

# Acupuncture for Accident or Auto Injury

Victims in an automobile accident may include the car's driver, passengers, by-standers, and even the spouse of an injured person. All auto-accident victims may be able to recover any injuries they may have suffered by acupuncture treatment with **no cost with auto insurance.**

## ABOUT DR. REN

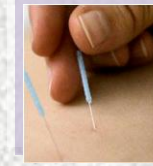

- A licensed acupuncturist since 1998
- A Traditional Chinese Medical (TCM) doctor from China
- A diplomat from NCCAOM
- A former scientist in pharmaceutical preclinical/clinical studies
- A former faculty member in Dept of Acupuncture at LUTCM, China
- Over 15 years experience
- A specialist in auto injury

Here at Authentic Chinese Acupuncture, you will receive professional treatment from Dr. Ren who has the expertise and skills to diagnose your injuries and provide the care that you need to optimize your recovery. She performs extensive evaluation in order to properly diagnose you following an accident or injury. Once she has diagnosed your injuries, treatment may include acupuncture, massage/tuina acupresser therapy, cupping, electric stimulation, and other pain relief techniques. She tailors treatment especially for you and your injuries, and best of all it feels so good and relaxed, and yet you will benefit from the expert injury care of her highly specialized expert. Her patients love the personalized attention and learning about the source of their discomfort. At Authentic Chinese Acupuncture, Dr. Ren has the tools to diagnose your injuries and help you feel better as quickly as possible.
