Providence

Cat Condos (separate from dogs)

Small Dog Room(cages)

Dog Runs (Indoor/Outdoor)

## Premier Boarding

For pets with higher energy needs (especially puppies and kittens), who experience emotional distress or problems related to boredom, or you simply want to have some extra attention.

Your pet will be given a chew of the appropriate size each day to help freshen breath, clean teeth, and alleviate boredom.

Meals will be fed from a food dispensing toy instead of a bowl to help alleviate boredom and food gulping.

Your pet will receive 20 minutes a day of individual play time with our animal care staff for games, exercise, and snuggles.

Dogs will receive a bath before going home and cats will be brushed out.
