This event is rain, snow, or shine! Come bundled up and we will still have a great time!

There are 2 types of stations: The treat trail which will be a give and go for candy to move families through, and then Treat/Activity Stations further into the field. These will be more open and families can move through as they please. There is no specific order for the activities.

Don't forget to join us in the Scout Fun Zone where we will have all kinds of fun Scout based activities.
