Enhanced absorption from unique NeoLife amino acid chelation (with glycine).</p> <p>Pharmaceutical grade iron is the base that provides high purity and quality.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Chelated Zinc Code 2787 100 tablets Dosage: 2 tablets daily.	Zinc is needed in over 100 of the body's enzymes and involved in a myriad of essential body functions. It functions as an antioxidant and is involved in carbohydrate metabolism and the activation of vitamins, especially B vitamins.	Improved absorption from amino acid chelation (with methionine). Highest purity and potency from pharmaceutical grade raw material. Unique chelation process reduces the chance of stomach irritation.
Chewable All-C Code 2512 90 chewable tablets Dosage: 1 tablet daily.	Vitamin C is an essential nutrient needed for maintaining connective tissue, healthy blood vessels, immune system cells, gums, teeth, bones and other tissue & organs. It is also a potent water soluble antioxidant that helps protect body fluids and the watery portions of cells from free-radical damage linked to cardiovascular disease, cataracts, declining immunity and premature ageing.	High-potency, high-purity Vitamin C-related factors from oranges, lemons, and grapefruit enhance bio-availability. Chewable All-C also contains rose hips & acerola cherries - nature's richest Vitamin C sources! NeoLife's exclusive Neo-Plex Concentrate provides virtually everything from whole oranges except water but includes juice factors (Vitamin C, bioflavonoids, etc.) rind and pulp factors (including flavedo, mesocarp, endocarp, and protopectins). Other whole-food bioflavonoids assure broad-spectrum protection - rutin from buckwheat, hesperidin from grapefruit and bioflavonoid complex from lemon. Long-term potency assured.
Chewable Vitamins See <i>Chewable All-C, Vita Guard and Vita Squares</i>		
Children's Supplements See <i>Chewable All-C, Liqui-Vite, Omega-3 Salmon Oil Plus (Mini), Vita Guard and Vita Squares</i>		

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
<p>CoQ10</p> <p>Code 2513</p> <p>60 capsules</p> <p>Dosage: 2 capsules daily with food.</p>	<p>Coenzyme Q10 (CoQ10, also known as ubiquinone) is an essential antioxidant for energy production, optimal cardiovascular health and many other critical functions of the body. CoQ10 is found in virtually every cell of every living thing and is needed for basic cellular function, including energy production and life itself.</p> <p>CoQ10 is made in the body and is most highly concentrated in organs with the highest energy requirements – the heart, liver and kidneys. Unfortunately, our natural production of CoQ10 slows as we age, often by more than 50% by the age of 50. In addition to ageing, unhealthy diet and lifestyle patterns, as well as the use of various medications can contribute to CoQ10 depletion.</p> <p>Your cells need energy to survive their day to day functions like killing off bacteria and viruses, getting rid of waste and breaking down food to utilise their beneficial properties. Without this energy, or CoQ10, there would be no you!</p>	<p>The exclusive NeoLife Phyto-Lipid & Sterol Blend sources whole grain lipids and sterols know to support optimal mitochondrial structure and function.</p> <p>NeoLife Proprietary Polyphenol Blend delivers whole-food sourced polyphenols and resveratrol from red grapes to provide extra antioxidant protection and to help promote mitochondrial protection.</p> <p>Provides the body with L-cysteine, an amino acid needed for cellular biosynthesis of the mitochondrial protector glutathione, to help support mitochondrial function and strengthen inner-cellular protective systems.</p> <p>Unique Encapsulation Technology means digestion begins in as little as 2 minutes, promoting rapid absorption.</p> <p>Delivers a highly bioavailable, 100mg dose that is sourced from nature and is combined with a unique profile of critical 'partner nutrients' to help promote and protect total cellular energy production at the mitochondrial level.</p> <p>Contains powerful nutrients that may:</p> <ul style="list-style-type: none"> • Help promote optimal cellular energy. • Assist in boosting energy and stamina levels. • Help support cardiovascular health. • Assist in improving muscle cell energy production and renewal. • Help reduce muscle pain and soreness associated with certain medication use. • Support healthy vision and hearing. • Help support cognitive health. <p>No artificial anything! No artificial flavours, colours, sweeteners or preservatives added.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Cruciferous Plus Code 2892 60 tablets Dosage: 1 tablet daily.	<p>A large volume of research points to the protective benefits of regular consumption of cruciferous vegetables. Cancer Institutes and other health organisations recommend one daily serving of cruciferous vegetables. Many people find the taste of these foods too pungent; on average, we currently eat only 1 serving per week. The crucifers contain two main phytonutrients that science has shown to be particularly impactful on major risks to our well-being - indole carbinols and isothiocyanates such as sulforaphane. Other beneficial phytonutrients include terpenes, chalcones and isoflavones. The research is compelling.</p>	<p>Broad spectrum, cruciferous vegetable and related phytonutrients provide protection from certain particularly negative threats to our well-being.</p> <p>Exclusive Cruciferous Blend contains broccoli, radish, kale, black mustard, brown mustard and watercress. These provide indole carbinols and isothiocyanates such as sulforaphane.</p> <p>Added benefit of additional phytonutrients including D-limonene - a terpene, chalcones from liquorice root and isoflavones such as genistein from soya beans.</p> <p>Convenient serving with each tablet providing the phytonutrients of one optimal serving of cruciferous vegetables and other related phytonutrients.</p>
Daily Vitality Pack Code 2593 30 sachets Dosage: 1 sachet daily. Ref. T1140 (Act 101/1965)	<p>A proper diet and supplementation is essential for optimal well-being. Unfortunately, most of us do not eat the foods that benefit us the most. The prime purpose of food supplements is to fill in the nutritional gaps produced by faulty eating habits and nutritionally inferior foods. However, it isn't always easy to figure out what supplements to take, nor is it always convenient to take supplements, making it difficult for consumers to choose nutritional supplements that are both convenient and full of important nutrients.</p>	<p>A balanced mix of essential vitamins and minerals.</p> <p>Complete combination of nutrients necessary to maintain optimal well-being.</p> <p>Convenient individual sachets for each day's supply of important, essential nutrients. Easy to take anywhere, anytime.</p> <p>Technologically advanced with special features including:</p> <ul style="list-style-type: none"> • Formula IV, with Tre-en-en Grain concentrates. • Sustained Release controlled nutrient delivery for approximately 6 hours. • Broad spectrum mineral supplementation. • Antioxidant benefits of Vitamin C and E.
Detox Programme Code 2938 <i>See Stage 6, Garlic Allium Complex, Beta Guard and Acidophilus Plus.</i>		
Disinfectant <i>See Care</i>		
Fantastik Code 2051 1 litre Code 2052 5 litre Directions for use: Apply thinly and evenly in one direction.	<p>Probably the hardest surface to keep clean in any environment is the floor. Everyday a new layer of dirt, a new set of scuff marks and new water stains all combine to make the floor surface dirty. Some surfaces have a tendency to absorb dirt, so a smooth, even finish would make for easy cleaning.</p>	<p>Modern polymer chemistry with millions of molecules, together forming a strong, resilient material with a high sheen.</p> <p>Spreads evenly with the help of an inbuilt levelling agent.</p> <p>Concentrated and economical product, just one thin coat at a time.</p> <p>Resists scuff marks and water stains.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Feminine Herbal Complex Code 2896 60 tablets Dosage: 1 tablet morning and evening.	Women everywhere know that even though you might be healthy in all other respects, monthly complaints and mood swings can be challenges to your feelings of wellness. For centuries, master herbalists have known that women have unique cyclical needs and that certain herbs work to balance the feminine cycle. Because a woman's menstrual cycle places her body in a constant state of flux, specific formulations have evolved over the centuries to assist women in achieving balance and wellness by addressing needs that are specific to the female system.	Comprehensive formula. Our unique "complete family" approach to the formula provides broad, synergistic effects of the herbal constituents, which optimise their ability to support a woman's cyclical needs. Herbs are selected from many global traditions , bringing you the best herbal knowledge from around the world. Contains St. John's Wort , which has been shown to help support calmness, relieve low mood and support positive mental attitude. Contains Wild Yam , which has been shown to support normal female physiology and function. Guaranteed purity, potency and consistency. 100% pure herbal ingredients. Herbal formula contains no chemical or animal products.
Fibre Tablets Code 2789 120 tablets Dosage: 4 tablets daily, taken with a glass of water.	Fibre in the diet assists elimination, very important to dieters and non-dieters alike. Fibre can also provide a "feeling of fullness" that helps to reduce the desire for large portions of food. In addition to assistance with dieting, a high fibre diet, full of whole grains and fruit and vegetables, has also been associated with a well functioning body. Despite its importance, people on average consume less than half the daily fibre scientists recommend for optimal well-being.	Safe and wholesome alternative to appetite suppressant drugs. Non-habit forming. No harmful side effects. Fibre from eight sources is a unique blend of whole grains, fruits and vegetables: 4 tablets provide two grams of dietary fibre. Makes it easier to choose smaller meals. Unique blend of ingredients helps create a sensation of fullness. Less than 6 kilojoules per serving. Sugar free! Completely sodium free is an important consideration for dieters who don't wish to retain excess water which adds unwanted weight.
Flavonoid Complex Code 2790 60 tablets Dosage: 2 tablets daily.	Research suggests that diets with high levels of flavonoids, one of the natural sources of the brighter colours in many fruits and vegetables, may offer several benefits for optimal well-being; they may also be immuno-supporting. Antioxidant flavonoids work with vitamin C to provide increased protection from oxidative damage for the water-based portion of the cell. Although a few bioflavonoids have become relatively well-known, there are over 4000 unique flavonoids and it appears they may be most effective when several types are consumed together. It seems that only a minority of people eat an adequate amount of the fruits and vegetables in their daily diet that would provide the flavonoids they need.	Broad spectrum, representing all flavonoid classes which include flavones, flavanols, flavanones, anthocyanins and catechins. Exclusive blend of whole-food extracts and concentrates derived from whole cranberries, kale, green tea (without caffeine), beets, berries, red and black grapes, oranges, lemons and grapefruits. Added benefit of ellagic acid , closely related to flavonoids (found in strawberries and cranberries for example), which has been associated with reduced risk of some aggressive threats to our well-being. Convenient serving , each tablet provides the full water soluble antioxidant profile of an optimal serving of flavonoid-rich fruits and vegetables.
Formula IV Food Supplement Code 2577 60 capsules Code 2576 120 capsules Dosage: 2 capsules daily.	Vitamins and minerals, though very important, are not the complete answer to optimal human nutrition. Dietary fats known as lipids and sterols influence nutrition at the cellular level. Imbalances among these may interfere with efficient functioning of the cells and contribute to feelings of undue fatigue. Other food factors such as enzymes are also important contributors to improved well-being.	Exclusive Tre-en-en Grain Concentrates form the basis for this complete, whole-food supplement. More than a multi-vitamin it is a unique multi-factor whole-food supplement with vitamins, minerals, lipids and sterols and selected enzyme. Supported by research which shows that adequate amounts of lipids and sterols promote better nutrient utilisation. No artificial colouring and preservative free.

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
<p>Formula IV Plus Code 2556 30 sachets Code 2557 60 sachets</p> <p>Dosage: 1 sachet daily.</p>	<p>Scientists continue to confirm that there's more to nutrition than just the classic vitamins and minerals. As important as these nutrients are to optimal health, we are also learning that phytonutrients, enzymes, trace minerals and others play equally important roles. Dietary fats known as lipids and sterols influence nutrition at the cellular level. Imbalances among these may interfere with efficient functioning of the cells and contribute to undue fatigue. Although good nutrition in general is a universal human need, not everyone needs the exact same mix of nutrients. Iron, for example, is an essential mineral, that many people adequately obtain from their normal diet.</p>	<p>Exclusive Tre-en-en Grain Concentrates with 675 mg of wheat, rice and soya extracts forming the basis for this whole-food supplement.</p> <p>More than a multi-vitamin, this unique multi-factor supplement with vitamins, minerals, selected enzyme and lipids/sterols all working together to bridge dietary gaps.</p> <p>Replaces important trace minerals, stripped away during food processing.</p> <p>IRON FREE</p> <p>No artificial colouring and preservative free.</p> <p>Convenient individual sachets you can easily take with you anywhere.</p>
<p>Full Motion Code 2505 90 tablets</p> <p>Dosage: Take 1 tablet three times a day with a glass of water. For best results, take each tablet just before mealtime.</p>	<p>Cartilage is the slippery tissue that covers the ends of bones in joints, and healthy cartilage allows the bones to smoothly glide over one another without joint pain or discomfort. Osteoarthritis is a breakdown of the joint's cartilage, and commonly causes joint pain in people of all ages. Glucosamine is the primary building block of joint cartilage. It is naturally produced in the body from glucose and the amino acid glutamine. Scientists believe that as the body ages, its capacity for producing glucosamine, and ultimately cartilage, declines. The loss of glucosamine production combined with an increase in demand due to physical activity and age, can result in pain, stiffness, and loss of mobility. Supplementing the diet with glucosamine, specific minerals, and herbs can provide what the body needs to maintain and even improve joint health.</p>	<p>Pharmaceutically pure, it contains biologically functional glucosamine from Glucosamine Hydrochloride and is easy to digest and sulphite-free - minimising digestive discomfort and allergic reactions.</p> <p>Herbal Comfort Complex is an exclusive blend of Bromelain, White Willow, and Boswellia, ingredients strongly associated with the body's natural mechanisms for minimising joint pain and inflammation.</p> <p>Regenerative Mineral Complex is an exclusive blend of synergistically critical Zinc, Boron, and Silica, key minerals for joint health.</p> <p>3D Advantage, which provides optimal bioavailability through maximum Disintegration, Dissolution, and Dispersion.</p> <p>Formulated under the direction of Neolife's Scientific Advisory Board using leading-edge science.</p>
<p>Garlic Allium Complex Code 2857 60 tablets</p> <p>Dosage: 2 tablets daily.</p>	<p>Allium vegetables, such as garlic, onions, leeks, scallions and chives, have been used throughout history as folk remedies. Population and clinical studies show that regular consumption of a variety of Allium vegetables has beneficial effects especially as we grow older. Research suggests the amount of allicin contained in one clove of fresh garlic offers extensive benefits and support to our bodies. Scientists have found that many of the Allium compounds, in addition to allicin, help promote optimal well-being. Despite the benefits, people are still sometimes discouraged from ingesting Allium vegetables for fear of repeating and/or unpleasant breath odour. This has contributed to the popularity of garlic supplements even though some have the same problem. However, for a garlic supplement to be effective, it must contain both alliin and allinase, in order for the body to obtain allicin in the intestinal tract to facilitate garlic's many benefits to the body.</p>	<p>Broad spectrum, whole-food supplementation features extracts and concentrates from the Allium vegetables garlic, onion, chive and leek. No other product boasts as complete a selection of Allium vegetables.</p> <p>Nutrient family approach which includes not only allicin, but also other bioactive compounds that exist naturally in Allium vegetables to maximise overall well-being.</p> <p>Guaranteed high allicin yield as each dose delivers 4,200 µg of allicin, the amount found in a fresh clove of garlic. Contains both alliin and allinase, the components needed to produce allicin.</p> <p>Targeted Delivery Technology uses enteric coating to maximise stability and absorption and assure the formation of active allicin in the intestines.</p> <p>No repeating or garlic breath!</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
G1 Laundry Compound Code 2141 2kg Directions for use: Use 1 to 4 scoops (mini sized scoop included), depending on the degree of soiling and the size of the wash load.	There's sure to be an enormous variety of fabric styles, colour, weight and blends of natural and synthetic fibres in most people's wardrobes. These all need to be cleaned without resorting to a cupboard of specialised products. In addition to neutral environmental consequences of using a laundry compound, it must also leave clothes clean, bright and free of residue, as well as washing machines free of damaging corrosion and build up.	Ultra-concentrated compared to other conventional laundry powders. Biodegradable, phosphate free and non-polluting. Contains water softening agents for better cleaning capabilities in Africa's hard water. Accelerated cleaning power using an Active Enzyme Blend. Saves energy - can be used in water temperatures as low as 20°C. Safe for use on all washable fabrics, including delicate garments. Colour safe oxygen bleach removes severe spots. Helps prevent corrosion and protects valuable washing machine parts and plumbing. G1 Laundry Compound will not cause build up and scum on tubs or in pumps. Earth-friendly as it returns to its original components after use.
Hair Care <i>See Nutriance Mild Revitalizing Shampoo, Nutriance Rich Revitalizing Shampoo and Nutriance Enriching Conditioner</i>		
Herbal Alternatives <i>See Feminine Herbal Complex, Herbal Digestive Complex, Herbal Respiratory Formula, Herbal Rest & Relax, Masculine Herbal Complex and Mind Enhancement Complex</i>		
Herbal Digestive Complex Code 2899 60 tablets Dosage: 1 tablet morning and evening.	Digestion, the second stage of the Six Stages of Nutrition, is the process by which complex foods are broken down into simpler substances which the body uses for energy and tissue building. For centuries, master herbalists have known that a calm, relaxed digestive system is essential to optimal wellness. It is also known that certain herbs work to calm and relax the digestive tract and support and promote the function of the digestive system.	Comprehensive formula. Our unique "complete family" approach to the formula provides broad, synergistic effects of the herbal constituents, which optimise their ability to support digestive wellness. Herbs are selected from many global traditions , bringing you the best herbal knowledge from around the world. Contains German Chamomile , which has been shown to help improve appetite and digestion and reduce inflammation. It also helps to relieve flatulence and relax gastrointestinal spasm. Contains Dandelion root , which has been shown to help support normal digestive function, lazy bowels and relieve constipation. Contains Aloe Vera extract , which has been shown to help soothe gastric mucous membranes. Guaranteed purity, potency and consistency. 100% pure herbal ingredients. Herbal formula contains no chemical or animal products.

Laundry Care <i>See G1 Laundry, Oxygen Bleach and Soft</i>		
LC30 Code 2422 5 litre Code 2423 25 litre Directions for use: Dilutions range from 1:400 to 1:20.	Cleaning the surroundings in which we live or work is a tough challenge. A working environment, be it commercial or industrial is even more varied and larger than a domestic environment, so a cleaning agent needs to be multi-purpose, economical, conveniently packaged and safe to use.	Economical, very concentrated product which is effective at low concentrations. Suitable for use at home, in commercial or industrial facilities as well as in food preparation areas. Safe to use , having a neutral pH and contains no hazardous substances, making it safe for general use. Convenient packaging , being available as a concentrate in 5 litres and 25 litres. Earth-friendly as it returns to its original components after use.
LDC Code 2021 1 litre Code 2022 5 litre Code 2023 25 litre Directions for use: Dilute 1 part LDC with 3 parts water (cold or salt water).	To maintain the beauty and value of our possessions we keep them clean. A variety of speciality cleaners have been designed for specific cleaning jobs because the things we value are made of many different materials. Purchasing all these speciality cleaners can eat away at our budgets. Most consumers agree, a good basic household cleaner should be powerful yet gentle, versatile, water soluble (leaving no soapy residue) and earth-friendly. Despite the need for environmentally responsible products, many are still not environment-friendly.	Economical, concentrated product as a little goes a long way and can be used for a variety of cleaning jobs, from washing fine lingerie to cleaning greasy stove tops. Voluminous foam effectively cuts grease: ideal for dishes, glassware, pots, pans, fine china and ceramics. Very gentle on hands with a neutral pH that doesn't irritate skin. Safe for the whole family. Excellent for fine lingerie, sweaters and other delicate hand washables leaving them clean, soft and fresh. Completely free-rinsing leaving no soapy film. Earth-friendly as it returns to its original components after use.
Lemon Glo Code 2071 500ml Directions for use: Apply a small amount directly onto the surface or onto a dampened cloth. Buff with a dry, soft cloth.	For most people there is no place quite like home. A place that houses those things most cherished. Maybe a favourite painting, rug or classic piece of furniture. Each needs to be cared for in the appropriate way. Furniture of all ages requires mild cleaning to remove soils and a protective film that adds shine and lustre, ideally being water and dust resistant.	Modern water-based formulation. Three phase furniture care , with cleanser to remove soils, natural oils to promote shine and lustre and a modern acrylic polish to preserve and protect the finish. Long lasting dust and water resistant properties. Concentrated, economical product using minimum product and effort for maximum results. Versatile as it cleans and protects furniture, wood, painted surfaces, plastic material and metal surfaces.
Lipotropic Adjunct Code 2509 90 tablets Dosage: 2 to 4 tablets daily.	Research indicates that moderate homocysteine levels are important for the long-term health of your blood vessels, arteries, heart and brain. Lipotropic Adjunct was developed specifically to address the regulation of homocysteine levels and to assist lipid metabolism.	Concentrated lipotropic factors (choline and inositol) assist the mobilisation and utilisation of dietary fats. Contains folic acid , vitamin B6 and vitamin B12 - nutrients known to lower blood levels of homocysteine, a metabolic by-product that can accumulate to dangerous levels and damage blood vessels. Betaine hydrochloride helps create an environment conducive to vitamin B12 absorption. Betaine is itself involved in homocysteine metabolism. Citrus bioflavonoids , including hesperidin, support the health of the circulatory system.

<p>Liqui-Vite Code 2895 240ml</p> <p>Dosage: Children (under 4 years): 1 teaspoon Adults and Children (over 4 years): 2 teaspoons</p>	<p>Young children and others who are unable to chew or take capsules need an alternate form of nutritional supplementation. Not only are important vitamins needed for growth and development, but lipids and sterols are especially important for the production of healthy new cells. Lipids and sterols provide critical support for healthy cellular uptake of nutrients, and cellular export of waste and metabolites. Because lipids and sterols help enhance cellular nutrition, they can play an important role in healthy development of organ systems. Like adults, toddlers and children are exposed to oxidative stress. A diet rich in carotenoids, flavonoids, and vitamins C and E help keep blood and cellular antioxidant levels high and support healthy immune activity. Additionally, the amount of energy expended by toddlers and children requires efficient utilisation of fat. L-carnitine, an amino acid, is directly involved in fat utilisation and cellular energy metabolism.</p>	<p>Convenient, easy-to-take formula, suitable for toddlers, children and adults, who want or need a fluid supplement.</p> <p>NeoLife's exclusive Tre-en-en® Grain Concentrates, provide lipids and sterols to support complete nutrition at the cellular level.</p> <p>Broad-spectrum antioxidant protection and immune support from whole-food carotenoids and flavonoids, plus vitamins C and E.</p> <p>L-carnitine to support fat utilisation and energy metabolism.</p> <p>12 important vitamins in just one serving can assist in meeting daily micronutrient needs for vitamins A, B1, B2, B6, B12, C, D, and E, folic acid, niacin, biotin, and pantothenic acid for children under four years of age.</p> <p>Delicious citrus flavour appeals to people of all ages.</p>
<p>Masculine Herbal Complex Code 2897 60 tablets</p> <p>Dosage: 1 tablet morning and evening.</p>	<p>Though you may be healthy in all other respects, imbalances or disruptions of natural male functions can occur and undermine feelings of wellness and male vitality. For centuries, master herbalists have known that men have unique needs, and that certain herbs work to balance and support normal masculine function and improve wellness and vitality.</p>	<p>Comprehensive formula. Our unique “complete family” approach to the formula provides broad, synergistic effects of the herbal constituents, which optimise their ability to promote vital male balance.</p> <p>Herbs are selected from many global traditions, bringing you the best herbal knowledge from around the world.</p> <p>Contains St. John's Wort and Skullcap which help support calmness, relieve low mood and support positive mental attitude.</p> <p>Contains Damiana for boosting vitality.</p> <p>Guaranteed purity, potency and consistency.</p> <p>100% pure herbal ingredients.</p> <p>Herbal formula contains no chemical or animal products.</p>
<p>Mind Enhancement Complex Code 2906 60 tablets</p> <p>Dosage: 1 tablet morning and evening.</p>	<p>Our mental functioning tends to weaken when we are faced with various forms of stress and can include anything from simple fatigue to degeneration linked to ageing. Master herbalists have long known that our capacity for focused concentration, clear thinking and accurate recall can be supported and even enhanced with an appropriate mix of herbs. These herbs help to optimise critical blood circulation to the brain and protect it from free radical damage associated with mental decline.</p>	<p>Comprehensive formula.</p> <p>Herbs are selected from many global traditions.</p> <p>Contains Ginkgo biloba (leaf) which has been shown to promote blood vessel flexibility and improve blood flow.</p> <p>Contains Gotu kola which has been associated with mental clarity and enhanced memory function.</p> <p>Contains Red sage which helps to increase alertness and ability to concentrate and provides strong antioxidant properties which help minimise and protect against age related mental decline.</p> <p>Guaranteed purity, potency and consistency.</p> <p>100% pure herbal ingredients.</p> <p>Herbal formula contains no chemical or animal products.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Multi Code 2558 30 tablets Dosage: 1 tablet daily.	<p>Obtaining the diversity and density of nutrients needed for the human body to function properly has become a recognised challenge, given our modern lifestyles and in many cases the quality of the food available. The inevitable dietary gaps that result and their definite health consequences, support the fact that virtually everyone can benefit from nutritional supplementation. It is therefore important to ensure that everyone has the opportunity to reduce the likelihood of dietary gaps. Daily supplementation of key vitamins, important minerals and trace minerals can be particularly beneficial. However, not everyone may require the same mix of nutrients. Iron, for example, is an essential mineral that many people adequately obtain from their normal diet.</p>	<p>Entry level product helping to prevent the start of dietary gaps.</p> <p>Comprehensive formula containing key vitamins, minerals and trace minerals.</p> <p>IRON FREE.</p> <p>No artificial colouring and preservative free.</p>
Multi-Fibre Blend Code 2504 284g Dosage: Mix 10g with 250ml of milk, juice or your favourite NeoLife Protein drink.	<p>High-fibre diets have been linked to reduced risk of disease, improved health and weight maintenance. Unfortunately most of us eat only 10-15 grams of fibre daily - about half the amount recommended by the National Cancer Institute.</p> <p>Multi-Fibre blend provides a convenient way to boost dietary intake of fibre from 16 different whole-food sources.</p>	<p>Fibre from 16 whole-food sources. Contains oat fibre, soya fibre, citrus fibre, pea fibre, oat bran, beet fibre, soya bran, lemon pectin, fig powder, apple powder, banana powder, almond meal, prune powder, orange fibre, apple fibre, acerola fibre, peanut flour, carrot fibre, and sun choke (Jerusalem artichoke) flour.</p> <p>All 5 types of fibre that includes insoluble fibre (cellulose, hemicellulose, and lignin) and soluble fibre (gums and pectin), in the natural balance of whole-foods, to provide a broad range of benefits.</p> <p>Concentrated, with each serving containing 7 grams of dietary fibre - one quarter of the daily requirement. What's more, Multi-Fibre Blend is low in fat, sodium and kilojoules, and contains no cholesterol.</p> <p>Convenient, as it mixes easily with your favourite beverages and foods. It can be used to boost the fibre content of milk, juice or yoghurt, hot and cold cereals, breads and other baked goods, meatloaf, pasta, casseroles, sauces, etc.</p> <p>100% vegetarian, containing no animal products.</p> <p>Only 42 kilojoules per serving.</p>
Multi-Mineral Plus Alfalfa Code 2775 60 tablets Dosage: 1 tablet daily.	<p>Diet is the only source of minerals for the body. Although only relatively small amounts of minerals are required they are absolutely essential to normal mental and physical functioning. Many mineral functions are interrelated with those of vitamins although mineral deficiencies appear to be more common than vitamin deficiencies. A blend of macro, micro and trace minerals with Alfalfa, a particularly nutrient rich plant and one of the most complete in our food chain, provides broad spectrum mineral content in forms drawn directly from nature.</p>	<p>Broad spectrum formulation containing macro, micro and trace minerals.</p> <p>Custom Trace Mineral Blend containing Atlantic kelp, watercress, parsley, chlorophyll and Irish moss for broad spectrum mineral availability.</p> <p>Alfalfa is grown without pesticides and is field ripened.</p> <p>Alfalfa is air-dried as low temperature natural drying protects nutrient value.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
<p>NeoLifeBar 15 x 45g individually wrapped bars</p> <p>Code 2918, Fruit & Nuts</p> <p>Dosage: In between meal snack.</p>	<p>Traditional snack foods such as potato chips, cheese curls, and chocolate cookies have lined the shelves of our neighbourhood supermarkets and grocery stores for decades. Although they are convenient, many snack products sold today are far from wholesome; they contain empty kilojoules and unhealthy ingredients such as high fructose corn syrup and trans fats. Such foods can be consumed as a small part of an overall nutritious and balanced diet, but may contribute to the obesity epidemic when not consumed in moderation. That's why it's important to have a healthy choice in snacks especially when striving to achieve or maintain a healthy weight.</p>	<p>NeoLifeBar is a delicious snack that satisfies your hunger between meals. Great for the whole family!</p> <p>Based on Glycaemic Response Control Technology to help steady blood sugar levels.</p> <p>Rich source of protein and fibre from the NeoLife proprietary protein and fibre blend to help you feel fuller for longer.</p> <p>Whole grain goodness from soya crisps blended with rolled oats.</p> <p>Provides omega-3s from flaxseed, with ALA which is an essential fatty acid that may play a role in managing normal inflammatory processes our bodies experience on a day-to-day basis. Also a good source of dietary fibre and beneficial lignans.</p> <p>Antioxidants abound with mixed berries.</p> <p>Chunks of nuts and seeds provide a boost of protein, fibre, and delicious flavour.</p> <p>17 essential vitamins and minerals.</p> <p>Makes the perfect snack in the AM and PM as part of the NeoLife Weight Management Programme.</p> <p>No artificial colours, flavours, sweeteners, or preservatives added.</p> <p>Gluten free</p> <p>Dairy free</p>
<p>NeoLifeShake Containers, 645g/15 servings Code 2912, Creamy Vanilla Code 2913, Berries n' Cream Code 2914, Rich Chocolate</p> <p>Dosage: Mix 2 scoops with water (Scoop provided). Shake thoroughly in NeoLife Blender Bottle.</p>	<p>Much too often, we do not get the nutrition we need on a daily basis. Lack of nutrition, coupled with lack of physical activity may cause us to feel tired, sluggish and in many cases, cause us to gain weight, which can lead to the development of chronic disease. Studies show that a high protein/high fibre breakfast can promote sustained energy to get through the day.</p> <p>When following a weight management programme, a balanced ratio of protein to fibre to carbohydrates in a meal replacement shake can support glycaemic response control to help you meet your goals.</p>	<p>Complete nutrition. An ideal meal replacement shake for weight management. When not on a weight loss regimen, NeoLifeShake may be consumed as a breakfast shake for delicious and healthy nutrition every day.</p> <p>Based on our clinically proven GR² Control (Glycaemic Response) Technology to help minimise fat storage and increase the amount of fat your body burns.</p> <p>Biologically complete with all 22 amino acids involved in human nutrition, including Branched Chain Amino Acids (BCAAs) to help retain lean muscle mass.</p> <p>Supplies 25 Essential Vitamins & Minerals.</p> <p>Formulated with "glycaemic edge" carbohydrates that provide lasting energy and encourage your body to stay in a fat-burning mode.</p> <p>Delicious and satisfying. Three delicious flavours – Creamy Vanilla, Berries n' Cream & Rich Chocolate.</p> <p>No artificial flavours, sweeteners, colours or preservatives added.</p> <p>Conveniently and easily mixes with water. Can also be mixed with milk.</p>

<p>NeoLifeTea Code 2915 15 sticks (30 servings)</p> <p>Directions for use: Mix ½ stick with 250ml of hot or cold water.</p>	<p>NeoLifeTea offers a quick and safe pick-me-up. An exclusive Energy Blend of ingredients help the body to feel more energetic and work more efficiently, while Herbal Blend ingredients enhance alertness and well-being.</p>	<p>Exclusive Energy Blend of green, black, and white tea.</p> <p>Exclusive Herbal Blend of Ginseng, Codonopsis, and Rhodiola.</p> <p>Packed with antioxidants.</p> <p>Pleasantly flavoured and sweetened with lemon, fructose and honey.</p> <p>Mixes instantly in water.</p> <p>Enjoy hot or cold.</p> <p>Convenient on-the-go sticks.</p> <p>No artificial colours, flavours, sweeteners, or preservatives added.</p> <p>Only 21 kilojoules per serving.</p>
<p>Nutriance Aloe Vera Gel Code 2316 100ml</p> <p>Directions for use: Apply to skin as needed.</p>	<p>People have recognised the beneficial effects of Aloe Vera throughout virtually all of recorded history and it remains a favourite choice for use in promoting healthy skin. Aloe Vera works with the skin's natural moisture barrier to help soothe and soften skin that has undergone rough treatment. Also, Aloe Vera helps counter the effects of overexposure to the outdoor elements and promotes youthful smoothness and elasticity. Certain botanicals work synergistically with Aloe Vera to offer extra effective soothing relief, to support healthy skin and cellular renewal.</p>	<p>Exceptionally effective soothing relief from over exposure to sun, wind and cold is provided by the finest grade of Aloe Vera Gel, enhanced by the addition of the botanicals, Calendula, Chamomile, Cornflower and St. John's Wort.</p> <p>Clinically proven to calm the skin's surface and alleviate minor skin discomforts. Helps revive skin suffering from overexposure and related effects to glowing, beautiful health.</p> <p>Includes Allantoin and Calendula to support normal cellular renewal.</p> <p>Clinically proven to add extra moisture and support the skin's moisture barrier with Aloe Vera, Linden Extract and Pro-Vitamin B5 (Panthenol).</p> <p>Helps to soften skin and promote elasticity with a unique botanical blend.</p> <p>Helps maintain a normal skin surface pH with a water soluble formula.</p> <p>Clinically tested in Europe's most prestigious dermatological research facility.</p>
<p>Nutriance Enriching Conditioner Code 2312 250ml</p> <p>Directions for use: Apply after shampooing. Leave on for up to one minute. Rinse well.</p>	<p>Conditioning is an important step in maintaining healthy, shiny, manageable hair. Stresses from the environment, heat styling, chemical treatment and even everyday combing and brushing can break down the keratin structure that makes up hair. This can lead to split ends, fading and dull, dry, lifeless hair.</p> <p>Conditioning also prevents tangles and knotting, so wet hair combs through easily without pulling or breaking. Certain botanicals can help maintain hair's natural protective lipid balance to give hair added body and lustre. Some conditioners can upset the natural pH balance of hair and scalp.</p>	<p>Unique blend of conditioners that bond with hair shaft to restore dry and damaged hair back to its youthful appearance and feel.</p> <p>Helps provide protection from subsequent heat styling, the environment and other stresses.</p> <p>Helps maintain hair's natural protective lipid balance and give hair added body and lustre with Sweet Almond Extract and Pro-Vitamin B5 (Panthenol).</p> <p>The perfect complement to Nutriance Rich Revitalizing Shampoo & Mild Revitalizing Shampoo.</p> <p>Gentle, free-rinsing formula leaves hair vibrant and easy to manage; tangle-free.</p> <p>Helps maintain a normal hair and scalp pH with a unique water soluble formula.</p> <p>Clinically tested in Europe's most prestigious dermatological research facility.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
<p>Nutriance Mild Revitalizing Shampoo Code 2311 Size 250ml</p> <p>Directions for use: Massage into hair and scalp. Rinse well.</p>	<p>Hair and scalp need regular, gentle cleansing to remove dust, dandruff, perspiration, environmental pollutants, hairspray and other styling products that cause buildup. Hair looks and feels its best when it retains sufficient moisture; with too little moisture, hair becomes more difficult to manage. Many products on the market are only effective on limited types of hair; permed and colour-treated hair typically require especially gentle cleansing and can be difficult to manage. Some shampoos are hard to rinse out, leaving a soapy residue that can cause flakes, and others can upset the natural pH balance of hair and scalp. Certain botanicals can assist in the removal of build up and others can help maintain natural moisture balance.</p>	<p>Gentle, thorough cleansing of hair without stripping essential moisture, provided by a synergistic, extra-mild, multi-cleanser system.</p> <p>Helps maintain hair's natural protective lipid balance and gives hair added body and lustre with Vitamin B3 (Niacinamide) and Pro-Vitamin B5 (Panthenol).</p> <p>Delivers soothing botanicals, including Aloe Vera Gel and Chamomile, that add to the refreshingly rich lather.</p> <p>Exceptionally gentle, free-rinsing formula leaves hair vibrant and easy to manage.</p> <p>Helps maintain a healthy hair and scalp pH with a water soluble formula.</p> <p>Clinically tested in Europe's most prestigious dermatological research facility.</p>
<p>Nutriance Nourishing Hand & Body Lotion Code 2315 250ml</p> <p>Directions for use: Apply to the hands and body regularly and liberally.</p>	<p>Skin on hands and body is exposed to a variety of stresses. Sun, wind, environmental pollutants, frequent exposure to dishwashing detergents and other cleaners, and extended contact with clothing can deplete moisture and irritate skin. Summer exposure to chlorine, salt water, and sunburn can rob skin of its natural protective oils and alter skin's normal pH balance. Cold weather can chap, chafe, and dry skin, especially the hands, which are prone to becoming rough and reddened. To be healthy, smooth, and supple year round, skin from head-to-toe needs moisture, nourishment, and protection every day. Certain botanicals can soothe, nourish, and revitalise skin, to restore a healthy glow. Oil-based formulas can leave an unwanted and unsightly oily residue on skin.</p>	<p>Counters the moisture-robbing effects of sun, wind, cold and other environmental challenges by adding moisturisers and supporting the skin's moisture-retention barrier with Aloe Vera Gel, Glycerin and Panthenol.</p> <p>Clinically confirmed 45% moisture increase in skin's layers, even four hours after application for long-lasting moisturising benefits.</p> <p>Soothing Chamomile Extracts: Bisabolol and Matricaria help nourish and revitalise your skin's healthy glow.</p> <p>Readily-absorbed, oil-free formula leaves skin feeling smooth and refreshed.</p> <p>Subtle fragrance virtually disappears upon application. Will not conflict with your favourite cologne or perfume.</p>

Nutriance Organic Balancing Tonic Item 2340 100ml	<p>Toners complete the cleansing stage by removing any remaining residues and impurities without dehydrating the skin and successfully prepare the skin surface for the next important step: activate & nourishing. Alcohol based toners can dry the skin and cause stinging and discomfort; while an ideal balancing tonic adapts to the skin's physiology, and is essential for the care of all skin types.</p>	<p>The Second Step of the 3-Step System: Balance & Invigorate. Recommended for all skin types to restore normal pH and refine pores, texture & tone.</p> <p>Alcohol-free,* pH balanced and gentle enough for all skin types. It is light and refreshing but effective in removing residual impurities without dehydrating the skin.</p> <p>Rich in Cornflower (<i>Centaurea cyanus</i>) flower water renowned for its soothing decongesting and softening virtues. Bladder wrack (<i>Fucus vesiculosus</i>) extract is rich in iodine and magnesium which mineralises and balances the skin. Panax ginseng and Ginkgo biloba plant extracts provide moisturising and invigorating properties.</p> <p>Enriched with marine and other selected botanicals prepares the skin surface for activating and nourishing. No sting or discomfort!</p> <p>Rich in Hyaluronic acid, a powerful moisturising agent, works in synergy with the plant botanical extract from Guggul (<i>Commiphora mukul</i>) to plump the skin to provide smoothing qualities.</p> <p>Delivers Barley (<i>Hordeum vulgare</i>) stem water used for conditioning the skin.</p> <p>Helps maintain a normal acidic skin surface pH.</p> <p>Proven to be safe and well tolerated under dermatological control in a leading European skin care clinic. A single application of Nutriance Balancing Tonic was found not to dehydrate the skin, but to increase skin hydration after 30 minutes and up to 4 hours after use.</p> <p><small>*Free of ethyl alcohol/ethanol but contains low levels of benzyl alcohol as an organic preservative.</small></p>
Nutriance Organic Cleansing Gel Item 2332 150ml	<p>Clean skin is an important part of every skin care regimen and is a vital step to preparing the skin surface for subsequent steps in your daily skin care. Regular cleansing washes away harmful impurities like environmental pollutants and grime, and keeps skin looking youthful and fresh by eliminating stale surface oils that are no longer working to moisturise your skin. Cleansing allows the opportunity to gently exfoliate surface layers of skin that can give your complexion a dull appearance. However, it's important to use cleansers that aren't harsh, drying, or upsetting to the pH balance of your skin.</p>	<p>The First Step of the 3-Step System: Cleanse & Detoxify. Recommended for Combination/Oily skin to cleanse perfectly and revitalise and rebalance the skin.</p> <p>Has a detoxifying, and purifying action that reduces the appearance of pores and leaves the skin smooth.</p> <p>Its unique isotonic formula contains a high concentration of pure seawater with a rich natural diversity of minerals and trace elements which are delivered effectively to the skin's outer layer.</p> <p>Proven to naturally cleanse & refine pores without drying out the skin, using nourishing and skin comforting essential oils.</p> <p>Pure seawater provides vital minerals, and trace elements to the epidermis to revitalise the cells.</p> <p>Hydrolysed wheat proteins (wheat peptides) are rich in essential amino acids which reinforce the skin's natural barrier, nourishing, softening and soothing the skin.</p> <p>The red seaweed extract Dulse (<i>Palmaria palmata</i>) contains essential amino acids, and other skin nutrients which reinforce the skin's natural barrier.</p> <p>Clinically tested and proven safe and well tolerated in Europe's most prestigious dermatological research facility.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Nutriance Organic Cleansing Milk Item 2333 150ml	<p>Clean skin is an important part of every skin care regimen and is a vital step to preparing the skin surface for subsequent steps in your daily skin care. Regular cleansing washes away harmful impurities like environmental pollutants and grime, and keeps skin looking youthful and fresh by eliminating stale surface oils that are no longer working to moisturise your skin. Cleansing allows the opportunity to gently exfoliate surface layers of skin that can give your complexion a dull appearance. However, it's important to use cleansers that aren't harsh, drying, or upsetting to the pH balance of your skin.</p>	<p>The First Step of the 3-Step System: Cleanse & Detoxify. Recommended for Normal/Dry skin to cleanse perfectly and smoothly and detoxify, leaving the skin soft and hydrated.</p> <p>A silky emulsion enriched with marine and botanical ingredients clinically proven to gently remove impurities, dirt, stale surface oils, makeup residue and to exfoliate surface layers of skin that can give your complexion a dull appearance.</p> <p>Effectively utilises nourishing and comforting essential oils to naturally cleanse & refine pores without drying out the skin's surface.</p> <p>Gently cleanses while soothing the skin with Chamomile (<i>Anthemis nobilis</i>) flower water.</p> <p>Includes Sweet Almond (<i>Prunus amygdalus dulcis</i>) and English Lavender (<i>Lavandula angustifolia</i>) to soothe and comfort the skin.</p> <p>Enriched with the protective brown seaweed extracts (<i>Fucus vesiculosus</i> and <i>Fucus spiralis</i>) and wheat peptides which nourish, protect and reinforce the skin's natural barrier.</p> <p>Hydrolysed wheat proteins (<i>phyto peptides</i>) are known for moisturising and nourishing the skin to leave it soft.</p> <p>Clinically proven performance, verified by Europe's most prestigious dermatological research facility to be non-dehydrating. A single application of Nutriance Organic Cleansing Milk was found to increase skin hydration after 30 minutes and up to 4 hours after use.</p>
Nutriance Organic Gentle Makeup Remover Item 2336 100ml	<p>Using the right makeup remover is vital to keeping skin looking youthful and flawless. Successfully removing makeup from the skin is a crucial step towards younger looking skin. Excess makeup can interfere with the skin's natural process of renewal, allowing dead skin cells to build up. This may cause skin to look dull and feel rough and dry. Clearing away this dulling debris on the skin surface supports the natural growth process of healthy new skin cells and can avoid the pores becoming clogged.</p>	<p>Contains organically sourced botanical ingredients to condition the skin.</p> <p>A 2-in-1 skin care product formulated to gently remove makeup while also energising, and reinforcing the natural film of protection.</p> <p>Suitable for all skin types, even sensitive skin.</p> <p>Rich in natural essential oils to create a lasting feeling of freshness. Lime and lemon oils in synergy with Sea Fennel help gently soothe and exfoliate the skin while the oils of the Papaya and Apricot kernel energise and soften the skin.</p> <p>Exclusive Cornflower water rehydrates, increases moisture, softens and decongests.</p> <p>Alcohol-free, with a 5.3 pH, close to that of human tears (lachrymal fluid) to help alleviate eye irritation.</p> <p>Clinically tested and proven safe, well tolerated and non-irritating under dermatological control in a leading European skin care clinic.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Nutriance Organic Hydrating Serum Item 2334 30ml	<p>The truth is that your skin care routine should contain a skin-loving array of antioxidants, replenishing and skin-restoring ingredients but sometimes, depending on an individual's situation, additional assistance may be warranted. Serums are special: Serums are more advanced, concentrated formulations designed to address specific needs in a more focused, enriching manner. Serums can assist skin with hydration, conditioning and nourishment, and contain a higher concentrated amount of valuable active ingredients.</p>	<p>The first part of the third step of the 3-Step System: Activate & Nourish. Recommended for Combination/Oily skin, this serum delivers vital nutrients to protect the skin while preparing it for further nourishment.</p> <p>Rich in marine botanicals which help alleviate and rebalance stressed skin.</p> <p>With the Wrinkle-Fighting Complex of marine pentasaccharides (MPS) from green seaweed and galactomannan from the Andean tree, Tara. This unique complex helps reduce skin inflammation, protecting and strengthening the skin and working to help prevent wrinkle formation.</p> <p>Formulated in a base containing the patented and pure Molène seawater harvested from the depths of the Molène Archipelago. Molène pure seawater has a natural rich diversity of trace elements and mineral. It helps restore natural balance and refreshes the skin. It is also rich in marine botanicals.</p> <p>Sea Fennel (<i>Crithmum maritimum</i>) extract is rich in natural essential oil to soothe redness and create a lasting feeling of freshness.</p> <p>Delivers Patented Anti-inflammatory Pumpkin (<i>Cucurbita pepo</i>) seed extract to soothe redness and alleviate stressed skin. Red seaweed extracts (<i>Chondus crispus</i> and <i>Corallina officinalis</i>) to provide suppleness to the skin and to alleviate any redness.</p> <p>Helps maintain a normal acidic skin surface pH.</p> <p>Proven to be safe and well tolerated under dermatological control in a leading European skin care clinic. A single application of Nutriance Hydrating Serum was found to significantly increase skin hydration after just 30 minutes, an effect which lasted beyond 4 hours.</p> <p>Proven effective to soothe, even the most sensitive skin.</p>
Nutriance Organic Insta-Lift Eye Gel Code 2341 15ml	<p>The skin around the eyes has unique needs since it is the thinnest and most delicate skin on the face. Moisture is critical to healthy skin. When deprived of moisture, skin may begin to look and feel dry. The purpose of including an eye gel in your daily skin care routine is to bring more than just water to the skin's layers, and reduce the loss of moisture from the surface. Cellular renewal also slows down, causing skin closer to the surface to become drier. Excessive dryness may be caused by environmental, genetic or many various factors. Even cold temperatures and harsh skin care products can affect the skin's moisture levels. The longer skin remains 'thirsty', the sooner it will begin to show lines and wrinkles.</p>	<p>Clinically proven to reduce wrinkles by up to 40% in just 30 minutes.*</p> <p>Brightens, de-puffs, and reduces Crow's Feet.</p> <p>Revitalise tired eyes, reduce puffiness and ease away Crow's Feet wrinkles with the synergistic power of phytonutrients from land and sea.</p> <p>Extracts from <i>Chlorella vulgaris</i> (green seaweed), Horse Chestnut and <i>Jania rubens</i> (red seaweed):</p> <ul style="list-style-type: none"> • Boost the microcirculation and energise the eye area, helping to reduce dark circles. • Ease away puffiness and eye bags. <p>Extracts from Beech tree buds and a unique marine polysaccharide, <i>Alteromonas</i> extract, combined with the hydrating power of marine botanicals:</p> <ul style="list-style-type: none"> • Nourish and hydrate the delicate skin around the eyes, combating fine lines and wrinkles (Crow's Feet). <p>*Based on clinical results. Results may vary.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Nutriance Organic Moisturizing Cream Item 2337 75ml	<p>Moisture is critical to healthy skin. When deprived of moisture, skin may begin to look and feel dry. The purpose of including a moisturiser in your daily skin care regimen is to bring more than water to the skin's layers and reduce the loss of moisture from the surface. As we age, the skin's natural oil producing glands tend to slow down, reducing the skin's ability to retain moisture. Cellular renewal also slows down, causing skin closer to the surface to become drier. Excessive dryness may be caused by environmental, genetic or many various factors and harsh skin care products can affect the skin's moisture levels. The longer skin remains "thirsty," the sooner it will begin to show lines and wrinkles.</p>	<p>The final step of the 3-Step System: Activate & Nourish. Recommended for Combination/Oily skin. Leaves skin soft and radiant.</p> <p>Contains marine botanicals from brown, green and red seaweeds. These marine ingredients have excellent nutritive and protective properties and are biocompatible.</p> <p>With the Wrinkle-Fighting Complex, a unique combination of marine pentasaccharides (MPS) from green seaweed (<i>Enteromorpha compressa</i>) and the galactomannan from Tara (<i>Caesalpinia spinosa</i>) to protect and strengthen skin.</p> <p>Enhances moisture/lipid balance and promotes elasticity by providing essential oils and flower extracts from nourishing botanicals. These unique botanical extracts include: Sunflower (<i>Helianthus annuus</i>), Cranberry (<i>Vaccinium macrocarpon</i>) seed oils, soothing Arnica flower extract, Chamomile (<i>Anthemis nobilis</i>) and English Lavender (<i>Lavandula angustifolia</i>) oils.</p> <p>Delivers Lime (<i>Citrus reticulata</i>) peel oil for conditioning and to help support the skin's protective lipid barrier.</p> <p>Tested and proven safe and effective under dermatological control in a leading European skin care clinic.</p> <p>Proven to nourish, soften and revitalise the skin.</p> <p>Helps maintain a normal acidic skin surface pH.</p> <p>A single application of Nutriance Moisturizing Cream was found to increase skin hydration in a significant manner after just 30 minutes. This effect lasted beyond 8 hours.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Nutriance Organic Rejuvenating Rich Cream Item #2339 50 mL	<p>Moisture is critical to healthy skin. When deprived of moisture, skin may begin to look and feel dry. Dehydrated skin is more prone to wrinkle formation. The purpose of including a rich cream in your daily skin care regimen is to bring more than water to the skin's layers and reduce the loss of moisture from the surface. As we age, the skin's natural oil producing glands tend to slow down, reducing the skin's ability to retain moisture. Cellular renewal also slows down, causing skin closer to the surface to become drier. Hydrating and protecting the skin from everyday environmental factors (air-conditioning, weather, heating, etc.) is very important. Keeping the skin hydrated and nourished not only reinforces the skin's protective barrier but it reduces the appearance of fine lines and wrinkles and improves skin radiance.</p>	<p>Apply Rejuvenating Rich Cream as the last step to your Nutriance Organic skin care routine. Use daily, morning and night, for optimal results.</p> <p>Recommended for all skin types.</p> <p>This unique formula features a Botanical Anti-Ageing Marine (BAAM) Complex that provides Sea-Sourced Phytonutrients to energise the skin.</p> <p>Vitamin C and Hyaluronic Acid work in synergy with BAAM to provide additional moisturising properties.</p> <p>Vitamin C provides powerful antioxidants.</p> <p>Hyaluronic Acid, a powerful hydrating agent, in both low and high molecular weight forms to lock vital moisture into the skin barrier.</p> <p>BAAM consists of five potent ingredients:</p> <p>Immortal Blue (Sea Lavender) extract protects the skin, while reinforcing the skin's barrier.</p> <p>Dabberlocks (<i>Alaria esculenta</i>), a brown seaweed, provides antioxidants while energising and helping maintain the skin's firmness.</p> <p>Alteromonas extract, a marine polysaccharide, helps fight the appearance of fine lines and wrinkles.</p> <p>Sea Kelp (<i>Ascophyllum nodosum</i>) and Oarweed (<i>Laminaria digitata</i>) bring additional hydrating and nutritive properties.</p> <p>Clinically tested and proven safe, well tolerated and effective under dermatological control in a leading European skin care clinic.</p> <p>Proven to hydrate and revitalise the skin.</p> <p>A single application of Nutriance Organic Rejuvenating Rich Cream was found to significantly and rapidly increase skin moisture by over 50%. Even after 8 hours the skin's moisture remained boosted by more than 35%.</p> <p>Clinically proven to reduce the appearance of wrinkles by up to 38% in just 4 weeks.**</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Nutriance Organic Ultra Hydrating Serum Item 2335 30ml	<p>The truth is that your skin care routine should contain a skin-loving array of antioxidants, replenishing, and skin-restoring ingredients but sometimes, depending on an individual's situation, additional assistance may be warranted. Serums are special: Serums are more advanced, concentrated formulations designed to address specific needs in a more focused, enriching manner. Serums can assist skin with hydration, conditioning and nourishment, and contain a higher concentrated amount of valuable active ingredients.</p>	<p>The first part of the third step of the 3-Step System: Activate & Nourish. Recommended for Normal/Dry skin, this serum delivers vital nutrients to protect the skin while preparing it for further nourishment.</p> <p>A triple-acting formula that nourishes and moisturises the skin giving it a youthful glow. Formulated with pure sea water, its innovative isotonic formula delivers essential trace elements and minerals to the skin's outer layers helping to protect and strengthen the skin. The cells become energised, conditioned and ready for further nourishment.</p> <p>Rich in a unique combination of botanical extracts: Sea Fennel (<i>Crithmum maritimum</i>) rich in polyphenols and essential oils and brown seaweed (<i>Fucus spiralis</i>) beta glucans for soothing and protective effects.</p> <p>Rich in Hyaluronic acid, a powerful moisturising agent, works in synergy with the plant botanical extract from Guggul (<i>Commiphora mukul</i>) to plump the skin providing smoothing qualities.</p> <p>Delivers essential oils (Avocado, Almond, Apricot, Tamanu and Jojoba) providing vitamins and essential fatty acids to nourish the skin.</p> <p>Helps maintain a normal acidic skin surface pH.</p> <p>Proven to be safe and well tolerated under dermatological control in a leading European skin care clinic. A single application of Nutriance Ultra Hydrating Serum was found to boost skin hydration in a highly significant manner after just 30 minutes, an effect which lasted beyond 8 hours. It was also proven to increase skin radiance.</p>
Nutriance Organic Ultra Moisturizing Cream Item 2338 75ml	<p>Moisture is critical to healthy skin. When deprived of moisture, skin may begin to look and feel dry. The purpose of including a moisturiser in your daily skin care regimen is to bring more than water to the skin's layers and reduce the loss of moisture from the surface. As we age, the skin's natural oil producing glands tend to slow down, reducing the skin's ability to retain moisture. Cellular renewal also slows down, causing skin closer to the surface to become drier. Excessive dryness may be caused by environmental, genetic or many various factors and harsh skin care products can affect the skin's moisture levels. Red seaweed extract—Dulse (<i>Palmaria palmata</i>) delivers a wealth of minerals and trace elements and nutritive amino acids.</p> <p>Cranberry (<i>Vaccinium macrocarpon</i>) and Sunflower (<i>Helianthus annuus</i>) seed oils nourish the skin and provide extra support for the skin's protective lipid barrier.</p> <p>Proven to nourish, soften and revitalise the skin.</p> <p>Helps maintain a normal acidic skin surface pH.</p> <p>A single application of Nutriance Ultra Moisturizing Cream was found to increase skin hydration in a highly significant manner after just 30 minutes. This effect continued for a full 24 hours, demonstrating that the product had a long-lasting moisturising effect.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
<p>Nutriance Refreshing Bath & Shower Gel Code 2314 250ml</p> <p>Directions for use: Apply directly to moistened skin or onto a wet sponge.</p>	<p>Bathing is a necessary daily ritual that not only cleans, but refreshes, too. Today's body cleansers are expected to wash away the dirt, surface oils and perspiration, while leaving the skin soft and supple without a soapy residue that can cause itchy, scaly skin. Harsh environmental conditions, ranging from cold weather to air pollution, wreak havoc on skin and can cause dryness and cracking on its surface. Some cleansers can upset skin's natural pH balance, causing even more harm. Certain botanicals calm, soothe and protect skin's suppleness, while others support the skin's natural moisture barrier.</p>	<p>Extra-mild multi-cleansing formula thoroughly cleans surface debris and lifeless cells as it refreshes skin.</p> <p>Unique combination of botanicals, including Calendula, Aloe Vera, St. John's Wort, and Balm Mint Extracts comfort, soothe and protect skin suppleness.</p> <p>Counters the moisture-robbing effects of exposure to the elements, while supporting the skin's natural moisture barrier with moisture-rich Aloe Vera, Pro-Vitamin B5 (Panthenol) and Glycerin.</p> <p>Oil-free, water soluble formula rinses easily and leaves skin feeling vibrantly clean, smooth and refreshed.</p> <p>Enhances youthful radiance with Aloe Vera and Pro-Vitamin B5 (Panthenol), which are known to help soften skin and promote elasticity.</p> <p>Helps maintain a normal skin surface pH.</p> <p>Clinically tested in Europe's most prestigious dermatological research facility.</p>
<p>Nutriance Rich Revitalizing Shampoo Code 2310 250ml</p> <p>Directions for use: Massage into hair and scalp. Rinse well. Suitable for daily use.</p>	<p>Hair and scalp need regular, gentle cleansing to remove dust, perspiration, environmental pollutants, hairspray and other styling products that cause buildup. Hair looks and feels its best when it retains sufficient moisture; with too little moisture, hair becomes more difficult to manage. Many products on the market are only effective on limited types of hair. Some shampoos are hard to rinse out, leaving a soapy residue that can cause flakes, and others can upset the natural pH balance of hair and scalp. Certain botanicals can assist in the removal of buildup, and others can help maintain natural moisture balance.</p>	<p>Cleanses hair thoroughly without stripping essential moisture, provided by a synergistic extra-mild multicleanser system. Natural Witch Hazel is added to assist removal of greasy buildup.</p> <p>Helps maintain natural moisture balance and gives hair added body and lustre with Vitamin B3 (Niacinamide) and Pro-Vitamin B5 (Panthenol).</p> <p>Effective and gentle. Refreshes and thoroughly cleanses, yet is gentle enough to use daily.</p> <p>Free-rinsing formula leaves hair vibrant and easy to manage.</p> <p>Helps maintain normal hair and scalp pH with a water soluble formula.</p> <p>Clinically tested in Europe's most prestigious dermatological research facility.</p>
<p>Nutrishake Containers, 500g/25 servings Code 2582, Vanilla Code 2583, Strawberry Code 2584, Chocolate</p> <p>Dosage: Mix 2 slightly heaped scoops with milk or fruit juice. (Scoop provided).</p>	<p>An energy filled day begins with the right combination of high quality protein, plus carbohydrates. Proteins build and replace body cells. Protein itself is made up of amino acids. Amino acids must all be present and in balance, for protein to function properly in the body. There are 22 amino acids, and nine of them are considered "dietary essentials". Children and other picky eaters need nutrient-dense foods but the tasty foods they may prefer are often loaded with excessive sucrose and/or fat.</p>	<p>Complete, high quality protein with all 22 amino acids involved in human nutrition.</p> <p>Low fat when mixed with 2% milk.</p> <p>Low Allergy, being wheat-free, corn-free, low lactose.</p> <p>Three yummy flavours, can be mixed with milk, or fruit juice and/or whole fruits for delicious health shakes.</p>

<p>Omega-3 Fatty Acids For all markets - See <i>Omega-3 Salmon Oil Plus</i> <i>(90 capsules)</i></p> <p><i>*Note: Different product names for identical Mini 60 capsule options due to local Regulatory requirements.</i></p> <p>For Southern Africa – See Omega-3 Salmon Oil Plus* <i>(60 mini capsules)</i></p> <p>For Nigeria – See Smart 8* <i>(60 mini capsules)</i></p> <p>For East Africa – See Omega-3 Salmon Oil Plus Mini* <i>(60 mini capsules)</i></p>		
<p><i>Omega-3 Salmon Oil Plus</i> Code 2672 90 capsules</p> <p>Dosage: 3 capsules daily with meals.</p>	<p>Research shows diets that regularly include fish rich in all 8 members of the omega-3 fatty acids, including EPA (Eicosapentaenoic acid) and DHA (Docosahexanoic acid), provide a variety of health benefits. EPA and DHA have been shown to support healthy cardiovascular function. Omega-3 fatty acids, in particular DHA, are important for visual and neuronal development. Derived from oils from cold-water fish, omega-3s may support healthy blood levels of cholesterol, triglycerides and very low-density lipoproteins; normal levels of each of these have been associated with cardiovascular health. Plus, omega-3 fatty acids may offer other health benefits, such as easing the inflammation associated with the overuse of joints.</p>	<p>Completeness. Provides all eight members of the omega-3 family, including EPA, DHA, DPA, ETA and ALA.</p> <p>Each 3 capsule serving provides 1,070mg of omega-3 fatty acids including 460mg EPA and 480mg DHA.</p> <p>Purity. Derived from pure salmon oil, one of nature's richest sources of omega-3 fatty acids.</p> <p>Potency. Contains UHPO3, a NeoLife exclusive, derived by a process called "molecular differentiation" that delivers ultra-high potency and purity of all the Omega-3 fatty acids, including DHA and EPA.</p> <p>Safety. Only the finest, top quality, health-screened omega-3 sources from salmon, tuna, anchovies and sardines. Tested for more than 200 potential contaminants with an allowable detection level of ZERO! No risk of accumulated toxins common to some forms of fish; no hidden vitamins A or D.</p> <p>Leading-edge technology. Boosts specific, health-promoting omega-3 fatty acid levels while maintaining the whole-food goodness of salmon oil.</p> <p>Proven. Clinically proven to support heart and cardiovascular health.</p>

<p>Oxygen Bleach Code 2431 1kg</p> <p>Directions for use: Dosage depends on degree of soiling and size of wash load. See box for details.</p>	<p>Bleachable soils encountered in household and institutional laundry consists of a wide variety of substances. So it is important that a bleaching agent is effective at removing stubborn spots while being colour safe and even brightening whites and coloured fabrics. It should be easy to use by simply adding a bleach to the laundry compound or directly to the wash cycle.</p>	<p>Colour safe bleaching agent to remove severe spots. Brightens whites and coloured fabrics.</p> <p>Dose variations dependent on degree of soiling, won't damage or adversely affect textile dyes.</p> <p>Add directly to laundry compound or into wash cycle.</p> <p>Optimal effectiveness at 60°C.</p> <p>Earth-friendly by returning to its original components after use.</p>
<p>PCC (Personal Care Concentrate) Code 2309 250ml</p> <p>Directions for use: Use full strength or dilute 1:1 with water.</p>	<p>Bathing is a necessary, daily ritual that not only cleans us, but relaxes too. Today's body cleansers are expected to wash away dirt and perspiration, while leaving the skin soft and supple without a soapy residue that can cause itchy, scaly skin. Harsh environmental conditions, ranging from cold weather to air pollution, damage our skin and can cause dryness and cracking.</p>	<p>Formulated with gentle, yet effective cleansers that refresh the skin and leave no greasy residue.</p> <p>Lasting foam, making bathing a delight.</p> <p>Liquid cleanser, easy to dispense and easy to travel with.</p> <p>Excellent for fine lingerie and other delicate hand washables, leaving them clean, soft and fresh smelling.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
PhytoDefence Daily Phyto-nutrient Protection Pack Code 2503 30 sachets Dosage: 1 sachet daily.	<p>Research suggests that diets with high levels of carotenoids, flavonoids and the active constituents from the recommended amount of cruciferous vegetables will help to combat oxidative damage to cells and offer significant benefits to our general well-being. It appears that these nutrients, termed phytonutrients, are most effective when several types are consumed together. Only a minority of people eat adequate amounts of the fruits and vegetables that would provide these carotenoids, flavonoids and cruciferous constituents. It is also apparent that some consumers are not aware of how many of each nutrient to consume on a daily basis.</p>	<p>First product of its kind to offer scientifically proven phytonutrient protection.</p> <p>Convenient individual sachets deliver optimal daily supply of recommended phytonutrients.</p> <p>A balanced mix of the equivalent of 6 optimal servings of whole-food phytonutrient fruit and vegetables.</p> <p>Each sachet contains: 3 brown, soft-gel capsules providing a broad spectrum of nature's oil soluble carotenoids; 2 purple tablets providing water soluble antioxidant diversity from a broad flavonoid spectrum of fruit and vegetable extracts and concentrates and 1 light green tablet providing the phytonutrient profile of an optimal serving of cruciferous vegetables containing a broad spectrum of bioactive ingredients.</p>

Pro Vitality Code 2595 30 sachets Dosage: 1 sachet daily.	<p>Health surveys show the incidence of chronic disease to be higher than ever before. We could be contributing to this trend due to our busy lifestyle and the state of our diets, which are often inadequate in nutrient-rich whole-foods. This can result in turning the healthy food pyramid upside down - too much processed food, sweets and bad fats that contribute to poor health and not enough whole grains, fruits, vegetables and healthy fats from fish that protect health.</p> <p>Leading global health authorities like the World Health Organization, Centers for Disease Control and Heart Associations agree that nutrition plays a critical role in lowering the risk of chronic disease. Everyone should increase consumption of whole grain foods, fruits & vegetables, foods rich in omega-3 fatty acids and essential vitamins & minerals - and maintain a healthy weight. But even those with good intentions to follow a healthy diet, face challenges. Busy lifestyles, eating on the run and the prevalence of processed foods, all contribute to nutritional gaps.</p>	<p>Whole-food nutrition clinically proven to strengthen the perfect foundation for lifelong health and vitality.</p> <p>Includes three scientifically proven products: Tre-en-en® Grain Concentrates, Carotenoid Complex, and Omega-3 Salmon Oil Plus, providing key nutrients from whole grains, fruits & vegetables and fish.</p> <p>Preserves the nutritional legacy of the essential vitamin and mineral complex in Formula IV Plus to nourish your cells, with added iron to support energy.</p> <p>Phytoenzyme which is a plant sourced enzyme to support easy digestion and absorption of supplemented nutrients.</p> <p>In convenient individual sachets that you can easily take with you anywhere.</p> <p>Provides powerful nutrients that support:</p> <ul style="list-style-type: none"> • Powerful Antioxidant Protection • Heart Health • Immune Function • Healthy Brain Function • Flexible, Healthy Joints • Clear Vision • Youthful Skin, Hair & Nails • Lifelong Cellular Health

<p>Stage 6 Code 2575 100 tablets</p> <p>Dosage: 1 to 4 tablets before bed with a glass of water.</p> <p>Reg. T/11.5/250 (Act 101/1965)</p>	<p>Stage 6 offers your body a way to rid itself of toxins, cleansing the body and keeping the metabolic rate functioning optimally. Herbally based Stage 6 has been developed to assist in gently purging the body. Predictable and gentle confidence.</p>	<p>Blend of plants combine to restore natural elimination.</p> <p>Safe, mild and effective - works without cramping or “gripping”.</p>
<p>Super Gro Code 2740 250ml Code 2741 5 litre</p> <p>Directions for use: Add 1ml Super Gro to 1 litre water.</p>	<p>Healthy, green growing plants tend to create a feeling of warmth, pride and a general sense of well-being. In order for plants to survive, let alone flourish, they need water that penetrates right to the root system. However, water has a natural tendency to form small beads on surfaces which prevents it from spreading evenly. This can result in substantial water loss due to run off and evaporation, with very little soil penetration. Consequently more water is used, further taxing our limited resources.</p>	<p>Surfactant system designed to make water wetter.</p> <p>Optimises water use by overcoming water repellancy, increasing rate of soil penetration and reducing run-off and evaporation.</p> <p>Compatible with agricultural aids such as plant foods, liquid fertilisers, pesticides and insecticides.</p> <p>Highly concentrated and economical product, as a little goes a very long way.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
<p>Super 10 Code 2012 5 litre Code 2013 25 litre</p> <p>Super 10 Fragranced Code 2016 1 litre Code 2017 5 litre Code 2019 25 litre</p> <p>Directions for use: Dilute 1 part Super 10 with 3,10 or 20 parts water.</p>	<p>With so many tough cleaning chores around the house it's no wonder the cleaning cupboard is jammed full. But instead of a different cleaner for every job, the economy and convenience of a single effective product for most household cleaning needs is a desirable and practical solution. To protect and preserve the environment, more and more people today also prefer cleaners with earth-friendly ingredients.</p>	<p>Versatile and economical since one product is useful in literally every room of the house. Effective on every job from removing stubborn fabric stains to cleaning garage floors.</p> <p>Quickly penetrates, dissolves and emulsifies for a fraction of what you have been spending on other products.</p> <p>Safe to use on any surface where it's safe to use water. Non-ionic surfactants "make water wetter" by contributing to the penetration and emulsification of soils.</p> <p>Concentrated product: a little goes a long way.</p> <p>Earth-Friendly, as it returns to its original components after use.</p>
<p>Tre-en-en® Code 2135 60 capsules Code 2130 120 capsules</p> <p>Dosage: 1 capsule daily.</p> <p>(See also Formula IV, Formula IV Plus, Daily Vitality Pack, Liqui-Vite, Pro Vitality and Vita Squares)</p>	<p>Cell membranes need lipids and sterols to stay healthy. Unfortunately, modern grain processing strips lipids, sterols and other vital nutrients from the foods that make up our dietary staples. Additionally, important lipids and sterols - "good fats" - may also be missing from modern diets in which fat substitutes and fat-free items are substituted for foods rich in lipids and sterols. Certain lipids may increase the fluidity, or "pliability," of cell membranes and help keep cells functioning efficiently by enhancing nutrient utilisation, which promotes healthy energy and vitality. Plant sterols have a number of valuable health benefits as well, and may support the function of the circulatory system and cellular health throughout the body. Lipids and sterols may assist in providing critical support for the healthy cellular uptake of nutrients, and cellular export of waste and metabolites.</p>	<p>Complete lipid and sterol profile of wheat, rice & soya.</p> <p>Diverse phytonutrient extracts from staples used around the globe supply essential nutrients, such as omega-3 and omega-6 fatty acids, for optimum cellular function.</p> <p>Scientifically proven to promote efficient nutrient utilisation.</p> <p>Replaces important sterols stripped from processed foods, including beta-sitosterol, gamma-oryzanol, stigmasterol and campesterol, plus octacosanol.</p> <p>Cold-pressed and cold-processed to preserve nutritional value.</p> <p>Cholesterol-free and yeast-free.</p>

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Vita Guard Code 2894 120 tablets Dosage: 2 tablets daily.	Some of the most crucial factors in the nutritional foundation children are building for a lifetime of optimal well-being, are the protective antioxidant nutrients. They receive some of their greatest threats during childhood yet their defence systems are still immature. Antioxidant phytonutrients such as carotenoids and flavonoids from fruits and vegetables have been shown to be immuno-supporting. Antioxidant protection is doubly important for children as they burn more energy in a day than many adults twice their size. This high energy output for growth, development and general activity produces unwanted free radicals. Despite this need, studies show that children's diets are often lacking the recommended daily servings of fruits and vegetables and thus are deficient in such antioxidant nutrients as vitamins A, C & E, the carotenoids, flavonoids and zinc.	Complete antioxidant protection , specially designed to meet the needs of children from the time they can comfortably chew a tablet - with the antioxidant nutrients they're most likely to be missing. Includes Carotenoid and Flavonoid Blends , exclusive to NeoLife. These broad spectrum antioxidants from whole-foods protect both lipid regions and watery portions of cells. Convenient dose contains phytonutrients equivalent to one serving of fruits and vegetables. Chewable tablets, with a great tasting flavour derived from fruit essences. Contains no artificial flavours, no artificial colours and no preservatives. Sweetened with fructose and fruit juice concentrates. Contains no sucrose and no synthetic sweeteners.
Vita Squares Code 2893 180 tablets Dosage: 3 tablets daily.	A solid nutritional foundation is important for children to build upon for a lifetime of optimal well-being. Yet surveys indicate the diets of children and adolescents are lacking in several essential nutrients, such as iron, vitamins A, E & C, zinc, niacin, vitamin B6 and folic acid. Dietary fats, known as lipids and sterols, which influence nutrition at the cellular level are also important. As children grow their bodies are building new cells, which make up tissue, bones, blood, muscles and nerves. This multiplies their needs for complete nutrition. With such a demand by the body for high level nutrition, even a healthy diet may have nutritional gaps.	Complete vitamin and mineral support , specially designed to meet the needs of children from the time they can comfortably chew a tablet. Includes Tre-en-en Grain Concentrates , exclusive to NeoLife, providing important lipids and sterols. Chewable tablets, with a great tasting flavour derived from fruit essences. Contains no artificial flavours, no artificial colours and no preservatives. Sweetened with fructose and fruit juice concentrates. Contains no sucrose and no synthetic sweeteners.
Vitamin A & D Code 2531 100 capsules Dosage: 1 capsule daily.	Vitamin A is well known for the maintenance of good vision and healthy skin, hair and nails while Vitamin D helps the body utilise calcium necessary for the normal development and maintenance of strong bones and teeth.	100% premium cod liver oil from fish of the glacial fed Northern Atlantic waters. No unpleasant taste or odour , soft gelatin capsule protects potency and makes product easy to swallow.
Vitamin B Co. Sustained Release Code 2541 60 tablets Dosage: 1 tablet daily. Reg. T1138 (Act 101/1965)	The various B vitamins are important for general well-being and are essential for many body functions. Vitamins of the B complex group are important co-factors in the metabolism of the food we eat, help maintain healthy nerve function, are involved in the manufacture of red blood cells and contribute to healthy skin and hair. B vitamins are water soluble and are not stored, so the body needs a daily supply. Processed food that has been refined, canned or overcooked will have some or most of it's B vitamins destroyed.	Complete formula contains all members of the essential vitamin B family and in addition supplies all nutritional factors found in vitamin B rich foods. Biologically bound yeast source for overall completeness. Balanced natural ratios help to avoid a high intake of one which may induce a deficiency in others. Formula provides availability of high potency B vitamins. Sustained release technology ensures a slow monitored release into the system for up to 6 hours.

PRODUCT	FULFILLS WHAT NEEDS?	THE NEOLIFE DIFFERENCE
Vitamin C Sustained Release Code 2551 100 tablets Dosage: 1 tablet daily. Reg.T1135 (Act 101/1965)	Vitamin C is an essential nutrient that cannot be stored in the body; it must be consumed every day. Current research verifies the importance of vitamin C as a water soluble antioxidant assisting in keeping cells healthy. It also plays a role in maintaining healthy gums, skin, connective tissue and improved iron absorption.	Potency dosage of 500mg per tablet. Sustained Release technology maintains release of nutrients for up to 6 hours. Includes bioflavonoids to enhance absorption and utilisation of vitamin C.
Vitamin E 200 I.U. Code 2774 60 capsules Dosage: 1 capsule daily. Reg.T1139 (Act 101/1965)	Vitamin E and the vitamin E family of nutrients (alpha, beta, delta & gamma tocopherols and tocotrienols) are an important group of antioxidants. While vitamin E supplements are easy to find in the marketplace, many are inferior in that many important nutrients are lost during the manufacturing process. New research keeps reinforcing the importance of having sufficient vitamin E nutrients in the diet.	Rich complex of food based vitamin E. Contains mixed tocopherols. Protects unsaturated fatty acids and vitamin A against oxidation in the body. Functions as a tissue antioxidant thereby keeping cells healthy.
Wash 'n Wax Code 2061 500ml Directions for use: Pour 5ml into a bucket and add 6 litres of water at full pressure.	Second to a home, a car is probably the biggest investment a person will ever make. The two worst enemies for the finish on a car, or any painted metal surface, are abrasion and oxidation. Constant use of an abrasive polish can lead to thinning and wearing of the painted surface. The painted surface being porous results in molecules of air entering the surface and causing oxidation (similar to rust). Road film, environmental salt spray, sun and other factors all add to further breakdown on the surface. The process of wear and oxidation are continuous, so steps need to be taken to prevent them from occurring.	Dual surfactant system , specially formulated for maximum non-abrasive cleaning and protection. Protective silicone film displays excellent water barrier properties by promoting increased run-off due to beading. Reduced oxidation due to this silicone protection. Concentrated and economical with just a small dose in cold water displaying excellent foaming properties. Useful household applications since the same mixture is effective for cleaning surfaces of fixtures and appliances found in kitchens and bathrooms.
Weight Loss Programme <i>See Ami-Tone, NeoLifeBar, NeoLifeShake and NeoLifeTea</i>		
Wheat Germ Oil Code 2561 60 capsules Dosage: 1 capsule daily. Reg. T1142 (Act 101/1965)	Wheat germ oil is the richest source of essential vitamin E. It functions as a tissue antioxidant helping to maintain healthy cells. Vitamin E also protects unsaturated fatty acids against oxidation in the body.	Pure wheat germ oil with vitamin E. Cold-pressed extraction method preserves more vitamin E than heat extraction method used by many manufacturers.
Zinc <i>See Chelated Zinc</i>		

GNLD Vitamin B Co. Sustained Release. Ref. T1138 (Act 101/1965).

Each tablet contains: Vitamin B1 50mg, Vitamin B2 50mg, Vitamin B6 50mg,

Vitamin B12 200mcg, Pantothenic Acid 200mg, Niacinamide 200mg, Folic Acid 400mcg, Biotin 300mcg, Choline 100mg, Inositol 100mg, PABA 50mg.

GNLD Vitamin C Sustained Release. Ref. T1135 (Act 101/1965).

Each tablet contains: Vitamin C 500mg, Acerola Cherry 15mg, Rose Hips 10mg, Rutin 10mg, Lemon Bio-flavonoid 10mg, Hesperidin Complex 10mg.

GNLD Daily Vitality Pack. Ref. T1140 (Act 101/1965).

Composition: 1 GNLD Multi Mineral plus Alfalfa tablet contains: Calcium 325mg, Phosphorous 125mg, Magnesium 75mg, Potassium 30mg, Zinc 10mg, Iron 9mg, Copper 1mg, Alfalfa 25mg, Irish Moss 25mg, Watercress 10mg, Parsley 5mg, Chlorophyll 5mg, Iodine 100mcg. 2 GNLD Formula IV capsules, composition per capsule: Vitamin A 2,500 I.U., Vitamin D 100 I.U., Vitamin B1 5mg, Vitamin B2 5 mg, Vitamin B6 5mg, Vitamin B12 5mcg, Vitamin C 75mg, Vitamin E 15 I.U., Pantothenic Acid 7,5mg. Niacinamide 12,5mg, Folic Acid 50mcg, Calcium 50mg, Phosphorous 39mg, Potassium 5mg, Manganese 5mg, Magnesium 15mg, Iron 2mg, Copper 1mg, Zinc 7,5mg, Iodine 50mcg, Rose Hips 25mg, Malt Diastase 20mg, Lecithin 50mg, Safflower Oil 132mg, Wheatgerm Oil 50mg, Rice Bran Oil 100mg, Soya Bean Oil 75mg, Soya Protein 50mg, Yeast 50mg. 1 GNLD Vitamin C Sustained Release tablet (See Ref. T1135 Act 101/1965). 1 GNLD Vitamin B Co. Sustained Release tablet (See Ref. T1138 Act 101/1965). 1 GNLD Vitamin E 200 I.U. capsule (See Ref. T1139 Act 101/1965).

GNLD Vitamin E 200 I.U. Ref. T1139 (Act 101/1965).

Each capsule contains: Vitamin E 200 I.U. (134mg) (D-alpha tocopherol from mixed tocopherols).

GNLD Stage 6. Reg. T/11.5/250 (Act 101/1965).

Each tablet contains: Senna Leaf Powder 120mg, Prune Powder 35mg.

GNLD Wheat Germ Oil. Ref. T1142 (Act 101/1965).

Each capsule contains: Wheat Germ Oil 730mg, Vitamin E 57 I.U. (D-alpha tocopherol).
