

Lakeland District presents for all Scout BSA units in the Winnebago Council an Introduction to Leadership Workshop

Saturday October 11, 2025 at Tosanak Recreation Area, Marble Rock - Cost \$12.00/person to cover food and printed materials.

The Introduction to Leadership Skills for Troops (ILST) offers a one-day opportunity for Scouts BSA to attend this transformative training program for all scouts to understand the Positions of Responsibility.

The ILST program is clear that the Scoutmaster must be actively involved in the Best Practices Approach in Leading. This team event ensures that the standards of the Charter Organizations and Scouting America are followed. Scoutmasters will engage in the training alongside each of their Scouts, to engage with them as a mentor and role model.

Scouts are elected and selected to be leaders in their troop. This is an honor and a responsibility!

You and your scouts will want to attend this one-day course as the troop level introduction to Leadership Skills. The tools gained here will allow your scouts to fulfill their Positions of Responsibility. At that point, they may attend the NYLT (National Youth Leadership Training) and then the NAYLE (National Advanced Youth Leadership Experience).
