

"Entangled with Independent Ministries: In Danger of Darkness!" Video Release

Beloved of Yahuwah,

World's Last Chance has just released a new video, entitled "[Entangled with Independent Ministries: In Danger of Darkness!](#)"

Many sincere souls have been blessed with the light given to the independent ministries. Heaven does not give all truth to any one individual so that all may share in the joy of discovery. This is why no individual or independent ministry should ever take a stance against the light given another. Many honest truth-seekers have been led from one ministry to another, gathering a ray of light here, another there. Everyone starts at a different point in his or her journey. The problem is when one becomes a follower of an *organization* rather than an independent truth-seeker.

Entangled with Independent Ministries: In Danger of Darkness!

- Most Perilous Spiritual Darkness = Arrogant/Laodicean assumption that one has all light
- DANGER: Many Independent Ministries are today using their perceived authority as light-bearers to influence their followers to reject advancing light.

In this video:

Be a follower of TRUTH, not an ORGANIZATION!

May Yahuwah continue to cover you with HIS Grace, Guidance, Mercy, Protection, and LOVE.
