12-MONTH STUDY PLAN:

Congratulations! If you are looking over this study plan, you are at least a year out from taking the LSAT, and the more time you have to study, the greater your advantage. With that in mind, let’s talk about studying for the LSAT and how this plan works.

How the plan works

The plan that follows assumes you have all the Recommended Materials listed below (except the Optional Materials), because you will need a significant amount of material to occupy the entire year. The plan is divided into two segments:

- The first six months of this plan are segmented into periods of one month each;
- The last six months of the plan are segmented into individual weeks.

Each of the months and weeks in this study schedule provides a list of recommended tasks—from reading specific chapters, to completing workbook and training type sections, to taking timed practice tests—and should generally be completed in the order given.

Because you have so much time, you can make alterations to this plan to best suit your schedule. For example, if one of the weeks contains too many assignments, you can shift some or all of those items into later weeks. Or, if you have even more time, say 16 or 18 months, you can use that additional time to complete more practice tests and problem sets.

Each assignment is categorized into one of four types: Logical Reasoning, Logic Games, Reading Comprehension, and Practice Tests. This will give you a good sense of exactly what is to be covered during a particular week, and allow you to better adjust the schedule and content to your own needs as you progress.

A chart is provided for each month or week outlining the materials to be used, with additional sections for your notes and progress reports. We strongly encourage you to keep detailed information about exactly what was completed and when, any elements left uncompleted that should be a priority the following week, and your performance and general thoughts on each. These notes will allow you to more accurately measure your progress as well as track any uncompleted assignments.

Tracking your performance on individual problems is also important, so at the end of the plan there are starter pages that allow you to record question-specific notes. Additional tracking pages can be found on our site, as well.
**General thoughts**

Successfully preparing for the LSAT is about consistency and diligence. Even though the test measures how you think and not what you know, training yourself to think like the test makers requires time. Simply put: this isn’t a test where cramming proves effective! Instead, your efforts need to be extensive, where you make the most of every study opportunity and spend a significant amount of dedicated time preparing each week.

Twelve months may seem like a long time to prepare for a single test—and it is—but the plan we have formulated for you judiciously mixes in study periods with breaks, and thus you will not be studying constantly for the next year. Breaks are extremely important when preparing for this test, because you need time away from the rigors of studying and because your mind needs time to process the ideas and integrate them into your analytical structures. When used properly, breaks actually contribute to producing the highest score possible.

Once you get started, you’ll find that time moves quickly and test day is here before you know it. So we expect that you’re prepared to work hard, and to be incredibly thorough as you follow the assignments provided. With this plan and some hard work, you have more than enough time to read all three LSAT Bibles, and to apply the strategies you learn there to our Type Training guides and Workbooks, as well. We also outline a number of practice tests for you to take. If you find that you cannot complete all of the assignments in the time given, be sure to prioritize your tasks based on your specific areas of weakness and where you feel you have the greatest opportunity to gain points. And we encourage you to attempt additional practice tests (particularly recently-administered exams) if time permits!

Naturally, if you are already extremely strong in one of the areas—say, Reading Comprehension—you can minimize portions of the plan tailored to that section and devote that extra time to further study in another section. Similarly, if you find that you still have room for improvement upon completion of the required material for a given section, our Advanced Courses—Logic Games and Logical Reasoning—and private tutoring are both worthwhile considerations.

We also strongly encourage you to create a detailed LSAT Study Bible to accompany the notes in this study plan in order to better understand the concepts covered and your progress through the material. Begin this immediately! Instructions on exactly how to construct your Study Bible are provided here: [http://blog.powerscore.com/lsat/creating-an-lsat-study-bible](http://blog.powerscore.com/lsat/creating-an-lsat-study-bible).

Finally, the coming weeks will undoubtedly test your resolve—both mentally and physically—so it is extremely important that you fully understand the nature of this test and what even incremental improvements mean. This blog post: [http://blog.powerscore.com/lsat/lsat-motivation-the-scoring-scale-and-your-percentile](http://blog.powerscore.com/lsat/lsat-motivation-the-scoring-scale-and-your-percentile) should help to motivate you as you continue to prepare, so give it careful consideration.

Let’s get started!

Month1: Twelve months to the LSAT

Your first month of study serves as a slow, relaxed introduction to the LSAT, and establishes a performance baseline since you take a timed practice test.

Practice Tests

- Start your studies by taking a timed practice LSAT. Before you begin this exam however, read the following information to better understand exactly how you should self-administer this practice test: [http://blog.powerscore.com/lsat/the-ultimate-powerscore-practice-lsat-resource-list](http://blog.powerscore.com/lsat/the-ultimate-powerscore-practice-lsat-resource-list). We encourage you to begin with the June 2007 LSAT, which is available as a free download from LSAC [here](http://www.lsac.org). Be sure to take this exam under timed conditions, and be diligent and honest in your timing. If you wish, you can use the free test proctor in our [Free LSAT Help Area](http://www.powerscore.com) to time yourself.

  This timed test will establish a baseline score, and give you an initial sense of both the test and your natural strengths and weaknesses. If the results are lower than you expected, do NOT let the score discourage you! Starting scores are not indicative of your potential or what your final score will be. It’s merely a chance for you to familiarize yourself with the experience of taking a four-section LSAT under timed (test-day) conditions.

- Upon completion of the exam, it is essential that you score and review your performance using our [Free LSAT Scoring System](http://www.powerscore.com). Our Scoring System will help you identify your strengths and weaknesses, information you can then use to help you shape your studies. Make sure to use the system to score all of your tests! Note: you do not need to add an experimental section to this exam! Just take all four 35-minute sections in a row, without a break. We’ll let you know when to add experimental sections as you get closer to your test date.

Logical Reasoning

- Begin by reading Chapters One, Two, and Three of the [LSAT Logical Reasoning Bible](http://www.powerscore.com). This reading selection takes you from an Introduction and Overview of the LSAT in Chapter One, through discussions of the Logical Reasoning section in general in Chapters Two and Three.

- After scoring and reviewing your practice test, watch the free Lesson One—Logical Reasoning videos from our [Live Online course](http://www.powerscore.com), titled “Lesson 1 Preview: Logical Reasoning Overview” and “Lesson 1 Preview: Must Be True Questions”. These two videos are approximately two hours long in total and will give you an excellent introduction to Logical Reasoning as well as Must Be True questions, presented by one of our Senior Instructors.

Logic Games

- Read Chapter Two of the [LSAT Logic Games Bible](http://www.powerscore.com). This will serve as your introduction to Logic Games. Note that you can skip Chapter One of the Games Bible, as it is the same general introduction to the test that you encountered in Chapter One of the Logical Reasoning Bible.

Reading Comprehension

- Begin by reading Chapters Two and Three of the [LSAT Reading Comprehension Bible](http://www.powerscore.com). Skip the section in Chapter Three that covers argumentation as you have already covered this content elsewhere. Note that you can also skip Chapter One, as that is an overview of the test that you have already encountered.

Month 2: Eleven months to the LSAT

In your second month of preparation, you will continue exploring Logic Games and Reading Comprehension, and continue your introduction to Logical Reasoning, including the consideration of the Question Stem and Answer Choices, Must Be True and Most Strongly Supported questions, and Conditional Reasoning. Each of these elements is absolutely critical to a strong Logical Reasoning performance.

### Logical Reasoning

- Begin by reading Chapter Four of the *LSAT Logical Reasoning Bible*, which covers Must Be True questions.

- Once you feel comfortable with the first four chapters (review each thoroughly if needed), read Chapter Six on Conditional Reasoning. Conditional Reasoning is a particularly challenging concept for many students, so it is imperative that you spend sufficient time with it, as it will figure heavily in both the Logical Reasoning and Logic Games sections of the LSAT.

- After you finish Chapter Six in the *LSAT Logical Reasoning Bible*, complete Chapter Two in *LSAT Logical Reasoning: Question Type Training*. This chapter discusses Must Be True/Most Strongly Supported questions, the most common LR question type and a prominent feature in Reading Comprehension as well. Note: as you work through the Must Be True questions in the Type Training, you will encounter a number of stimuli featuring Conditional Reasoning.

### Logic Games

- Next, read Chapter Three of the *LSAT Logic Games Bible*. This chapter discusses Basic Linear Games, one of the most fundamental, and most common, types of games on the LSAT.

- Upon completion of Chapter Three of the Games Bible, complete Chapter Two of *LSAT Game Type Training*, which contains Basic Linear Games.

### Reading Comprehension

- Complete the first eight passages in Chapter Nine in *LSAT Reading Comprehension: Passage Type Training*.

- We also encourage our students to become active readers of publications and journals the tone and style of which closely aligns with passages on the LSAT (such as those listed here). This will help you more quickly acclimate to the nature of passages created by the test makers.

### Practice Tests

- You have no specific Practice Test assignments for this month.

### Breaks

- Take *at least* one full week off during this month (and if you want to take a longer break, do so!).

Month 3: Ten months to the LSAT

This month you will continue your Logical Reasoning studies with Main Point questions, and in Reading Comprehension you learn about common passage elements and formations. In Logic Games you cover Advanced Linear games, which appear frequently on the LSAT.

### Logical Reasoning

- For Logical Reasoning, read Chapter Five in the *Logical Reasoning Bible*. This chapter covers Main Point questions, a common question type in both the Logical Reasoning and Reading Comprehension sections.

- After you read Chapter Five in the *LSAT Logical Reasoning Bible*, complete Chapter Three in *LSAT Logical Reasoning: Question Type Training*. This chapter addresses Main Point questions, and will help you better develop your skills at recognizing and understanding argumentation.

### Reading Comprehension

- Read Chapter Four of the *LSAT Reading Comprehension Bible* on Passage Elements and Formations.

- Complete the next four passages in Chapter Nine in *LSAT Reading Comprehension: Passage Type Training* (passages 9-12).

### Logic Games

- Once you are finished with all of the Basic Linear Games assignments from Month 2, work through Chapter Four of the *LSAT Logic Games Bible*. This chapter addresses Advanced Linear Games, a natural extension of Basic Linear Games, and another extremely common game type. Note: do not move on to Advanced Linear Games until you feel comfortable with the Basic Linear Games addressed previously.

- Next, complete Chapter Three of *LSAT Game Type Training*. Here you will encounter a number of Advanced Linear Games to reinforce the skills you learned in Chapter Four of the LGB.

### Practice Tests

- Near the beginning of the month, take PrepTest 52 from the *10 New Actual, Official LSAT PrepTests* as a timed exercise. Thereafter, score your test using our *Free LSAT Scoring System*, and review your performance in detail, examining every single question (including both correct and incorrect questions).

- Near the end of the month, take PrepTest 53 from the *10 New Actual, Official LSAT PrepTests* as a timed exercise. Thereafter, score your test using our *Free LSAT Scoring System*, and review your performance in detail, examining every single question (including both correct and incorrect questions).

### Breaks

- Take at least two breaks of four days each during this month.

Month 4: Nine months to the LSAT

This month introduces Grouping games, which many people find to be the most difficult game type. You will also continue your Logical Reasoning studies with Weaken questions, and a comprehensive look at Causality.

Logic Games

- Read Chapter Five of the *LSAT Logic Games Bible*. Here you will learn about Grouping Games, one of the most common—and most challenging—game types.

- Then, complete Chapter Four of *LSAT Game Type Training* to ensure a full understanding of Grouping Games.

Logical Reasoning

- First, read Chapter Seven the *Logical Reasoning Bible*. This chapter examines Weaken questions, which constitute the only question type in the Family #3: Hurt category (as discussed in Chapter Three).

- Next, work through Chapter Eight of the *Logical Reasoning Bible*. Chapter Eight covers both basic and advanced Causal Reasoning, a very common type of reasoning on the test (and particularly prevalent in Weaken questions).

- Finally, complete Chapter Four of *LSAT Logical Reasoning: Question Type Training*. This chapter specifically addresses Weaken questions, and thus features a significant amount of Cause and Effect Reasoning as well.

Reading Comprehension

- Continue your Reading Comprehension studies by working through Chapter Five of the *LSAT Reading Comprehension Bible*. Here you will encounter suggestions on how to best diagram the passages.

- Complete the next eight passages in Chapter Nine in *LSAT Reading Comprehension: Passage Type Training* (passages 13-20).

Practice Tests

- Near the beginning of the month, take PrepTest 54 from the *10 New Actual, Official LSAT PrepTests* as a timed exercise. Thereafter, score your test using our Free LSAT Scoring System, and review your performance in detail, examining every single question (including both correct and incorrect questions).

- Near the end of the month, take PrepTest 55 from the *10 New Actual, Official LSAT PrepTests* as a timed exercise. Thereafter, score your test using our Free LSAT Scoring System, and review your performance in detail, examining every single question (including both correct and incorrect questions).

Breaks

- Take at least one full week off during this month.

Month 5: Eight months to the LSAT

This month contains important sections on Logical Reasoning, and you continue your analysis of Logic Games and Reading Comprehension.

Logical Reasoning

- Read Chapter Nine of the *Logical Reasoning Bible*. This chapter addresses Strengthen questions, and you will encounter Causality frequently as well (causal reasoning appears in the majority of Strengthen questions).

- Next, complete Chapter Five of *LSAT Logical Reasoning: Question Type Training*. This will give you an opportunity to reinforce your Strengthen abilities as outlined in the Logical Reasoning Bible.

- Read Chapter Ten of the *Logical Reasoning Bible*. Here you will examine Justify the Conclusion questions.

- Next, complete Chapter Six of *LSAT Logical Reasoning: Question Type Training* to hone your Justify skills.

- Read Chapter Eleven of the *Logical Reasoning Bible*. This chapter introduces Assumption questions, one of the most challenging question types for many test takers. So take your time as you work through the ideas presented to ensure a complete understanding of them.

- Next, complete Chapter Seven of *LSAT Logical Reasoning: Question Type Training* to perfect your Assumption skills.

Logic Games

- Read Chapter Six of the *LSAT Logic Games Bible*. Here you will examine Linear/Grouping Combination games, so this is a good opportunity to review both Linear and Grouping concepts. This game type can be extremely difficult for test takers, so it is imperative that allow yourself plenty of time to work through this chapter.

- Finally, complete Chapter Five of *LSAT Game Type Training*.

Reading Comprehension

- Continue your Reading Comprehension studies by working through Chapter Six of the *LSAT Reading Comprehension Bible*. Here you will encounter many key concepts including how to best attack the various question types and answer choices.

- Finally, complete the last four passages in Chapter Nine in *LSAT Reading Comprehension: Passage Type Training* (passages 21-24).

Practice Tests

- Near the middle of the month, take PrepTest 56 from the *10 New Actual, Official LSAT PrepTests* as a timed exercise. Thereafter, score your test using our *Free LSAT Scoring System*, and review your performance in detail, examining every single question (including both correct and incorrect questions).
Breaks

- Take at least two breaks of four days each during this month.

Month 6: Seven months to the LSAT

In order to let some of the ideas settle in and also to prepare for the six month run-up to the LSAT, this is a lighter month. This is also an opportunity for you to get back on schedule if you have fallen behind in previous months, so use your time effectively!

Logic Games

• Review Chapters One through Six, and pay special attention to any topics that you found difficult the first time around.

Logical Reasoning

• Review Chapters One through Eleven, and pay special attention to the argumentation chapter, as well as any topics that gave you difficulty the first time around.

Reading Comprehension

• Review Chapters One through Six, and pay special attention to any topics that gave you difficulty the first time around.

Practice Tests

• Near the end of the month, take PrepTest 57 from the 10 New Actual, Official LSAT PrepTests as a timed exercise. Thereafter, score your test using our Free LSAT Scoring System, and review your performance in detail, examining every single question (including both correct and incorrect questions).

Breaks

• Take at least two full weeks off during this month, including the last week of the month.

Week 1: Twenty-Four weeks to the LSAT

At this point you are roughly six months from the LSAT, and thus we switch from a monthly schedule to a weekly schedule in order to more precisely control your learning pattern. During this week, you work with Sequencing games.

Logic Games

- Read Chapter Seven of the *LSAT Logic Games Bible*. This chapter covers Pure Sequencing games, a critical type as every LSAT contains pure sequencing rules, if not an actual Pure Sequencing game.

- Complete Chapter Six of *LSAT Game Type Training*.

Logical Reasoning

- You have no specific Logical Reasoning assignments for this week.

Reading Comprehension

- You have no specific Reading Comprehension assignments for this week.

Practice Tests

- You have no specific Practice Test assignments for this week.

Week 2: Twenty-Three weeks to the LSAT

In this week of preparation, you will focus on Resolve the Paradox questions in Logical Reasoning, and in Reading Comprehension you look to combine all of the elements you previously learned. This week will also require you to take an untimed practice test, which can provide unique insight into the areas you still need to improve on.

Logical Reasoning

- Read Chapter Twelve of the *Logical Reasoning Bible*. Here you will see Resolve the Paradox questions, the final question type in the Family #2: Help category.

- Next, work through Chapter Eight of *LSAT Logical Reasoning: Question Type Training*.

Logic Games

- You have no specific Logic Games assignments for this week.

Reading Comprehension

- Continue your Reading Comprehension studies by working through Chapter Seven of the *LSAT Reading Comprehension Bible*. This is a summary chapter where all of the ideas you have seen so far get incorporated into a single, overarching approach.

Practice Tests

- Take PrepTest 34, found in *The Next 10 Actual, Official LSAT PrepTests*, as an *untimed* exercise. Untimed practice tests can help isolate specific concepts and paradigms you may be struggling with, such as conditional reasoning, causality, grouping games, etc. When speed is taken out of the equation, rushing or guessing should play no role in determining your score, and any mistakes you make will likely result from a conceptual misunderstanding of the material being tested.

- Score your test using our *Free LSAT Scoring System*, and review your performance in detail, examining every single question (including both correct and incorrect questions).

12-Month LSAT Study Plan
Week 3: Twenty-Two weeks to the LSAT

This week you will complete the main Logic Game type discussions, by covering Pattern, Circular, and Mapping games.

**Logic Games**

- Read Chapter Eight of *LSAT Logic Games Bible*. This chapter covers less common game types, such as Pattern, Circular, and Mapping games. Again, if you are behind or still struggling to master earlier types such as Linear and Grouping games, make those more fundamental concepts a priority before moving on.

- Complete Chapter Seven of *LSAT Game Type Training*.

**Logical Reasoning**

- You have no specific Logical Reasoning assignments for this week.

**Reading Comprehension**

- You have no specific Reading Comprehension assignments for this week.

**Practice Tests**

- Take PrepTest 35, found in *The Next 10 Actual, Official LSAT PrepTests*, as an untimed exercise. Score your test using our *Free LSAT Scoring System*, and review your performance in detail, examining every single question (including both correct and incorrect questions).

Week 4: Twenty-One weeks to the LSAT

This week involves Formal Logic, which is one of the most difficult topics to appear on the LSAT. Formal Logic is an advanced form of conditional reasoning, and so can help both your Logical Reasoning and Logic Games abilities.

Logical Reasoning

- Read Chapter Thirteen of the *Logical Reasoning Bible*. Here you will see Formal Logic, a rare, but challenging, concept with which many test takers struggle. However, if you are falling behind in your studies, you can save this assignment for later, as Formal Logic is quite uncommon (1-2 questions per LSAT, typically) and your time may be better spent elsewhere.

- Once you have completed the chapter on Formal Logic in the Reasoning Bible, work through Chapter Nineteen of *LSAT Logical Reasoning: Question Type Training* to reinforce your skills.

Reading Comprehension

- You have no specific Reading Comprehension assignments for this week.

Logic Games

- You have no specific Logic Games assignments for this week.

Practice Tests

- Take PrepTest 36, found in *The Next 10 Actual, Official LSAT PrepTests*, as an untimed exercise. Score your test using our Free LSAT Scoring System, and review your performance in detail, examining every single question (including both correct and incorrect questions).

This week will continue your analysis of Reading Comprehension by focusing on Comparative Reading passages.

**Reading Comprehension**

- Read Chapter Eight of the *LSAT Reading Comprehension Bible*. This chapter addresses Comparative Reading Passages and thus is vitally important to fully understand, as approximately one-fourth of your Reading Comprehension score is based on the Comparative Reading passage set.

**Logical Reasoning**

- You have no specific Logical Reasoning assignments for this week.

**Logic Games**

- You have no specific Logic Games assignments for this week.

**Practice Tests**

12-Month LSAT Study Plan
Week 6: Nineteen weeks to the LSAT

This is a practice test week! This is also an opportunity for you to get back on schedule if you have fallen behind in previous weeks, so use your time effectively.

Practice Tests

- Take PrepTest A from the SuperPrep as a timed exercise. Thereafter, review your performance and read the question explanations in the SuperPrep. They are by no means the best possible explanations (the test makers don’t want to give away too much in terms of strategy explanations), but they give you a sense of the things that the test makers identify as important when they analyze questions.

  Consider these explanations and your specific performance in terms of the skills you have been learning, and attempt to go beyond the test maker’s discussions as you analyze your results.

Logical Reasoning

- You have no specific Logical Reasoning assignments for this week.

Logic Games

- You have no specific Logic Games assignments for this week.

Week 7: Eighteen weeks to the LSAT

During this week you will study some of the most interesting and challenging Logic Games ideas: Numerical Distributions and Limited Solution Sets. These appear frequently, and you must master these concepts!

**Logic Games**

- Read Chapters Nine and Ten of the *LSAT Logic Games Bible*. As you work through these chapters you will encounter the advanced ideas of Numerical Distributions and Limited Solution Set games. Nearly one-third of all games that appear on the LSAT will have at least one of these features (many games have both), so learn them well. Often, your ability to spot a numerical distribution or a limited solution set will be the difference between success and failure in the games section.

  There is also a lengthy discussion on overall section strategy that should help you better understand how to put all of the skills you have learned into practice.

- Complete Chapter Eight of *LSAT Game Type Training*. Here you will work through a large collection of games exhibiting the Advanced Features covered in the Logic Games Bible from earlier this week. Once you finish this chapter you will have completed the Game Type Training book.

**Logical Reasoning**

- You have no specific Logical Reasoning assignments for this week.

**Reading Comprehension**

- You have no specific Reading Comprehension assignments for this week.

**Practice Tests**

- Take PrepTest 38, found in *The Next 10 Actual, Official LSAT PrepTests*, as an untimed exercise. Score your test using our Free LSAT Scoring System, and review your performance in detail, examining every single question (including both correct and incorrect questions).

This is an important week in your Logical Reasoning studies as you examine two very challenging question types: Method and Flaw. This week also starts an intentional break from Logic Games. As mentioned in the Introduction, breaks from the LSAT or certain concepts can help you improve, and after a lot of hard work on LG, it’s time to give your brain a respite.

### Logical Reasoning

- Read Chapters Fourteen and Fifteen of the *Logical Reasoning Bible*. The question types discussed—Method of Reasoning and Flaw in the Reasoning—are very closely related, so it is useful to pair these two chapters with one another.

- Complete Chapters Nine and Ten of *LSAT Logical Reasoning: Question Type Training*.

### Logic Games

At this point you should have completed all of the assigned tasks for the previous eight weeks (and certainly for the months prior). If you are still behind, prioritize any missed work and attempt to get caught up. The slightly-reduced workload of this week and the next is done to allow you to complete any missed assignments and review any specific areas of difficulty. The coming weeks will be more intensive, however, so prepare yourself to devote a sufficient amount of time to your studies moving forward.

### Reading Comprehension

- Read Chapter Nine of the *LSAT Reading Comprehension Bible* on Common Passage Themes.

- Complete the first half of Chapter One: Practice Drills in the *LSAT Reading Comprehension Bible Workbook*, beginning with the Active Reading Drill and stopping after the VIEWSTAMP Analysis: Main Point Identification Drill. Note that this can be skipped if you are feeling comfortable with your Reading Comprehension performance at this point, or at least prioritized lower if you find other areas of the test still require significant attention.

### Practice Tests

- Near the end of the week, take PrepTest 58, found in the *10 New Actual, Official LSAT PrepTests*, as a timed exercise. Thereafter, score your test using our Free LSAT Scoring System, and review your performance in detail, examining every single question (including both correct and incorrect questions).

This week you will continue to examine Logical Reasoning with Parallel Reasoning questions, and close with a PrepTest to allow you to put the concepts discussed in the LSAT Bibles to practical use.

**Logical Reasoning**

- Read Chapter Sixteen of the *Logical Reasoning Bible*. This chapter covers Parallel Reasoning questions, which can be extremely time-consuming without the proper approach. These questions also pair nicely with the other two types discussed two weeks ago, Method and Flaw.

- Complete Chapter Eleven of *LSAT Logical Reasoning: Question Type Training*.

**Practice Tests**

- Near the end of the week, take PrepTest 59, found in the *10 New Actual, Official LSAT PrepTests*, as a timed exercise. Week 11: Fourteen weeks to the LSAT

This week involves both Logical Reasoning and Reading Comprehension, and a small Logic Games assignment.

Logical Reasoning

- Read Chapter Seventeen of the Logical Reasoning Bible. This chapter covers Numbers and Percentages, an idea that appears in a number of LSAT questions.

- Complete Chapter Eighteen of LSAT Logical Reasoning: Question Type Training.

Logic Games

- Complete the first half of Chapter One of the LSAT Logic Games Bible Workbook.

Reading Comprehension

- Read Chapter Ten of the LSAT Reading Comprehension Bible. This discussion of Section Strategy and Time Management will take you to the end of the Reading Bible’s conceptual analyses.

- Complete Chapter One in LSAT Reading Comprehension: Passage Type Training. You will notice that you are working through the chapters out of order, but this is intentional to reinforce the skills learned in the Reading Comprehension Bible.

- Complete the rest of Chapter One: Practice Drills in the LSAT Reading Comprehension Bible Workbook (if you used this resource as suggested two weeks ago, this means beginning with the Passage Elements and Formations Recognition Drill). Note, again, that this may not be necessary if you are feeling comfortable with your Reading Comprehension performance at this point.

Practice Tests

- You have no specific Practice Test assignments for this week.

During this week you will complete the *Logical Reasoning Bible*, and finish off your analysis of the LR question types.

**Logical Reasoning**

- Read Chapters Eighteen through Twenty Two of the *Logical Reasoning Bible*. These five chapters cover the remaining LR question types, each of which appears infrequently.
  
  Chapter Twenty Two is an important discussion of Section Strategy and Time Management—do not skip it!

- Work through Chapters Twelve through Fifteen of *LSAT Logical Reasoning: Question Type Training*. If you are short on time focus mainly on Point at Issue (Chapter Fourteen) and Principle (Chapter Fifteen).

Week 13: Twelve weeks to the LSAT

You are now approximately three months from the LSAT. So, this week, and all of the weeks to come, will require you to take timed practice tests; however you will now begin adding experimental sections into the original four-section exams. So again, plan accordingly: you will need up to 4 hours of uninterrupted time to complete the tests, and you should spend several hours reviewing your performance on each as well.

One key as you make this adjustment is to allow for plenty of time for thorough test analysis, and then do concept-specific reviews as needed based on your test performance.

### Practice Tests

- Take PrepTest 60, found in the 10 New Actual, Official LSAT PrepTests, as a timed exercise. Use section 1 from PrepTest 29, found in The Next 10 Actual, Official LSAT PrepTests, as an experimental section.

- Take PrepTest 61, found in the 10 New Actual, Official LSAT PrepTests, as a timed exercise. Use section 2 from PrepTest 29, found in The Next 10 Actual, Official LSAT PrepTests, as an experimental section.

Week 14: Eleven weeks to the LSAT

This week you will be doing some light Logic Games work, and finish up with a practice test and test review from the Superprep.

Logic Games

• Complete the second half of Chapter One from the Logic Games Bible Workbook.

Practice Tests

• Take PrepTest B from the SuperPrep as a timed exercise. You do not need to add an experimental section to this exam. Thereafter, review your performance and read the question explanations in the SuperPrep. As before, consider these explanations and your specific performance in terms of the skills you have been learning, and attempt to go beyond the test maker’s discussions as you analyze your results.

Week 15: Ten weeks to the LSAT

This week involves Logical Reasoning, Reading Comprehension, and closing with a PrepTest to allow you to put the concepts discussed in the LSAT Bibles to practical use.

Logical Reasoning

- Complete Chapter One of the *LSAT Logical Reasoning Bible Workbook*.

Reading Comprehension

- Complete Chapters Two, Three, and Four in *LSAT Reading Comprehension: Passage Type Training*.

Practice Tests

- Take PrepTest 62, found in the *10 Actual, Official LSAT PrepTests, Volume V*, as a timed exercise. Use section 3 from PrepTest 29, found in *The Next 10 Actual, Official LSAT PrepTests*, as an experimental section.

Week 16: Nine weeks to the LSAT

At this point you have reviewed the vast majority of the key concepts, so timing starts to take a greater role in your preparation.

Logic Games

• Complete Chapter Two of the *LSAT Logic Games Bible Workbook*. Do each game as a timed exercise, but know that you will have encountered some of the games previously. This is not a problem—reviewing games multiple times is quite beneficial.

Logical Reasoning

• Complete Chapters Sixteen and Seventeen of *LSAT Logical Reasoning: Question Type Training*. Here you will encounter questions focusing on Conditional and Causal Reasoning.

• Complete Chapter Two of the *LSAT Logical Reasoning Bible Workbook*.

Practice Tests

• Take PrepTest C from the *SuperPrep* as a timed exercise. As with PrepTests A and B, you do not need to add an experimental section to this exam. You should instead attempt all four sections consecutively (no breaks), and upon completion you should consider the accompanying explanations and your specific performance in terms of the skills you have been learning, and attempt to go beyond the test maker’s discussions as you analyze your results.

Reading Comprehension

• You have no specific Reading Comprehension assignments for this week.

In the final two months, your focus will be on reviewing concepts and eliminating weaknesses, as well as working on timing.

### Reading Comprehension

- Complete the individual passages in Chapter Two of the *LSAT Reading Comprehension Bible Workbook*, and carefully review the detailed analysis given for each.

- Complete Chapters Five and Six in *LSAT Reading Comprehension: Passage Type Training*.

### Practice Tests

- Take PrepTest 63, found in the *10 Actual, Official LSAT PrepTests, Volume V*, as a timed exercise. Use any two sections from PrepTest 30, found in *The Next 10 Actual, Official LSAT PrepTests*, as experimental sections in order to “overdrive” your testing. After taking six-section tests, the real five-section LSAT won’t seem quite as exhausting: you are essentially preparing yourself for test day by doing more than what is required, so that when you take the actual five-section exam you are physically and mentally conditioned in excess of what is needed.

### Logical Reasoning

### Logic Games

- Work through the full Reading Comprehension sections in Chapters Three and Four of the *LSAT Reading Comprehension Bible Workbook*, and thoroughly review the explanations provided for each.
- Optionally, you can complete the entire Passage ReChallenge section of the *LSAT Reading Comprehension Bible* doing each ReChallenge Set as a timed exercise. Thoroughly review the explanations.

Practice Tests

- Take PrepTest 66, found in the *10 Actual, Official LSAT PrepTests, Volume V*, as a timed exercise. Use any two sections from PrepTest 32, found in *The Next 10 Actual, Official LSAT PrepTests*, as experimental sections.

Week 24: One week to the LSAT

This week is about both conceptual and mental preparation. You should plan to take 2 practice tests as outlined below, allowing ample time for review, however be sure that you do not attempt a test the day before the exam. Focus in particular on building your confidence and visualizing a strong performance on test day—how you expect to perform will likely become reality.

**Practice Tests**

- Take [PrepTest 76](#) as a timed exercise. Use sections 1 and 2 from [PrepTest 75](#) as two experimental sections.

- Take [PrepTest 77](#) as a timed exercise. Use sections 3 and 4 from [PrepTest 75](#) as two experimental sections.

**Other**

- There are several worthwhile articles discussing important issues beyond conceptual and mental preparation, such as the administration of the LSAT itself (and what you can bring with you), and how to prepare yourself physically for the test with proper diet and nutrition:
  - What can you bring to the test center?
  - What are the best things to eat and drink the week prior to the exam?

- Further, as we have discussed, your mindset and attitude play a tremendous role in your ultimate performance, so you need to spend the days leading up to the LSAT establishing the proper mentality. The following articles are designed to help you get into the ideal frame of mind:
  - How to walk into the LSAT and destroy it!
  - LSAT anxiety and the power of positive thinking!
  - How to “hack” your brain for improved performance!

- Finally, on the day before the LSAT, relax! Do something that makes you happy and don’t worry about the LSAT. It is imperative that you are fully rested before the exam, so avoid any strenuous activities, whether physical or mental. So don’t run a half-marathon, and don’t attempt any full practice tests!

The day of the LSAT:

You want this day to be as predictable and distraction-free as possible. Do everything that you can to stay calm, focused, and above all, positive!

- **Eat a wholesome breakfast.**

- Perhaps review a Logic Game or a few Logical Reasoning questions to get your brain revved up. These can even be games/questions you’ve attempted previously! Just keep it to a minimum, and stay confident at all times!

- Get to the testing center early. It may also be wise to visit the site a few days prior to the test if you are unfamiliar with the location, so you can get a sense of parking and general layout.

- Destroy the LSAT!

After the LSAT:

There are a number of questions that most test takers begin to ponder post-LSAT. Three of the most common are given below, along with comprehensive explanations of each:

- Can I determine the experimental section, and what exactly do I need to know about it?

  Answers:

- Should I keep or cancel my score, and what are the consequences of canceling?

  Answers:

  Cancellations, Withdrawals, and Absences—a discussion of the differences:

  How to determine if canceling is the correct decision:

  How schools view multiple cancellations:

How to cancel your score:

• Is retaking the LSAT worth it, and what can I expect for my next attempt?

**Logical Reasoning Problem Tracker**

Use the following sheet to track any difficulties that you have with Logical Reasoning questions. Note the location of the question (for example: PT23, Sec 2, #6), the type of question (for example: Assumption), the correct answer, the answer you chose, and what happened (for example: missed the word “not” in D). On occasion, return to this page and examine your mistakes for patterns, then spend additional time working to correct those issues.
