

Merit Badge University Prerequisites

November 10, 2012

Some merit badge requirements cannot be completed in a classroom setting. If the Scout does not complete these requirements or prerequisites before class, he can only receive partial credit for the merit badge. In some instances instructors may not be able to cover all aspects of the merit badge during class due to unforeseen situations, if this should occur the Scout will receive partial credit for the work that was completed during the class. MBU can only give credit based upon the material that was covered in class and the work the Scout completed. If a partial Merit Badge is earned then the Scout is responsible for contacting another counselor to complete the merit badge after the event. MBU does not track incomplete merit badges and will not verify merit badge completion after the event.

Please note:

- Due to the complexity of some merit badges and the desire for personal interaction with the counselor, class size will be limited.

... Each Scout must read the merit badge pamphlet for each of his classes! ...

Troop contacts should be aware that requirements have changed, so make sure Scouts use the current pamphlet. Do not check out merit badge pamphlets from a library, unless you are sure it is the most recent revision. Encourage Scouts to purchase merit badge pamphlets early - the Scout shop maintains a limited inventory. A helpful resource is Merit Badge Worksheets. These can be found online at Meritbadge.com. Please compare to the Merit Badge requirements at Scouting.org before printing.

- This is a full uniform event. Scouts must come prepared to actively discuss badges.
- Some merit badges require record keeping for 3 months or 90 days. Partial credit will be given to Scouts who do not complete the required record keeping.
- It is the responsibility of the Scoutmaster to determine if a Scout has the necessary maturity to complete a particular merit badge.
- E-mail all questions to John Haines at alamo.mbu@satx.rr.com

Architecture 1.5 Hours

Complete Requirement 1. Bring sketch and written achievement section to class.

Complete Requirement 3. Complete, write up what you have learned and bring note to class.

Complete Requirement 4. Bring drawing/notes to class.
