

ALTA LAKE RESORT

Located at the north end of ALTA LAKE is Whistler's latest year-round resort. Comprised of 48 two bedroom, two bathroom modular townhomes, this resort offers extra special features not found in just any resort. For summertime, a tennis court for the swingers and a private beach for swimmers, wind-surfers and sailors.

For the winter, cross-country trails for the trekking enthusiasts right outside your door and, of course, the close proximity to our two world-class mountains -- Blackcomb and Whistler. A full-time caretaker ensures your maintenance free living and security. All considered, ALTA LAKE RESORT, is in the centre of British Columbia's most spectacular year-round resort.
