The Real Estate Foundation

THE REAL ESTATE
FOUNDATION
OF BRITISH COLUMBIA

Occasionally a client will ask where all the interest goes on the deposit monies held in trust. This is a good question. Real estate offices can easily have well over \$100,000 in trust at any given time which even at today's low interest rates can generate a measurable return.

Interest on trust accounts is paid to the Real Estate Foundation, a body set up in the mid 1980's for the purpose of collecting interest (that previously went back to the bank) on trust accounts.

The Real Estate Foundation is legislated to use the interest monies for the purposes of real estate research, public and professional education, law reform, and good works related to real estate and land use.

In 2005 the Foundation made 98 grants totalling 2.9 million dollars. In the Fraser Valley the interest earned from trust accounts totalled \$222,248 in 2005. The Foundation awarded three grants back the Fraser Valley R.E. Board. These were for:

1. Cataloguing library resources obtained from Kwantlen University College.
2. Running the Commercial Investment and Economic Development Forum
3. Publishing the Commercial Real Estate handbook

An additional grant was given to the United Way of the Fraser Valley for research and education with the Upper Fraser Valley Affordable/Accessible Housing Initiative.

Smart Growth on the Ground. A special program supported by the Foundation, this is a unique partnership between U.B.C., Smart Growth B.C. and the Real Estate Institute of B.C. to work with communities to prepare and implement neighbourhood plans that are "smarter" and more sustainable within the environment.

Aside from direct grants the Foundation awards endowments for continuing benefit. This year a \$400,000 endowment was paid to the new S.F.U. Surrey campus for the development and operation of their library in the new facility. In previous years endowments have been made to UBC Faculty of Commerce, University of Victoria Faculty of Law, Douglas College Institute of Urban Ecology and many other regional colleges throughout the province.

Next time you come to buy a property and put that deposit in trust, feel a little better knowing that the interest, small that it is, goes to support many good area of education, research and support.
