

Annual Contact Lens Agreement

At Dau Family Eye Care, we carry the latest in contact lens technology, and specialize in the difficult to fit patients. This includes astigmatism-correcting lenses (Toric), multifocal lenses, corneal diseases (like keratoconus) and post-surgical contact lens fits. We are dedicated to your health and an enjoyable, comfortable contact lens experience.

A **Contact Lens Evaluation** is necessary to start or renew a contact lens prescription and is in addition to the comprehensive eye exam fee. This evaluation will include precise measurements, analysis of your vision needs and recommendations specifically tailored to you. It may also include the use of diagnostic lenses if necessary by our doctors to ensure the proper fit of the lenses and good ocular health.

The Contact Lens Evaluation fee will range in price depending on the complexity of the contact lens worn:

- **Standard** Contact Lens Evaluation (Soft Spherical) \$75
- **Complex** Contact Lens Evaluation (Toric, Extended Wear, Monovision)..... \$85
- **Complicated** Contact Lens Evaluation (Multifocal) \$100
- **Medical** Contact Lens New Fit or Refit (Scleral, Post-Surgical, Keratoconus) \$500

This fee will cover the initial evaluation and all contact lens related follow-up visits for a period of 3 months. If necessary, it will also include the cost of any addition contact lens training classes needed for those individuals needing contact lens instructions for insertion, removal and lens care.

Note: Follow-up visits may not be included in some Medical Fits.
