

DERBY CAR RULES

- Max Height: 4.5" - so the car clears the finish gate.
- Max Width: 3" - so the car does not interfere with the car in the adjacent lane.
- Max Length: 7" - so the car fits behind the start gate.
- Bottom clearance: 3/8" - so the car doesn't rub on the track center guide rail.
- Maximum car weight shall not exceed 5.0 oz.
- Graphite lubricants only.
- All four wheels do not need to be in contact with the track; however, each car must have four wheels.
- Wheel bearings, washers, or bushings are prohibited.
- The car must not ride on any type of springs.
- So called "cheater bars" at the front of the car to give an unfair starting advantage are prohibited.
- No starting or propulsion devices.
- The car must be freewheeling.

IMPORTANT!!!

Each car must pass inspection by the official inspection committee before it will be allowed to compete. The Inspection Committee may disqualify any car that does not meet the above specifications.
