

## TAV

ת ש ר ק צ פ ע ס נ מ ל כ י ט ח ז ו ה ד ג ב א

*The 22 Letters of Light are arranged  
going from right to left.* Aleph, Bet, Gimel, Dalet, Hay, Vav, Zayin,  
Chet, Tet, Yod, Kaf, Lamed, Mem, Nun, Samech, Ayin, Pay, Tzadi, Kuf, Resh, Shin, Tav.

Revised 04/14/23, Gogarian - Greater-lesser light  
02/30/6010.

Tav or Taw is the 22 and final letter of the letters of light.

This letter is omnificent. It is all the letters in one and represents eternity-REST- all sound, all colors, all days and all numbers. It represents all in all, our Creator's majesty, glory, splendor, beauty and wonderful creation.

Numerical value: 400- et'Abraham bought a burial place for et'Sarah for 400 shekels, the cave where et'Sarah was buried is called the cave of the 4 couples, as et'Adam and et'Eve, et'Abraham and et'Sarah, et'Isaac and et'Rebecca, and et'Jacob and et'Leah are all buried there.

Et'Abraham was told that his people would reside in a foreign land (Egypt) for 4 hundred years.

Esau was mighty as he had 400 men when he approached et'Jacob. (Notice that Esau has no et in front of his name)

The 4 corners of the earth-NSEW

Sound: "T" with a dagesh, Tav and "S" without, Sov.

**Meaning:** truth, sign, life or death, mark, covenant, seal, to stand.

***Emeth*** means truth, eh-meth (aleph-mem-tav). The meaning given to the writer: **The breath of life is aleph-tav and seals children of light to life, eternal.**

The reason ***emeth*** is represented by its last letter (Tav) and not its first (aleph) is that the essence of truth is determined at the **end** of ones journey or passage, not at the beginning. Often when we begin something, the truth of the matter does not seem attractive, like the decision to stop drinking alcohol or move with advancing light, leaving an old tradition or belief and eating according to creation. Only upon seeing the outcome at the end do we appreciate that the path of ***emeth*** was the only way to travel.

The Tav represents, a stamp, or seal. For example in ancient times, when someone wrote a letter they would end the letter with a seal formed from wax. It was an official document and would receive an impression, a stamp, a seal in that wax to show its authority of that person sending the communication.

This is what the letter Tav represents, the authority of the one sending light communication through the letters of light. Tav is the final stamp, the affirmation, the summation of what is contained in the 22 letters of light. So this letter is very significant; it represents the completion of the eternal being, the completion of his work while on the earth. You want to be able to rest in peace from all your daily work.

How does the flat earth look? –It is an imprint made by the ground's weight causing all the edges to be raised up around it-like a seal in wax.

When you see a seal at the end of a document or letter you know it is the end of the document and that it was written with authority. When our Creator completed the heavens and the earth the earth was the seal, as it was made last, after the heavens, and the end of creation. So the earth becomes our Creator's seal for humankind.

The Tav is a letter of completion; what the Tav looks like inside of us is how we end our earthly time. You could say it is how we are seen; it is the summation of our actions. When we reach the bodies end, the completion of our mortal life, we face to face with our Creator-we receive a Tav, a seal or a stamp and live eternally with our Creator. We have life marks and habits that have been imbedded in us for good and evil or for perfection. We need cleansing so the presence of our Creator is felt within. You want to know within that you are one with our Creator. How do we do this? Pay attention, you become aware

of everything that you do: in your mind, in your heart, and in your body. These 3 brains need to be fully conscious and awakened by the force of life from our Creator and wisdom.

The book of revelation shows the beast with the number 666. Those are three Vavs; 3 brains- mind, heart, and body. All 3 are asleep until a person is “born from within.” All 3 are dominated by worldly desires, traditions and habits. Our mind is dominated by fear, pride, envy, anger, lust, greed, gluttony, laziness and disease. Our heart is dominated by memories, by cravings, and our desire to be loved. Our body is dominated by habits of laziness or busyness. Our 3 brains are 666; 3 negative Vavs, which is why we suffer or have pain until “born from within.” Return to our Creator and creation and be a blessing to the earth and to the people that have contact with you.

The false image that we worship before our change is within our own body and mind. It performs wonders, performs so-called miracles through the ego but that false image is the deceiver and not the love from our Creator. In order to resolve this situation go outside and put your hands and feet into the soil. Plant a tree or garden, tidy a flower bed, observe the animals and their daily routine, water the lawn, share flowers from your garden with neighbors, and most of all love yourself!

Humanity and the suffering that is passing through the earth is growing worse, from day to day, from generation to generation, we can observe that humanity is not ascending into a Golden Age; humanity is descending – the gulf is becoming

greater and greater between those that are “born from within” and those that remain in their truth of darkness.

We individually are what et’Yeshua spoke of: “Woe unto you, scribes (intellectuals) and Pharisees (fanatics), and hypocrites! For ye make clean the outside of the cup and of the platter, but within you are full of extortion and excess. We are not seen by the love, by the laws of nature, by the laws of creation based on our appearance. We are seen by the results of our **actions because we have returned to our Creator and creation and live out our lives in health.** There is no judgement as long as we return to our Creator and creation.

The Tav is “to stand” and represents the ultimate strength, the ultimate expression of eternity; the light of perfectness is pure love, pure light, and a life-given heart. The human soul offers up all desire; the human soul humbles itself for others; the human soul lives according to the word of truth. The world judges based on the outward appearance, but our Creator is seen in people by the condition of their heart. Remember, Tav is the finisher of oneness.

In the past era, it is true that wisdom needed to be uncovered. But now this advancing light must be given and given more freely. This is from the words of truth. This understanding is not written down somewhere for you to read. It is something you acquire through the cleansing of your heart. In order to acquire it one has to be living in accordance with love. Wisdom then guides the born from within to all truth. It will be simple and a child will embrace it. It is loving, joyful, sweet, gentle,

pure, happy, delightful, full of genuine laughter, kind, playful, fun, togetherness, trusting, secure, and peaceful.

The covenant is represented in the aleph-tav by the letter Yud. The covenant represents circumcision of the heart. The one who makes the covenant impure by his transgressions of truth in effect, stops the advancing light of our never changing Creator from emerging in him with a physical consequence, heart problems. We can observe this on the earth. Where do we see the light of creation amongst men? Where do we see true heart love, humility, and peace? Very rarely. What we most commonly see is selfishness with large congregations, violence, sexual degeneration, disease and religious wars. None of this has anything to do with our Creator; this has a lot to do with the world's image, just another name for ego or ignorance. Our ego thinks that it can overcome the law of nature without returning to creation. Think again, as the words of truth will give utterance in your ear. Listen and be attentive to the still small voice inside and be forever blessed.

Book associations using the number 22:

The 22nd book is the Song of Solomon –representing the bride and bridegroom.

The 44th book is Acts-the covenant of promise sealed by fire, the words of truth called Pentecost.

The 66<sup>th</sup> book is Revelation –the final sealed book-opened to the overcomers.

Sealed is used in Revelation 32 times according to Strong's Concordance. Our Creator has the aleph-tav inside of you, listen to nature. How do you become the stamp, seal, or stand? Working on it.....

Tav is the seal of creation. Another word for covenant.

Ways to ratify a covenant: People gave their hands-wrist shake, they took off the shoe, it was written down and sealed or signing your name, erecting monuments or stones, given gifts, feast time celebrating appointed days or simply eating a meal with someone. An offering or an oath.

How would you ratify the covenant with nature? Go outside and hug a tree, put one's feet deep into the loam soil, just listen to the birds that sing, play in the rain, feel the wind against your cheeks, feel the rays of the sun on your face, eat a piece of fruit directly from the plant or tree and smell the clean air after a rain.

To covenant with someone is to align with someone. That means you are yoked to that person and agree as one.

The foundation of all things is alignment, misalignment is out of balance or oneness- this alignment is all about the covenant of promise- remember the vertebra, all vertebra need to be in alignment in our spinal column our staff to have strength to carry the body throughout life, to do the work of creation.

Emeth (truth) is equal to the word memory.

When the strength of creation is aligned in a person, this alignment brings forth life and truth to the individual.

What is the definition of unhealthy choices? Missing the mark, better said, out of alignment!

In the beginning created Aleph-Tav. This phrase is only in the letters of light language and cannot be translated into English-“ET”.

I am Aleph and Omega, the beginning and the ending. I am the “ET” or the “AT”. E and A are interchangeable in the aleph-tav.

The word ET or AT is undefinable, it points to a direct object or person.

ET or AT is connected to our Creator’s creation.

ET or AT is before Esau’s name in the Hebrew written scriptures, (meaning covenant of promise) but when Esau forsook his birthright the ET was no longer found in front of his name but was found in front of Jacobs’s name. Esau lost his **connection** to our Creator as he did not recognize the importance of creation (he was a hunter of animals) represented by “ET” or “AT”. Those that do not think that the Aleph-Tav, “AT or ET” is important, lose their **connection** to our Creator.

Aleph Tav = ET or AT- bringing forth the entire aleph-tav which is all creation and character written by wisdom’s words. This is the life living promise (Aleph-tav) that seals people today.

- The design of the Tav is a Dalet and a Nun. These 2 letters spell out the name of Dan, one of the tribes of Israel. In the desert, the 12 tribes of Israel were divided into 4 camps. When the tribes set out to travel, the camp of Dan was the last to proceed. If any of the other tribes left something behind, the tribe of Dan would collect and return it.
- “Who is called a fool? One who loses what (what is spelled mah) has been given to him.” On a deeper level, the concept of “what has been given to him,” represented by the word, mah, denotes the state of one’s humility. One who is humble says, “Mah-What [am I]? With memory restored humankind will know that they are eternal beings and live forever.
- Freedom is a choice. May we become born from within and choose life, creation and light!
- Et’Abraham was given the **covenant of circumcision** (Then the Hebrew god said to et’Abraham, “As for you, you must keep my covenant, you and your descendants after you for the generations to come. <sup>10</sup> This is my covenant with you and your descendants after you, the covenant you are to keep: Every male among you shall be circumcised. <sup>11</sup> You are to undergo circumcision, and it will be the sign of the covenant between me and you. <sup>12</sup> For the generations to come every male among you who is eight days old must be circumcised, including those born in your household or bought with money from a foreigner—those who are not your offspring. <sup>13</sup> Whether born in your household or bought with your money, they must be circumcised. My covenant in your flesh is to be an everlasting covenant. <sup>14</sup> Any uncircumcised male, who has not been circumcised in the flesh, will be cut off from his people; he has broken my covenant.”), et’Noah was given the **covenant of the rainbow** a rainbow was set in the sky to serve as a sign of the covenant that water would never again destroy all life with flood waters. It serves as a reminder of our Creator’s perfectness. et’King David was given the salt covenant The phrase “**covenant of salt**” A covenant is an agreement between two or more parties. An agreement that involves salt symbolizes one that is meant to be perpetual, incorruptible and indissoluble. Don't you know

that the god of Israel gave the kingship over Israel [to et'David](#) and his descendants forever by a covenant of salt? (2Chronicles 13:5) This mineral also impedes the action of yeast ([leaven](#)) on food. In Scripture, leaven many times symbolizes sin and a rebellious attitude, as well as the ability to negatively influence others. The inclusion of salt, therefore, can represent the preservation and maintenance of purity in a world that can cause corruption.

In conclusion, the meaning of a salt covenant is an agreement that is meant to endure regardless of the circumstances. It was [an ancient symbol](#) of unbreakable friendships and alliances that were to be preserved. Such agreements are solid, unbreakable and everlasting.

Et'Yeshua was given the **restored covenant** -The New Covenant (or New Testament) is the promise that our Creator does not change and makes with humanity life, love and light to restore fellowship with those whose hearts are turned toward creation. Et'Yeshua stood as the life giving seed that pushed forward light, love and life.

Et'John the revelator was given the book of Revelation. A **covenant of hidden truth that hid our Creator but now** restored.

Et'Yvonne has been given the “fruit stand” “born from within” using the renewed Aleph-Tav. These are eternal meanings that uncover the truth of the letters of love, life and light. This is the **fruit covenant** at the end of the age for those belonging to the free woman, New Jerusalem. These are children of light and they are in love with our Creator's laws of creation.

A person whose soul has his or her foundation in the creation is naturally humble. By losing or rejecting Aleph-tav, humility that which “has been given to you”, as a free gift, that individual throws away his **connection** and seal to our Creator and is considered a “fool.” 41 times fool is mentioned in Psalms and Proverbs.

A body has a head, hands, and feet. At first glance, the head is greater than the feet due to its intellectual superiority. But a head cannot reach its destination unless it is transported there by the feet. Humility comprises the feet of the people of love, life and light. It represents the level of bringing the head to its destination. How? Through humility. The head is quite literally the brains of the operation. This often results in arrogance if not careful, as when something “goes to your head”. The feet, on the other hand have no brains. They work all day long transporting us to our destinations but never get any recognition or honor. Reflecting on the humble service of the feet can bring us to humility. Creation’s seal. Maybe, another reason that et’Yeshua washed his disciple’s feet? He was washing away the earth from their feet as a symbol of their **connection** to the earth, mother. Just as he prayed for all as a **connection** to his father, our Creator.

The heel of the foot has no feeling or understanding. Placing the heel of one’s foot inside a shoe, where it’s dark, represents the concept of accepting the yoke of heaven in a cold, dark world. Just as the feet are the foundation and support of the human body, so, too, accepting the yoke of our Creator is the foundation of truth by faith (as faith has in it the unknown we live by faith until we see...). One must have the humility to accept truth beyond question and beyond rational understanding. It is the letter Tav, the letter of humility that allows the individual to continue embracing the love of our Creator and truth which all too easily can be left behind and

rejected through human ego or pride, fear, laziness, boredom, money and arrogance.

On a practical level, the word Dan means “to Judge”. We look at and humble our every action/words before performing/saying it. Et’Yeshua, came to teach truth and this truth was written down to the best of man’s ability and then translated many times, generation after generation. Thank goodness our Creator does not change and neither does the laws of creation. They have remained the same and can be trusted. Understanding our Creator’s creation with all man’s laws and their **misunderstood implications and branches** require patience and humility. This darkness will vanish once you see truth! The truth will never change!

When our Creator created the world, truth was concealed within the laws of nature: the “ultimate light”. When one toils to find the truth buried within the love of creation and loves nature, although this route may seem slow, it is by faith and courage and a long process (as each individual has many present layers and past generations of darkness that have to be cleaned), that one will ultimately find truth within and forever dwell in the sacredness of love.

If one engages in excessive or lustful pleasure, this one will eventually come to unhealthy choices. He or she will not take the time to **connect** with our Creator and appreciate the bountiful blessings in his or her life because he or she will always be craving and running after more pleasure. So

although this indulgent pleasure may initially seem glorious, it eventually leads to eternal poverty and its darkness.

Pertaining to the generation of the flood, the Bible tells us that Noah was a tsaddik in his generation (generation means b'doroso) the word b'doroso, can be broken up into two words; b'doro and Tav or Sov. The unhealthy choice of Noah's generation was thus the letter Tav, an excess of pleasure, as reflected in its "excessive" nun – (when men began to increase (increase is the excessive nun) on the face of the earth and that every inclination of the thoughts of his heart was only evil continually.) Truth allowed the people of that time to do whatever they wanted. Truth did not restrict them or punish them for their wrongdoings. Rather our Creator let them go on and on until they were so lost, it was impossible for them to return to creation and its laws of freedom. The only way our Creator could rectify the world at that point was by the consequence of nature, destroying it through the flood. The same will be seen at the end of creation as our Creator said in Revelation 22:10-11 pg. **1216** "Do not seal the words of the prophecy of this book because the time is here, he who does wrong, let him do more wrong; he who is filthy, let him be more filthy; he who is righteous let him be more righteous; he who is set-a-part be more set- a-part."

Those that are born from within shine and shine greater and greater.

A clue that we are at the end of the last generation is that it will look like the beginning with Adam and Eve. Many couples will have gardens and speak about food and its health benefits but they will never come to know the truth- our Creator. These are they that have come to the open door but have rejected truth due to their ego/pride! Illness and pain within their bodies is their end!

The Tav is made up of three lines. In this sense it is similar to the Hay, which also has three lines: 2 vertical and one horizontal. They represent thought- prayer, speech, and the performance of perfect deeds- action. Because it is the last letter and this the culmination of the aleph-tav, the tav represents someone who understand that they are a perfect eternal being and live forever. However, the condition of being “perfect/complete” can also result in arrogance/pride.

Therefore, the yud in the lower left-hand corner of the tav completes the tav to end in humility. When a person knows he/she is perfect or complete and that he/she has ended their service by fulfilling their heart work or destiny, they must arrive at the Yud or humility. As et’Yeshua’s ending was one with our Creator so will your ending be one. Even if people surround you at the body’s death you, the eternal being, is returning to be one with our Creator. Our Creator will be all that you understand and desire, therefore, sealed (stand) in oneness at the end of your mortal existence.

**Remember the last act of et'Yeshua as he stood before Pilot!  
This was the very act of bowing down in humility to truth.**

“Born from within”, children of light leave this earth in peace!

**The signature of our Creator is the word emeth, truth.** Our Creator imbeds truth in the universe, creation. Then rested from all work.

When resting in peace, the purpose of our Creator's creation becomes clear. Our Creator formed the world for humankind to heal, with harmony. By fulfilling and doing truth which increases our acts of kindness we make the world a better place in which to live. In such a fashion we bring our Creator –truth- into the world.

Finally, our Creator is called emeth because the only real truth is our Creator.

The message of Tav is an eternal lesson and not one that now I am finished there is no more! If we continue to listen to the words of truth in the letters of light with humility and remember to visit nature daily, then this is ticheyeh, ti-che-yah,

with the meaning of life. (Then we are told to choose life so that we and our descendants might live. You choose life to live. But take a close look at that word for life. Life in its root for is chi. The first time it is *hachiyim* which literally reads, “I have set before you *the lives* and death.” The second time it is *bachiyim* which literally reads “choose *in the lives*.” The third time the word is used it is *ticheyeh* which reads literally so that you may (be) *in the life*.” Or to read less awkwardly, “So that you may *live*.” If, however, we seek this truth through arrogance, it is tamus; the antithesis of true living.

Remember the left leg of the letter Tav incorporates the Yud. Once we have absorbed each of the letters of the aleph-tav

representing the entire creation, we must not forget that the ultimate truth, the foundation of the entire aleph-tav, is the Yud of humility. Was it not by et'Yeshua's humility that he withstood all ridicule, slander, insults, punishment and death?

By embracing this humility one is empowered to live the precepts of the truth with a pure mind and a joyful heart. The performance of the truth will reveal the essential quality of the 22 letters of love, life and light –the ultimate state that is in **present time**.

#### 8 affirmations for the letter Tav

1. Et'Yvonne – the feet are as important as the head as they are what brings us to our destination.
2. As we grow in age we are thankful for the life lessons showing us where we need improvement – Harmony is our destination.
3. Pain is the result when we cross our Creator's protective fields or fence. Keep me humble and in peace!!
4. Our Creator is nature. Blessings to a wonderful and perfect creation.
5. Reflecting often on the Aleph-tav provides a way of speaking to life.
6. Every letter of light formed requires humility to understand it. The Yud is in all letters which stands for humility. Give honor and glory to our Creator.
7. All things on this earth when viewed with a perfect eye (Ayin) become in harmony. Greater the negativity in the

world the greater blessings concealed made ready to be revealed.

8. This seals the letters of love within! However, knowing that creation does not change nor do the universal laws, truth brings the life living seeds peace, trust, security, and choice.

### **The Secret of Truth's Presence**

In the quiet of truth's presence, how my soul delights to hide;

Oh, how precious are the lessons

Which I learn by light's Eternal side!

Worldly cares can never vex me

Neither trials lay me low,

If when doubt comes to tempt me,

To the quiet place I go.

Each day the truth brings me to a place

Beneath the tent of wisdoms wing,

There is cool and pleasant shelter,

And a fresh and bubbling spring.

And love does respect me,

As we hold communion sweet,  
Memory gives me answers as I write.  
What a joyous encounter, when thus we meet.

Oh, how healing blesses as I listen,  
And my rejoicing heart cheers.  
Do you think life never reproves me?  
Think again, perfection fills my ears!

Do you think that I could love One  
Half as well, or as I ought?  
If freedom did not plainly tell me  
Of each unhealthy word and thought?  
No! For nature is very truthful  
And that makes me share kindness more.  
For I know perfection loves me,  
though that sometimes wounds me sore.

Would you like to know the sweetness,  
That comes from our Creator?

Put your feet within the earth,  
And there, your reward is simply greater.  
And whenever you leave the silence  
Of that joyous meeting place,  
Creation seals you with memory  
Upon your beautiful face!

### **Eternal Being**

“How long before this mortal tabernacle lives without pain? It is so uncomfortable at times to be here on this earth! Please, does someone hear?” questioned the woman.

“Your request, my living life giver, can be understood by our Creator, who is truth,” calmly came the words from within.

“Religion and tradition have been my companions here on the earth!” cried the woman, “Who is this that hears?” she added quietly.

“I am the words of wisdom, whom the world cannot receive. I have come to lead you to your eternal life if you will love me. The truth is within you and the presence of our Creator will emerge once **connected** to creation. My mission is to give you the opportunity to believe in the

truth of creation and love yourself. Otherwise you will stay in confusion and not see the simplicity of our Creator,” answered the words from within very boldly. “How can teachings that are different from what was taught by my own parents, family and bible be understood as truth?”

“All you need is the desire for truth and courage will teach and strengthen you in all things.”

“Oh, how the perception from which I see from, has in it, darkness. My mind and heart want the pure truth but religion is everywhere I turn. All organizations say they have the truth but after the study they are found man-made for power and worldly gain. The hardness from these teachers have made the words from within, which come in silence, precious to my life!”

“Oh, how ignorance and pride keeps a person in fear!”

“Please wait. Time is needed.” whispered the women. And many years past devoting time to word study, healthy eating and nature.

“Spending time enjoying life has removed the dark layers from generations past and living in present time each and every day brings freedom to love myself,” smiled the women. “Truly our Creator never changes and is present at all times! Truth has given me perfect eyes and together we are one.”

“It was by your healthy choices that wisdom blessed you with eternal life,” concluded the words from within.

“Come, ye blessed daughter of life, into the house of love. Your children of light are gathered in the nations prepared.”

“Thank you for your guidance and teachings of truth.” replied the happy daughter. “Now, a loving strength is over me and a desire to shine abides within. How can I share what has happened?” questioned the joyful daughter.

Let your light shine and be at peace. Creation is everywhere and with all people. Kept your life simple, sharing when harmony can bless, and your word memory can teach.

This is the season of harmony that has been here all along. You have just entered it – Welcome home sweet one-  
Rest in peace!

Now we have reached eternity, perfection and oneness with our Creator. What does that mean? Yeshua said, “I and my Father are one.” The Father is in him as well as he is in the Father. Yeshua had the understanding of all creation being carried down to him through the previous generations until his time. From the first man, Adam to him. Having mother and father present from the beginning of time. Yeshua is a continuation of love, life and light from Adam as we are a continuation of Adam now! John 10:25-37 pg. 1036 and John chapter 17 pg. 1044-1045.

In the beginning our Creator created the heavens and the earth. This was completed all at one time. In one day. When Moses wrote this account he divided it up into days as he was instructed by the word of

truth that dwelled within him. Time was needed by man to understand the Creator's ways and laws. However, today, because of perfect light we have been given the understanding of love, life and light. So one day is all we need to understand. If everything was created in one day, present time, then we need to look at one day as our Creator is one.

The sun rises from the east in the morning and a day begins. Everything in heaven and earth are present and abiding and moving in there domain. The birds fly, nest and mate, the beast roam, eat and protect, the fish swim, swarm and play, man works, loves and has family- all things doing what our Creator created them to do.(those that love creation) When the sun goes down we retire and rest. This daily resting is your time in loves presence. Today this rest time, by religion, is called Sabbath, representing the seventh day and designated for one day out of 7, however, once you are one with our Creator, you remain that way during your whole lifespan. So a special day is not required. Reaching oneness with our Creator is a process of removing the layers of lies, traditions and lifestyles of religion that negate oneness. This is our vocabulary and needs cleaning. Bless the heavens and the earth as this is our Creator's signature.

1 day is like a thousand years – that can only be understood if one sees the first day of creation as all days. If not living in the first day, present time, of creation then man sees in his days through his dimmed light and speaks from that darkness of lies, traditions and religion. This is how we get biblical history- man writing from his perceptions of darkness. I wrote this same way until today, 70 years of age, and so this is why I can tell you, today I see only the first day and everything in it is perfect, complete and oneness with our Creator. All my generations of darkness has been lifted off of me and I see clearly now, from my Creator's viewpoint. As Paul wrote in his day, "For now we see in a mirror, dimly or darkly, but then face to face. Now I know in

part, but then I shall know as I also have been known.” And now love, life and light remain- these three. But the greatest of these is light.

Moses wrote from division and his darkness within, dividing the days of creation into 7 and I write to remove the division so that oneness and perfection can be seen by any who choose perfect light.

Please forgive me my brothers and sisters, family and friends for any words that I have written that showed division. We are one, perfect and complete with our Creator, and truth loves all of us and shines perfection on all. May we all see!!!

John 8:32-pg. **1033** “and you shall know the truth, and the truth shall set you free.”

The first day and what was created in it holds the law or commandment there has ever been: Love!

Remember each day is the first day of creation, present time. Be in our Creator’s presence so that you feel completions, experience perfection and see eternity as you are one.

**Our Creator does not change!**

My door is closed to division. Rest in peace. Memory!

**Our Creator has no name! Love is all in all.**

**Our Creator has no religion!**

**Our Creator has immutable laws imbedded in all things created!**
