## WHAT IS INCLUDED IN THESE OPTIONS?

### The Bath and Brush Spa Treatment:

The Bath and Brush Spa Treatment consists of a warm soothing bath in fragrant non-allergenic shampoo, followed with a natural oatmeal conditioner, which moisturizes your pet's skin while adding a healthy gleam to their coat. All pets with necessary need will have their anal glands attended to while in the tub. Next, your pet will undergo a high-powered blow dry and brushing, which cleans and clears your pet's skin follicles while ridding your pet of any loose or tangled hair. A sanitary clip is available upon request. The ears will be plucked if necessary and cleaned with a non-alcoholic cleaner to prevent infection and to insure your pet's health. Your pet's nails will also be trimmed. The Spa Treatment will be finalized with the owner's choice of perfume and a colorful scarf or bow.

### The Royal Treatment:

The Royal Treatment includes all of the luxuries of the Bath and Brush Spa Treatment with the bonus of having the hair cut of the customer's choice, whether it's a pet clip or a modified show trim.
