Re: Request for Expedition of Freedom of Information Act Request

Dear Mr. Wolfrey:

Pursuant to Department of Homeland Security (“DHS”) regulations Citizens for Responsibility and Ethics in Washington (“CREW”) requests that you authorize the expedition of a Freedom of Information Act (“FOIA”) request CREW made today to DHS’s Chief FOIA Officer. I have enclosed a copy of this request.

CREW’s FOIA request seeks copies of all opinions written or received by DHS that discuss in any way the power of the president to invoke emergency powers to declare a national emergency including, but not limited to, the president’s power to invoke those powers to build a wall or other type of barrier along the U.S. border with Mexico.

CREW seeks expedition because the subject matter of the request is of widespread and exceptional media interest and the requested information involves possible questions about the government’s integrity, which clearly affect public confidence. President Donald Trump and his White House have suggested he is considering invoking emergency powers to declare a national emergency so that he may bypass Congress’ refusal to fund his wall along the Mexican border and direct federal officials to go ahead and construct the wall.<sup>1</sup> Vice President Pence has stated publicly that the White House Counsel’s Office is examining the president’s ability to declare a national emergency to fund the border wall.<sup>2</sup> This has raised serious concerns that the president is considering actions of doubtful legality based on misstated facts and outright falsehoods to make an end-run around Congress’ constitutional authority to make laws and appropriate funds. The requested records will shed light on the legality of the action the president is threatening and

the extent to which he may be motivated to advance a political agenda rather than address a true need requiring the invocation of his emergency powers. The public needs to have confidence that if the president takes the extraordinary step of invoking his emergency powers in this situation he is acting in the best interests of the nation and not for political gain.

CREW's primary purpose is to inform and educate the public about the activities of government officials and those who influence public officials. Toward that end, CREW uses statutes like the FOIA to gather information the public needs to hold public officials accountable. The request for which CREW seeks expedition will further those goals.

I certify the following is true and correct.

Sincerely,

Anne L. Weismann  
Chief FOIA Counsel
