## FOR PAPER TEST

- Print and carefully cut out our paper ring sizer below. Create a slit by making a small cut on the line labelled “ring size”.
- Slip the pointed end through the slit creating a circle. To measure a wide ring, we recommend using the large paper ringsizer, and to measure a narrow ring, we recommend using the small paper ring-sizer.
- **MEASURE:** Place around your finger and pull the pointed end to create a snug fit.
- **DETERMINE:** The number line located at the “ring size” slit, is the proper ring size.
- **TIP:** Be careful not to wrap the paper too tight. Aim for a comfortable, snug fit.
- **CHECK:** Double check for accuracy.
- **NOTE:** Print this page at 100% for accurate sizing.

## FOR STRING TEST

- Print our chart of ring size circles. Cut a small piece of string, thread or ribbon from a spool.
- MEASURE: Wrap it snugly around your finger for an accurate measurement.
- DETERMINE: Compare your measurement with our sizing chart.
- TIP: Be careful not to wrap the string too tight. Aim for a comfortable, snug fit.
- CHECK: Double check for accuracy. Place the ring on top of each circle until you find a perfect match.
- NOTE: Print this page at 100% for accurate sizing.
