IN RESPONSE TO CARGILE'S CHILDISH ANTICS JONATHAN STICKLAND ISSUES DEBATE CHALLENGE TO RISE ABOVE THE ATTACKS

(Bedford) – Today Jonathan Stickland offered his opponent an opportunity to address the serious issues facing Texas and House District 92.

In recent months Mr. Cargile has issued attack after attack, insulting Stickland's former career, his age, and falsely accusing him of dropping out of high school in a recent mailer sent to District 92 residents and Austin lobbyists.

"Mr. Cargile has run the most childish campaign I've ever witnessed," commented Stickland. "He has yet to address one serious issue facing Texans. His website is vague on where he stands and leaves most issues completely untouched."

The debate would be held at a the Bedford Public Library. The issues addressed will be water, budgeting & taxes, immigration, abortion, education and transportation.

"We call for this debate to be solely on the issues, no petty political attacks allowed. The voters of District 92 deserve better, especially from a former school administrator. District 92 residents are tired of the antics, let's get serious about the future of Texas." concluded Stickland.
