The Best Resale Value Awards recognize 2021 model-year vehicles for their projected retained value through the initial five-year ownership period. Since depreciation (or loss of value) is typically a car-buyer's primary expense during ownership, these awards, like all of KBB.com's new- and used-vehicle information, are designed to help consumers make more informed car-buying decisions.

"We are thrilled to receive the 2021 Best Resale Value Award for Crosstrek, Forester, Impreza, and Outback from Kelley Blue Book," said Thomas J. Doll, President and Chief Executive Officer, Subaru of America, Inc. "These awards reinforce our commitment to providing customers with vehicles made to the highest standards of safety, reliability, dependability and value."

Kelley Blue Book's Best Resale Value Awards are in their 19th year and are based on projections from the Kelley Blue Book® Official Residual Value Guide. Kelley Blue Book® Residual Values are established by experienced automotive analysts who review statistical models built upon millions of transactions. Vehicles that earn the highest five-year residual values, expressed as a percentage of their original Manufacturer's Suggested Retail Price (MSRP), are selected for these prestigious awards. Low-volume vehicles are excluded from award consideration, except in the electric, luxury and sports car categories.

Each vehicle's projected resale value is specific to the 2021 model year. For more information about Kelley Blue Book's Best Resale Value Awards, please visit <https://www.kbb.com/best-cars/best-resale-value-cars-trucks-suvs/>.
