

# DR. RUDELL JACINTO, DMD, INC

We hope you and your family are in good health. Our community has been through a lot over the last few months, and all of us are looking forward to resuming our normal habits and routines.

Our office is now open. With your safety and protection of our staff in mind, our office follows all new guidelines regarding infection control recommendations made by the American Dental Association® (ADA), the U.S. Centers for Disease Control and Prevention (CDC), and the Occupational Safety and Health Administration (OSHA). There will be some changes when it is time for your next appointment. The below changes have been made to protect our patients and staff.

- Pre-screening for COVID-19 symptoms and/or any contact with a known COVID-19 positive person of all patients prior to scheduling an appointment.
- All patients will wait in their car or outside until their appointment time.
- Upon entry, patients will have their temperature taken via a no-touch thermometer and be instructed to use hand sanitizer to sanitize their hands.
- All staff will wear proper PPE (e.g., N-95 masks, gloves, face shields, etc.).
- All high touch surfaces will be sanitized after every patient.
- HEPA filters have been added to promote air filtration.
- We are not scheduling at 100% full capacity to adhere to social distancing guidelines.

We look forward to seeing you again and are happy to answer any questions you may have about the steps we take to keep you safe in our practice. We thank you for your loyalty and confidence in us!

Sincerely, Dr. Rudell Jacinto
