VARIATIONS. In most cases we work with version A. If we want to bring in the signet directly to the logo as well we use version B when it is aligned to the center and version C when it is aligned to the sides.

PHOTOS. On pictures we use the myclubs logo in white for a good contrast. In this case the logo is best placed in a corner.

SAFE SPACE. Keep in mind to always give the logo some room to shine. Therefor always check if the minimal safe zone is applied. Do not place other graphic elements in this area.
