

# Acupuncture for Fertility Enhancement A VITAL APPROACH FOR HEALTHY CONCEPTION

At Authentic Chinese Acupuncture clinic, we work to integrate the benefits of acupuncture with your doctor's Assisted Reproductive Therapy (ART).

Together, we work towards your goal:

A healthy pregnancy and birth

## ABOUT DR. REN

- A licensed acupuncturist nationally and in WA since 1998
- A Traditional Chinese Medical (TCM) doctor from China
- A diplomat from NCCAOM
- A scientist in Pre-clinical/clinical
- A faculty member in Dept of Acupuncture at LUTCM
- Years of experience and specialized in treating infertility & obstetric with TCM

At Authentic Chinese Acupuncture, you will receive professional treatment from Dr. Ren who combines fertility acupuncture with an impressive grasp of western practices and the treatments her patients are undertaking. She is an expert in the field of complementary reproductive medicine. Dr. Ren is dedicated to working with couples coping with fertility disorders and is constantly trying to find the best approach for their complex problems by keeping abreast of the latest research. By combining Eastern and Western methods, she is able to synergize treatment modalities, getting the best that each discipline has to offer for any given situation.
