

Windows MDM Enrollment Guide

1. Download and install the provisioning package

- Launch [Codeproof cloud console](#), then go to "EMM" menu item
- Click on "Device Enrollment" from left-side panel and click on the "Windows" tab
- Select the "Profile/Group" that you want to put the devices into
- Download the provisioning package (.ppkg) file to run on Windows 10 computers

2. Launch the provisioning package

- Execute the downloaded provisioning package by double clicking on it
- A prompt will appear asking, "Is this package from a source you trust?" Select "Yes, add it"

Is this package from a source you trust?

Only add this package (MDMProvisioning (14).ppkg) if you know who it came from.

This package:

Adds certificates

Enrolls the device in management

Yes, add it

Cancel

3. Manage the PC remotely in Mobile Policy Manager

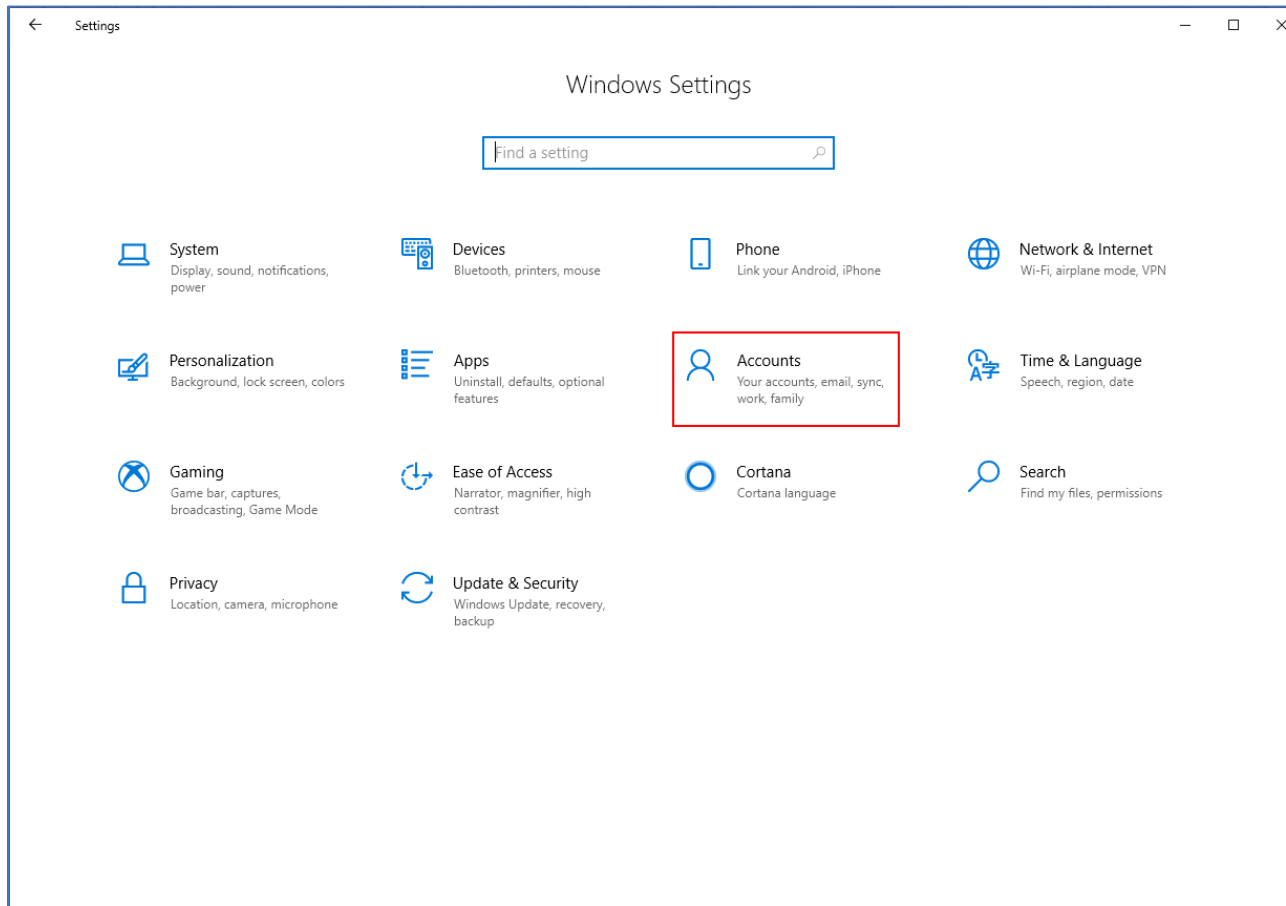

- After installing the provisioning package file, the PC entry will appear automatically under a selected group like "Windows Devices," as shown below
- Now, the administrator can push MDM policies to PC. See below.

The screenshot displays the Codeproof Enterprise Mobile Policy Manager interface. The top navigation bar includes links to Dashboard, Policy Manager (highlighted with a red box), EMM, Tracker, Reports, and Administration. The left sidebar shows a tree view of device categories, with 'Windows Devices' expanded and 'CODEPROOFPC' (highlighted with a red box) selected. The main content area shows the 'Manage-' view for 'CODEPROOFPC'. The 'Window Security' tab is active, displaying device details for a 'LENOVO' device running 'Windows 10 Pro, 10.0.18362.1016'. The battery life is shown as 100%. Below the device information, there are tabs for 'Device Properties', 'Command Center', 'Agent Policy', 'Policy Config', 'Networking', 'Kiosk App Management', 'Wallpaper', 'WiFi', 'Certificates Manager', and 'Locate Me'. The 'Device Properties' tab is selected, showing a list of properties: 'DeviceInfo', 'Identity', 'Networking', and 'WiFi', each with a plus icon for expansion.

4. Verify MDM enrollment in your computer's settings

- Open the settings app on Windows and go to "Accounts," as shown below
- Click on "Access work or school" from the left-side menu
- You should see an entry stating, "Connected to Codeproof Cloud MDM," as shown below
- Click on the "Info" button to get the details of your enrollment
