SUBARU BRATAROO TO MAKE UK DEBUT AT GOODWOOD FESTIVAL OF SPEED

June 30, 2026

Camden, NJ — Subaru Motorsports USA will return to the Goodwood Festival of Speed Hillclimb Shootout July 9–12, with Travis Pastrana set to make the UK debut of the Subaru Brataroo 9500 Turbo on one of motorsport's most prestigious stages.

Recognized as one of the world's premier motorsport events, the Goodwood Festival of Speed brings together competitors and machinery from across the racing spectrum, from Formula 1 and rally to sports cars, prototypes, and more. The event's famed Hillclimb Shootout sees select entrants take on the 1.16-mile course in pursuit of the fastest time up the hill.

Built by Subaru Motorsports USA and Vermont SportsCar as a modern tribute to the 1978 Subaru BRAT, the Brataroo first captured worldwide attention as the star of Gymkhana: Aussie Shred. In the film, Pastrana puts the purpose-built machine through a full catalog of Gymkhana extremes, including high-speed slides, massive jumps, and even a water crossing. The film has since surpassed 12 million views on YouTube and earned multiple Telly Awards.

The Brataroo pairs unmistakable Gymkhana personality with serious performance. Powered by a turbocharged 2.0-liter SUBARU BOXER engine producing 670 horsepower and 680 lb-ft of torque, the car also features the most advanced active aerodynamic system ever fitted to a Gymkhana vehicle, designed to help control the car's attitude in the air during massive jumps. At Goodwood, Pastrana will look to show that the same machine built to slide, jump, and entertain can also deliver serious speed against some of the world's quickest racing machinery.

Pastrana is no stranger to Goodwood success, having twice finished second overall in the Hillclimb Shootout with Subaru vehicles: first in the Subaru WRX STI Airslayer in 2021, and again with the Subaru Family Huckster in 2023. Subaru Motorsports USA also brings a recent history of standout runs from

Scott Speed and WRX: Project Midnight, including a first-place ICE finish and second-place overall finish in both the 2024 and 2025 Shootouts.

“I’m absolutely thrilled to be going back up the hill at Goodwood again this year,” Pastrana said. **“We’ve finished second there before but haven’t gotten the Shootout win yet, and the competition is always tough. The Brataroo’s high-revving flat-four absolutely sings, and hopefully we can put down a time capable of fighting for the fastest ICE finish, or at least be sideways enough to put on the best show of the week.”**
