

Innovation by Design Leadership for Agility 2016 NIC Virtual Conference

Clark N. Quinn, Ph.D.

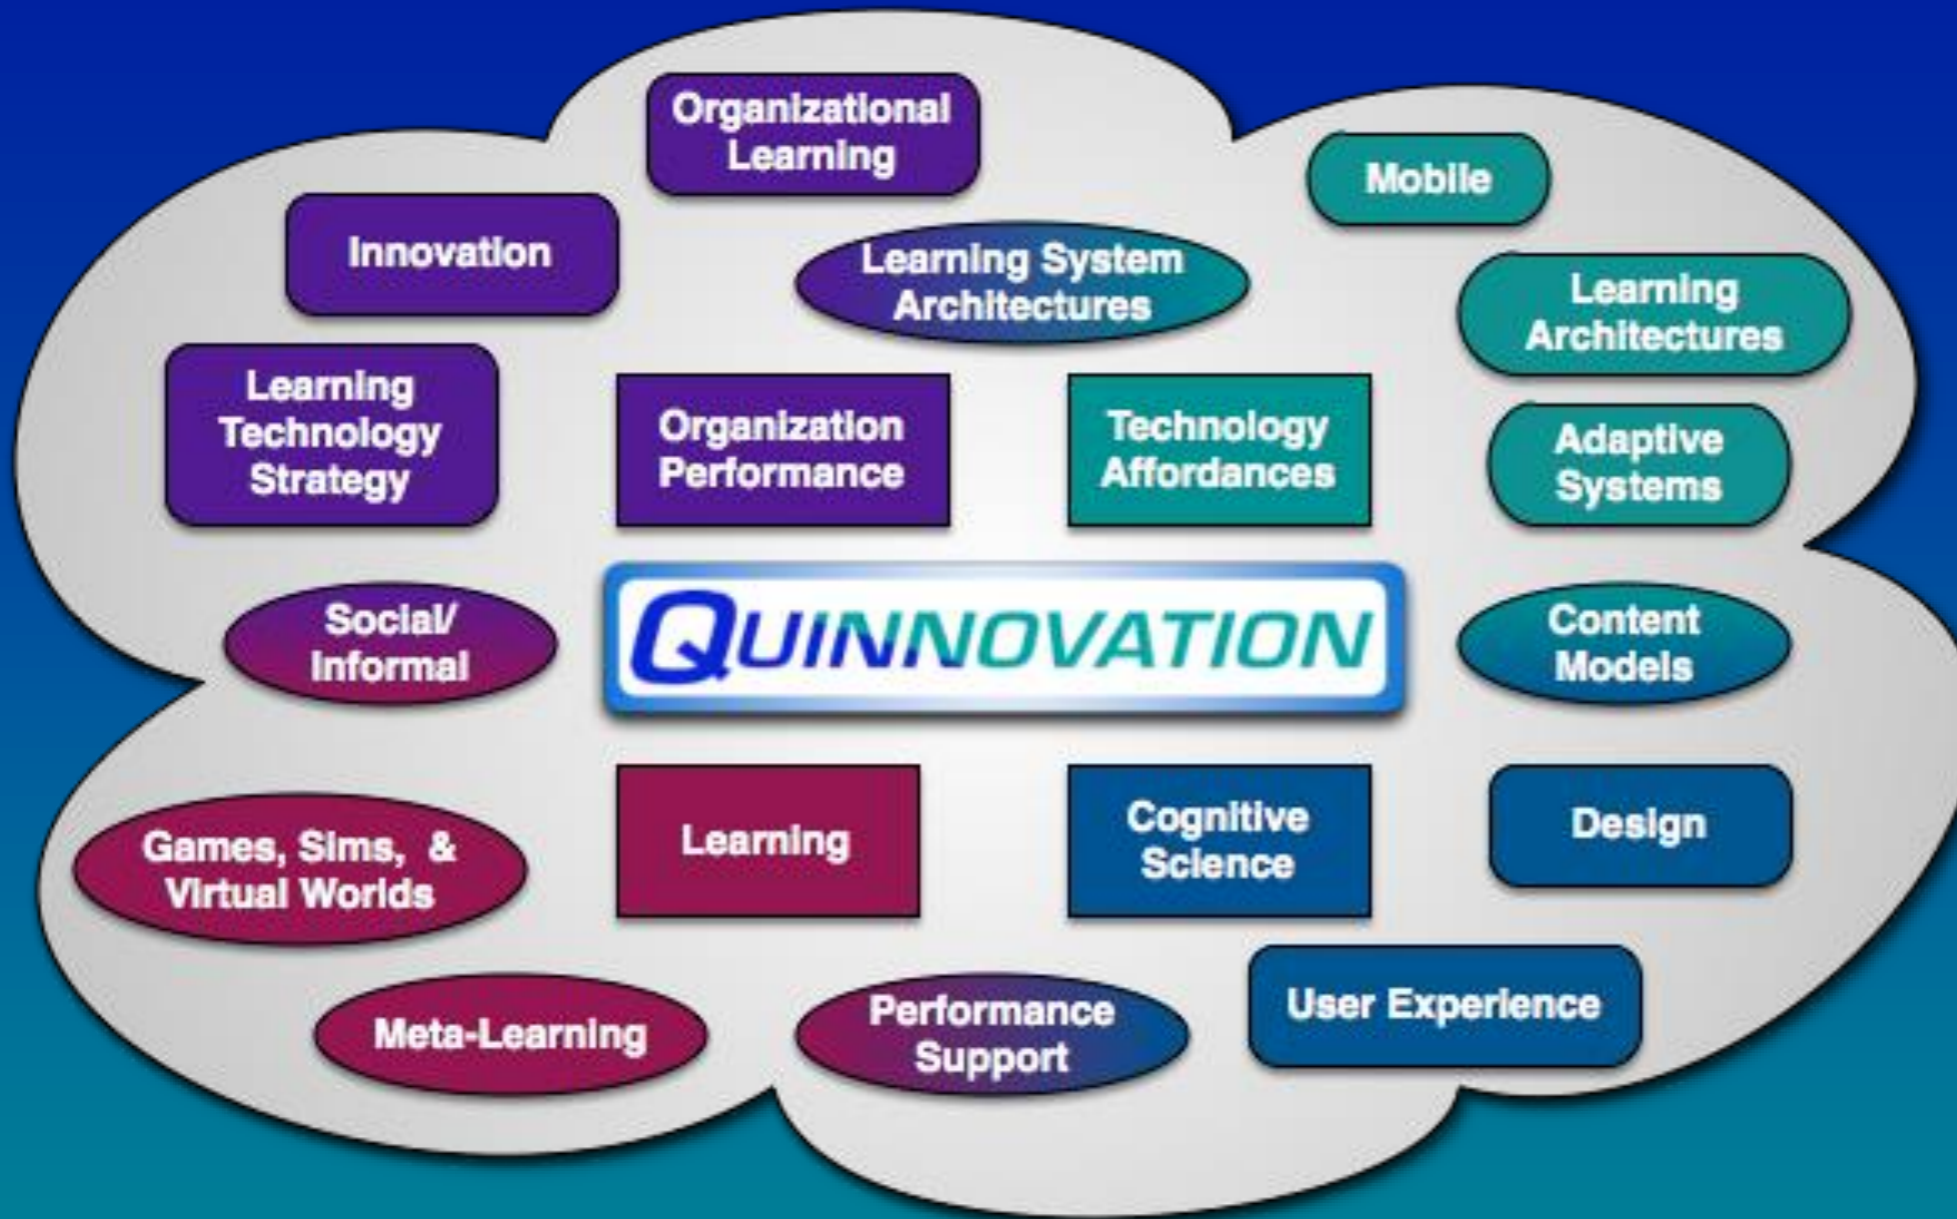

@quinnovator

learned helplessness
characterized by a sense of
traumatic event or

learning ● n. know-
ledge or skill acquired by ex-
perience or study

learning curve ●
a graph showing the amount of
learning required to master a
new task

learning disabilities
a group of conditions that
affect a person's ability to
read, write, or do math

Are you (+) learning faster than change is happening?

What is
innovation?

What does innovation take?

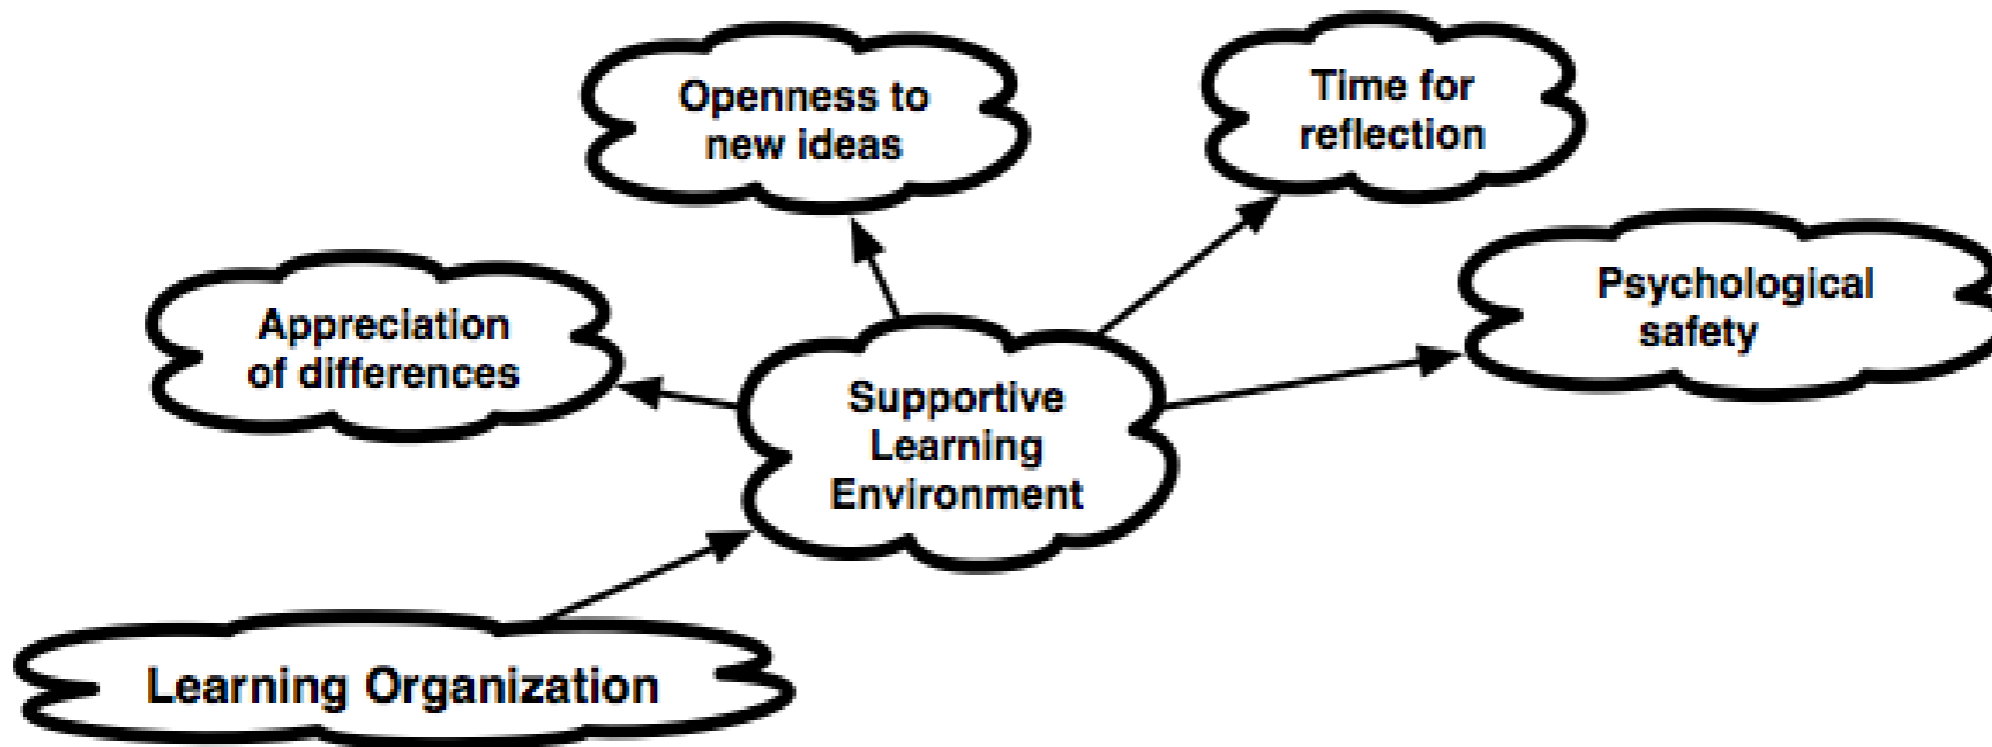

**DO NOT
ENTER**

**WRONG
WAY**

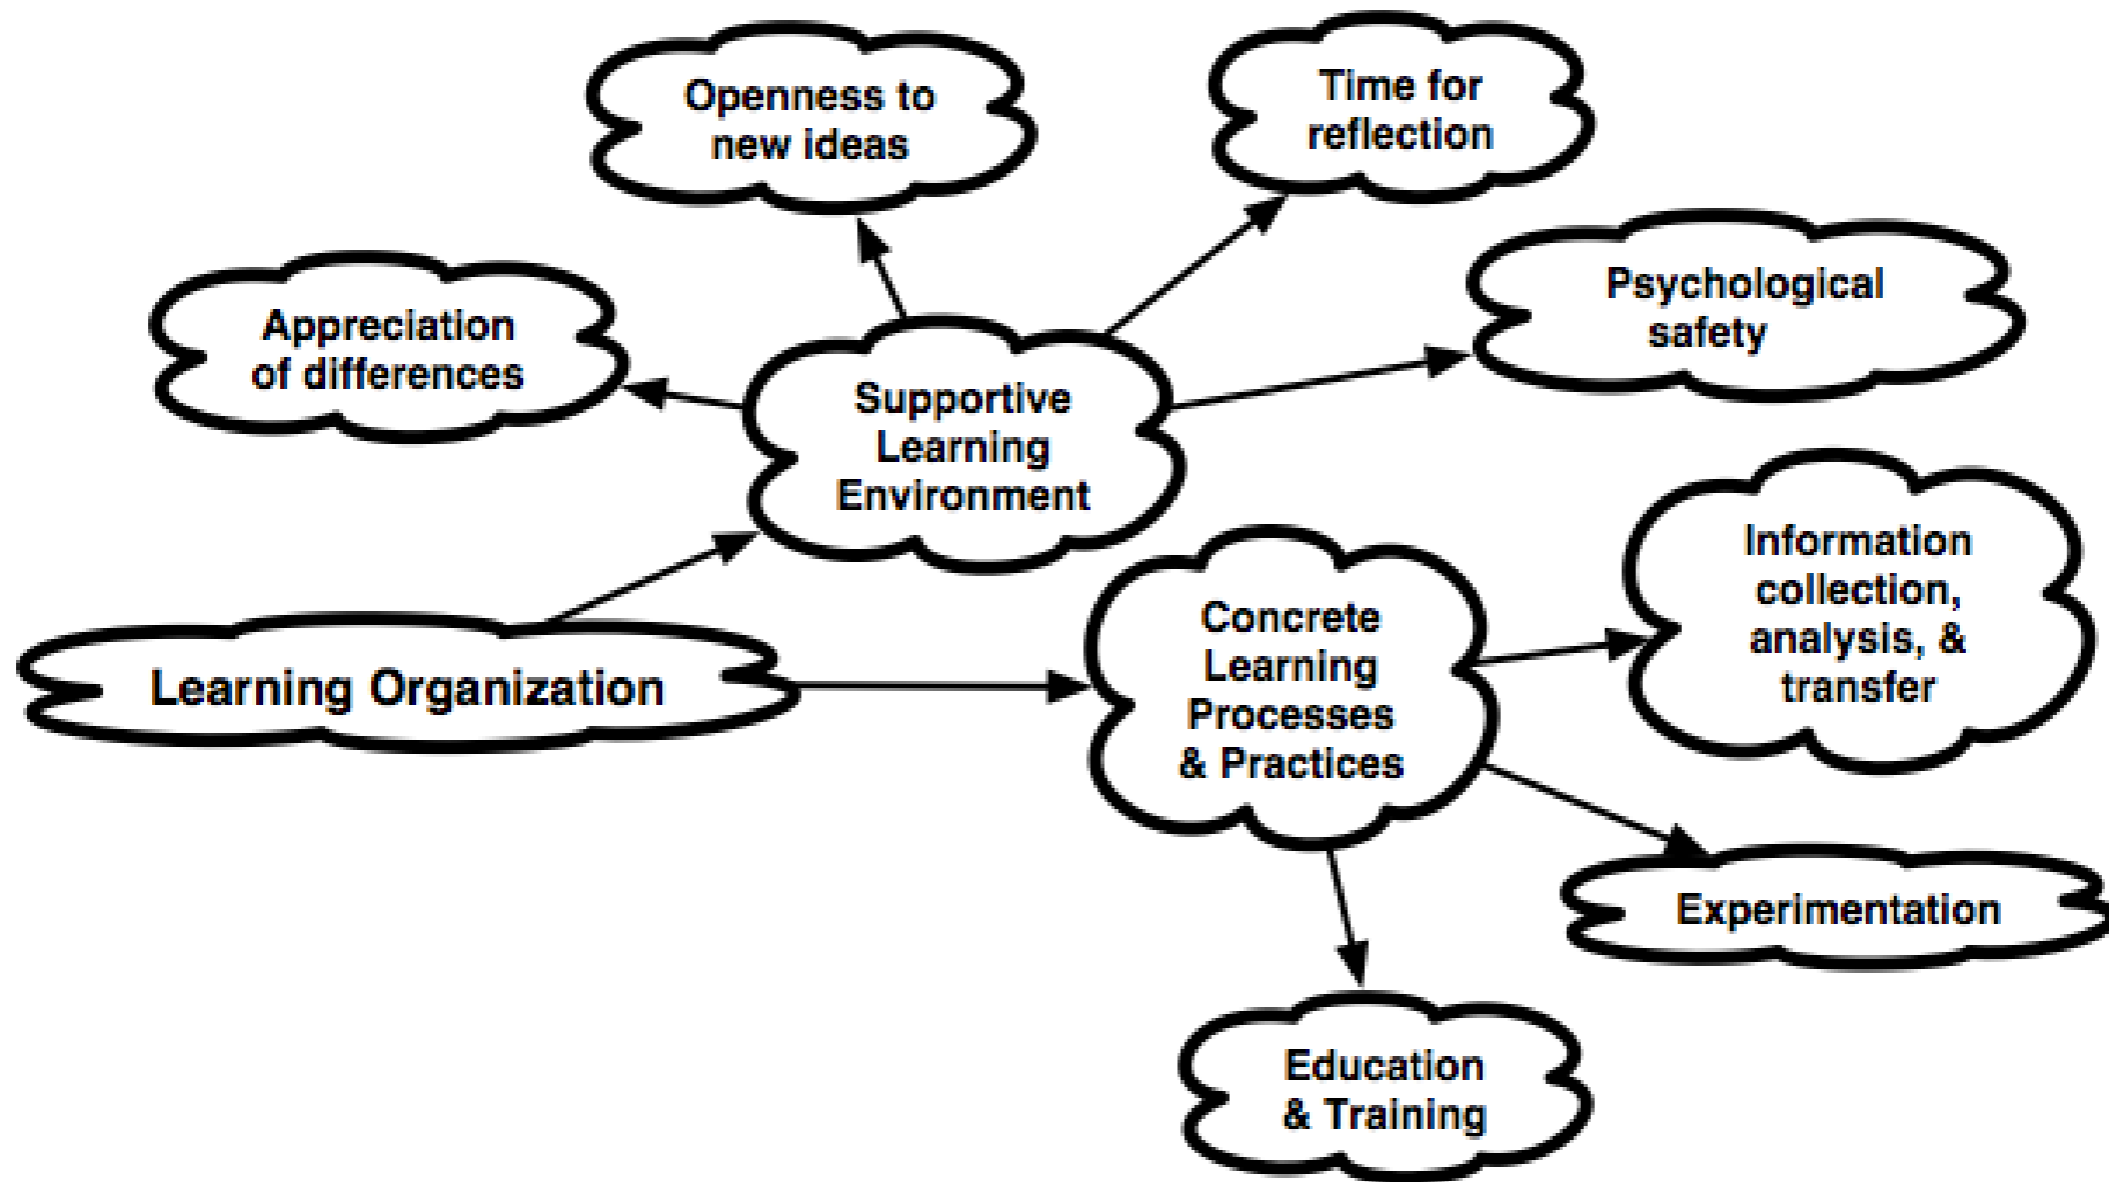

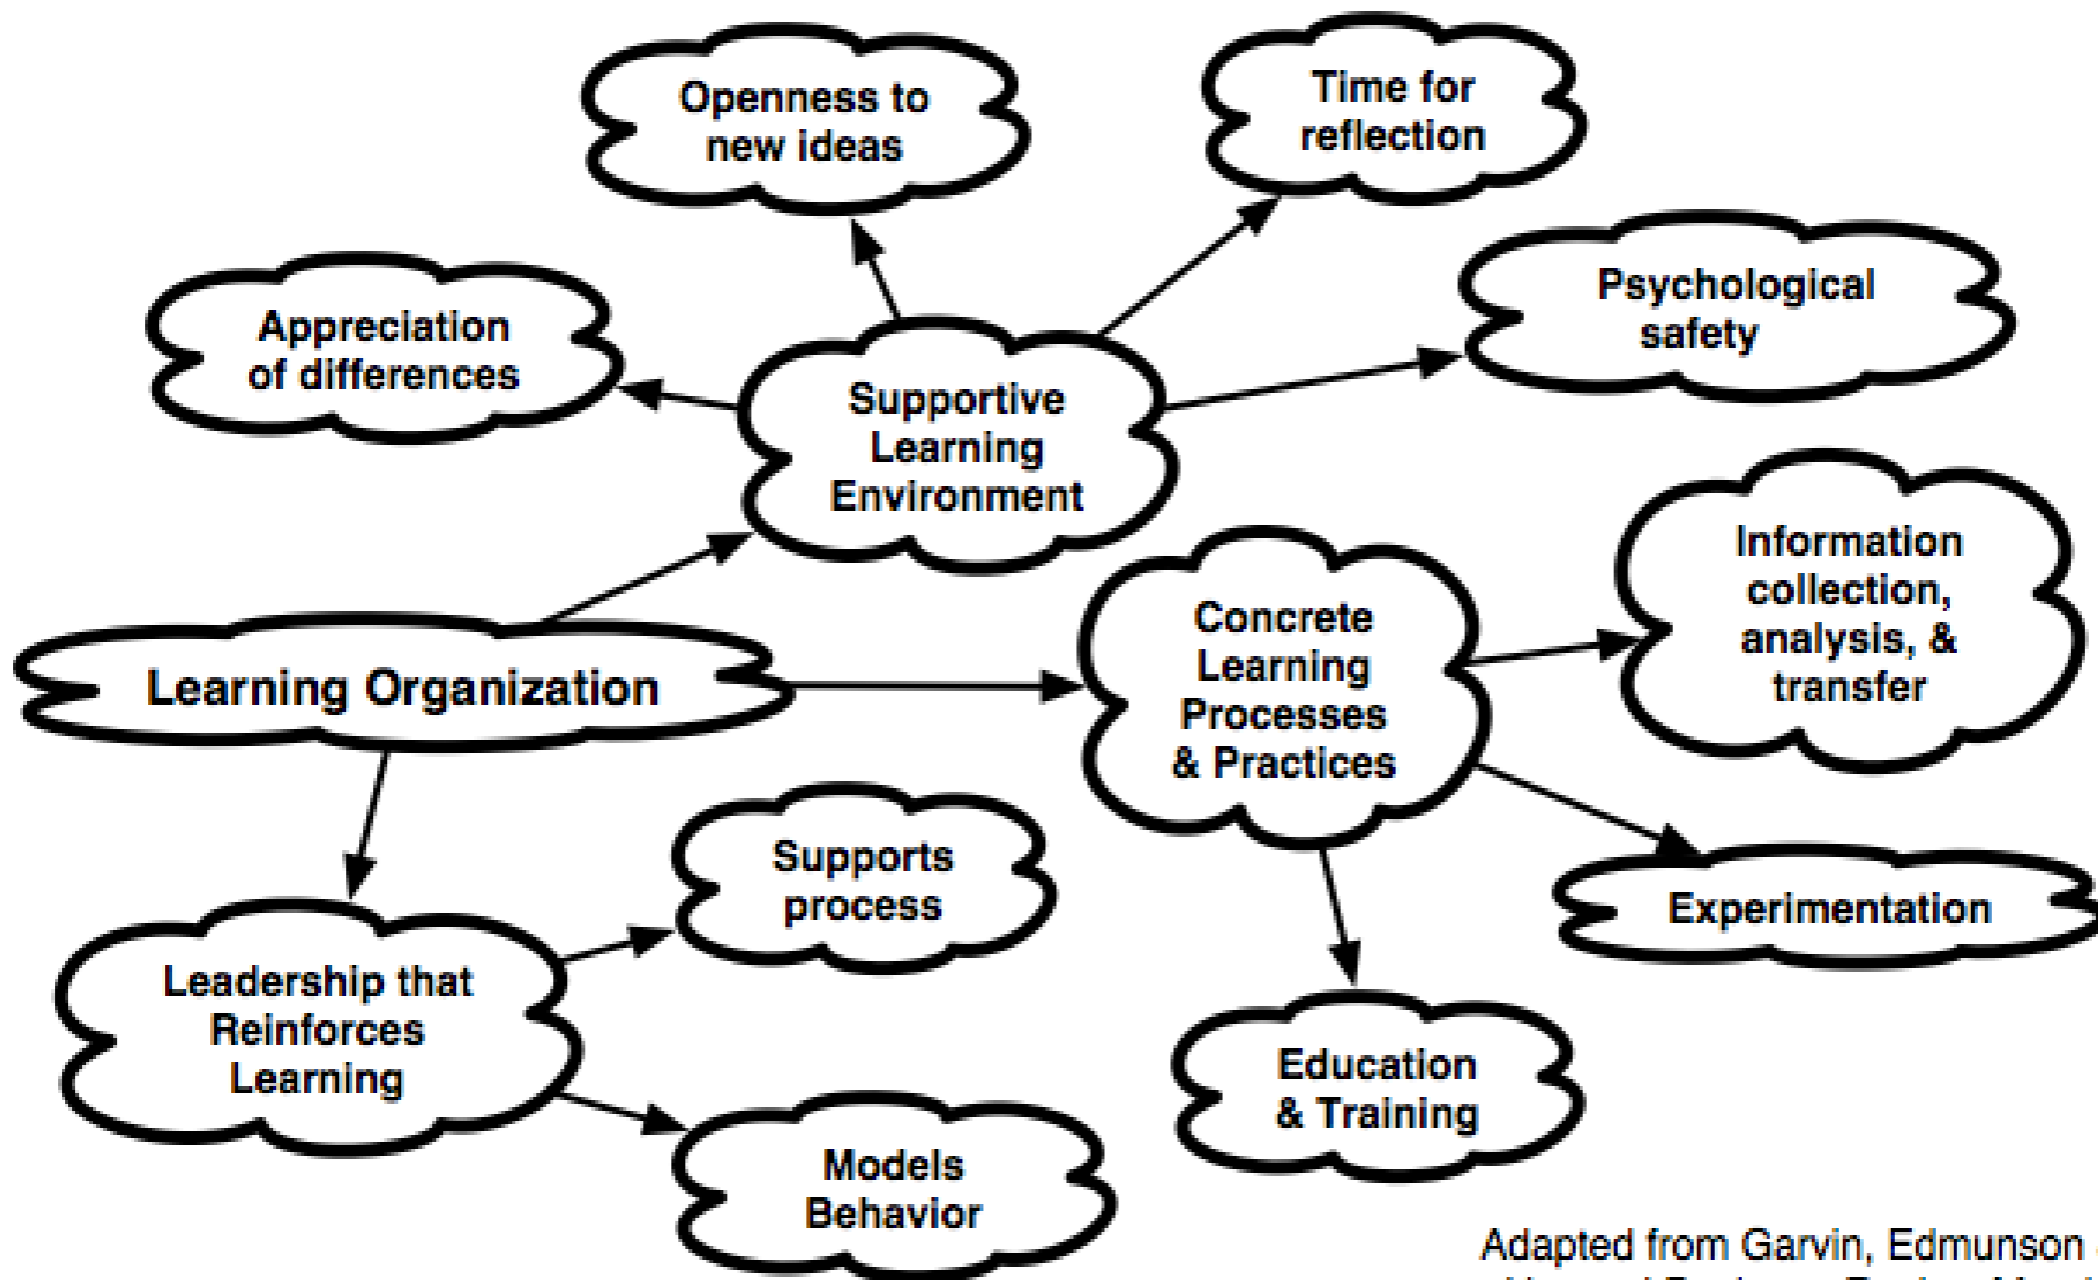

Adapted from Garvin, Edmunson & Gino,
Harvard Business Review March 2008

How do you
get there?

Thanks!

Clark Quinn
