

Wilderness First Aid

Youth and Adults 14 & up \$85
CPR/AED \$20

Wilderness First Aid (WFA) is the assessment and treatment given to an ill or injured person in a remote environment where care of a physician and/or rapid transport is not readily available. In this WFA course, students will learn how to assess, treat, and prevent medical and traumatic emergencies within the scope of their training. CPR/AED certification is required for this course and is available as an option at registration. This will require eLearning to complete ahead of time and will be sent out a week ahead of class.
