## MEDICAL CONSENT

“ \_\_\_\_\_ ” presents for \_\_\_\_\_ which may require anesthesia and/or surgery. In order to ensure that your pet is in a low-risk category to undergo the anesthesia and/or surgery, we *always* recommend a Pre-Anesthesia blood work-up and cardiac screen. Additional tests are recommended for older pets. The fee schedule for these elective procedures is as follows. **Please indicate the procedures below you authorize us to perform:**

**Pre-Anesthesia Blood Work Up** .....\$129.00  
Plus an Electrolyte Panel and Coagulation Profile (Cardiac Screen for CANINES ONLY)

I **DO NOT** authorize performance of the important pre-anesthesia blood work-up listed above.

**Dental Digital X-Rays** can often determine dental problems that are not otherwise apparent. Not every pet will need this service, however if mine does, I authorize digital dental x-rays at the doctor's discretion.....First View \$56.80, Additional Views \$23.20 each

When was the last time your pet was in heat? \_\_\_\_\_

Please list any medications your pet is currently taking \_\_\_\_\_

### Pet Microchip Identification System “Home Again”

While your pet is under anesthesia, we can microchip your pet for permanent identification. Every year more than 20 million dogs and cats are put to sleep because humane shelters can not identify the pet or *its owners*. A microchip is an unmistakable sign that the pet is not only loved, but very much wanted!

*Why should I do this now?* **Cost and reduced risk.** You will save the cost of future sedation by having the microchip implanted during this procedure (Pets should not be sedated more often than necessary). The cost for microchipping your pet is \$59.74.

**Please microchip my pet**

I **DO NOT** wish to microchip my pet at this time

### Please initial to indicate your acknowledgment of the following statements:

\_\_\_\_\_ I have *not* given any food to my pet within the last 12 hours.

\_\_\_\_\_ Any fees quoted in advance represent an estimate only. Final cost may vary depending on actual circumstances of the procedure. I understand that I am responsible for all fees encountered.

\_\_\_\_\_ I understand there is always a potential risk for anesthesia and/or surgery.

I can be reached at \_\_\_\_\_ during the procedure and to inform me that my pet is recovering.
