This stallion is registered with the following organizations: _____, _____, _____, _____.

Stallion Owner states above referenced stallion will stand for an advertised breeding fee or private treaty of $ _____**.** The advertised breeding fee is the amount that the Stallion Owner expects to collect in U. S. dollars for the Stallion's service. This fee is not inclusive of chute fees, office fees, mare care etc., which the Stallion Owner may charge to all mare owners. Owners are encouraged to state these additional fees so that the mare owner may have complete knowledge.

The Southern Belle Breeder's will not accept breeding fees or private treaties under $500. In the event that an invitation is extended to a stallion with an advertised breeding fee of $500 or a private treaty of $500 or less, the Southern Belle Breeder's price for that stallion will be no less than $500 plus $100 office fee.

Stallion Owner agrees to allow The Southern Belle Breeder's to collect one breeding fee at ½ the advertised fee plus $100 office fee and for such monies to be paid directly to The Southern Belle Breeder's Program. In the event that an advertised breeding fee or private treaty is $500 or less, The Southern Belle will sell the breeding at $500 plus $100 office fee. Stallion services sales will be sold from October 15, 2026 to June 30, 2027.

Stallion Owner agrees that in the event this donated breeding has not sold for ½ the advertised breeding fee or private treaty plus $100 office fee by June 30, 2027, the Stallion Owner may pay up the Stallion for ½ the advertised breeding fee plus $100 office fee.

Stallion Owner acknowledges that by **signing this document he/she does not forfeit any rights to collect from mare owner fees that may be attributed to services for mare care, chute fee, and or shipping fees, etc.,** that the Stallion Owner would normally charge individuals using the Stallions service. The Stallion Owner declares at this time that other applicable charges may include but not be limited to (and are subject to change at the Breeder's discretion):

Stallion Owner understands that by donating this breeding to be sold by The Southern Belle Breeder's Program for the 2027 season, the offspring of the above referenced Stallion will be eligible for Breeder's Classes held during the 2027 show season. Failure of the Stallion Owner to pay up his/her Stallion by June 30, 2027 will result in the Stallion Owner being excluded from the 2027 Breeder's Classes and will not be allowed to be reinstated in future Southern Belle Breeder's Programs until past years stallion fees are paid in full. Stallion Owner understands that once the donated breeding sells for ½ the advertised breeding fee plus $100 office fee by June 30, 2027 or is paid up by the Stallion Owner for ½ the breeding fee plus $100 office fee, that the Stallion Owner will receive 20% of the winnings of the Southern Belle Breeder's eligible entries. Stallion Owners receive 20% of all prize money earned by eligible offspring. Premier Breeder's Classes will payback 10%. Stallion Owner's not paying up a stallion service by June 30, 2027, will forfeit the 20% Breeder's winnings. Individuals other than the Stallion Owner's may elect to pay up a stallion into the program, to make an offspring eligible.
