8 Financial Policy

Sehorn Chiropractic PLLC dba Campion Chiropractic and Sports Injury Clinic, and staff welcome you to our office. We are here to serve your healthcare needs and appreciate the opportunity to do so. We have sincerely endeavored to keep your health care costs in this office as reasonable as possible so that you may feel financially, as well as physically, comfortable while pursuing the ultimate health that chiropractic provides. In the interest of maintaining a good doctor-patient relationship and continuing the delivery of quality healthcare, it is our hope you will take responsibility for your financial obligation to our practice/office. The following are general policies we have established for our patients which we believe allow the flexibility that some patients need. We encourage you to discuss your account, and any payment agreements that you desire, with our office personnel. Discussion of these issues early on in your treatment process will prevent most concerns or misunderstandings.

1. **INSURANCE**- As a courtesy to our patients, we will verify your insurance at or before your first visit to our office. We will file claims on all visits and procedures performed in our office. Fees are based on the contracted insurance company's guidelines. Depending on your insurance carrier, these fees may vary. When we file a claim on your behalf, it is with the understanding that benefits will be assigned to Sehorn Chiropractic PLLC (that is, the insurance company will pay Sehorn Chiropractic PLLC directly). You are responsible for payments of all deductibles, co-insurance, co-pays, and non-covered services. Please remember, insurance coverage is a contract between the patient and the insurance company. The ultimate responsibility for understanding your insurance benefits and payment to your doctor rests with you.

2. **REFERRALS** – We gladly accept referrals from other doctor's offices. You are required to 1) know whether or not your insurance requires a referral and 2) obtain that referral before you are scheduled to see the doctor. Our office will be happy to assist you in determining the status of any one of our doctors on your insurance plan; however, this is not a guarantee of coverage. You should take the time to call your insurance company to ask specifically about the doctor you wish to see and your covered benefits. Referrals typically have an expiration date and a limited number of visits, so you should be careful to monitor the dates and visits. If your insurance company requires a valid referral for evaluation/treatment and you do not have one, you will be rescheduled for another day.

3. **NO INSURANCE** – Patients who do not have insurance are expected to pay for all services rendered on the day of treatment. We understand that individual situations may make it difficult to meet these financial expectations and we are happy to discuss payment arrangements as needed based on treatment recommendations.

4. **RETURNED CHECKS** – Your account will be charged a \$30 fee for each returned check. In addition, you will be asked to bring cash/money order to our office to cover the returned check amount and fees incurred. CCC 2023.02.25

5. **PAST DUE ACCOUNTS** – Patients who have not tried to make payment arrangements or have not expressed an interest in meeting their financial obligations to us may be turned over to a collection agency. Patients who have allowed their account to be turned over to an agency will be expected to satisfy their financial obligation to us, plus pay for any fees incurred from the agency. You will be expected to pay for any future services in advance, before being seen by our doctors.

6. **NON-COVERED SERVICES** – Medicare and certain insurance companies will only pay for services which they determine to be "reasonable and necessary". If Medicare or another insurance company determines that your visit with our doctors/clinic is not "reasonable and necessary", then they will deny payment for that service. Sometimes insurance companies will not cover an office visit/examination prior to a procedure when the patient comes to the doctor with no symptoms and is requesting a screening procedure. Denial of payment by your insurance company does not mean that you do not need visits with the doctor/clinic beforehand.

Our doctor/clinic recommends a consultation and/or spinal screening prior to any treatments or procedures in order to evaluate the patient's history and general health. The patient will then be informed about any examinations, physical therapy, spinal decompression, low level laser therapy, Graston, therapeutic exercises, manual therapy, and other diagnostic tests that may be needed in order to diagnose your condition and start treatment. We are required to inform you, and we are doing so now, that your insurance company may not cover the consultation, office visit, examination, spinal manipulation, extracorporeal shockwave therapy, spinal decompression, manual therapy, low level laser therapy, Graston, and/or other physical therapy modalities and that you will be responsible for payment. If for any reason, after a thorough consultation, examination, and x-rays (if necessary), your problem is NOT a chiropractic case or that we CANNOT help you, we will advise you of such and refer you to someone we think can help you.

7. **24-HOUR CANCELLATION POLICY** – If you no-call, no-show or cancel your appointment less than 24 hours before it is scheduled to take place, you will be subject to a fee of \$40. To avoid a cancellation fee, please provide cancellation notice at least 24 hours prior to your appointment. Exceptions to this policy may include emergencies or at the approval of the doctor.

Patient Statement: I have been informed of Sehorn Chiropractic PLLC's financial policy and agree to its terms. I have been notified that Medicare and other insurance companies may deny payment for my initial office visit, examination, or other procedures and treatments for the reasons stated above. If Medicare or my insurance company denies payment, I agree to be personally and fully responsible for payment.

TO THE PATIENT: You have a right to be informed about your condition, the recommended chiropractic treatment, and the potential risks involved with the recommended treatment. This information will assist you in making an informed decision whether or not to have the treatment. This information is not meant to scare or alarm you; it is simply an effort to make you better informed so you may give or refuse to give you consent to treatment.

I request and consent to chiropractic adjustments and other chiropractic procedures, including various modes of physical therapy and diagnostic xrays. The chiropractic treatment may be performed by a licensed Doctor of Chiropractic working at this clinic or office or serving as a backup for the Doctors at this clinic.

I have had the opportunity to discuss my diagnosis, the nature and purpose of my chiropractic treatment, the risks and benefits of my chiropractic treatment, alternatives to my chiropractic treatment, and the risks and benefits of alternative treatment, including no treatment at all.

I understand that there are some risks to chiropractic treatment including, but no limited to:

- Broken Bones • Dislocations • Sprains/Strains • Burns or Frostbite (physical therapy)

- No improvement of symptoms or pain • Other: _____

(In rare cases there have been reported complications of vertebral artery dissection (stroke) when a patient receives a cervical adjustment. The complications reported can include temporary minor dizziness, nausea, paralysis, vision loss, locked in syndrome (complete paralysis of voluntary muscles in all parts of the body except for those that control eye movement), and death. The reported complication of artery dissection by chiropractic cervical adjustment is rare and has been reported in approximately 1 out of a million treatments. To put that risk into perspective, complications from aspirin are 1 in ten thousand, and birth control 1 in five thousand.)

I do not expect the doctor to be able to anticipate and explain all risks and complications. I also understand that no guarantees or promises have been made to me concerning the results expected from the treatment. The doctor cannot be responsible for any pre-existing medically diagnosed conditions.

I have read, or have had read to me, the above consent. I have also had an opportunity to ask questions. All of my questions have been answered to my satisfaction. By signing below, I consent to the treatment plan, and I intend this consent to cover the entire course of treatment for my current condition(s).
